Socialization to Civil Society Peter Robert Sawyer, 2005-01-01 Using a life history approach looks at what influences citizens to participate in the voluntary associations that comprise and promote civil society **State and Civil Society** Zhenglai Deng, 2011 Intends to present a discussion on state and civil society contextualized in the Chinese perspectives This title poses important questions within the context of Chinese national conditions particularities and histories to the validity applicability and viability of the state and civil society paradigm in the Western academia State and Civil Society in Northern Europe Lars Trägårdh, 2007-01-01 In the current neo liberal political and economic climate it is often suggested that a large and strong state stands in opposition to an autonomous and vibrant civil society However the simultaneous presence in Sweden of both a famously large public sector and an unusually vital civil society poses an interesting and important theoretical challenge to these views with serious political and policy implications Studies show that in a comparative context Sweden scores very highly when it comes to the strength and vitality of its civil society as well as social capital as measured in terms of trust lack of corruption and membership of voluntary associations The Swedish Model therefore offers important insights into the dynamics of state and civil society relations which go against current trends of undermining the importance of the welfare state and presents autonomous civic participation as the only way forward
