*The Oxford Handbook of the History of Youth Culture* James Alan Marten, 2023 The Oxford Handbook of the History of Youth Culture features broadly contextualized historical case studies of youth cultures from around the world and over the past several centuries Chapters focus on a wide range of issues and themes including youth agency gender self expression and the tension between community control and youthful independence D, Society. E, Geography. 1912 William Swan Sonnenschein, 1912 **The African Repository and Colonial Journal**, 1855 **African Repository and Colonial Journal**, 1858 **The Best Books: D, Society. E, Geography. 1912** William Swan Sonnenschein, 1912 Subject Guide to Books in Print, 1997 Slavery's Exiles Sylviane A. Diouf, 2016-03 The forgotten stories of America maroons wilderness settlers evading discovery after escaping slavery Over more than two centuries men women and children escaped from slavery to make the Southern wilderness their home They hid in the mountains of Virginia and the low swamps of South Carolina they stayed in the neighborhood or paddled their way to secluded places they buried themselves underground or built comfortable settlements Known as maroons they lived on their own or set up communities in swamps or other areas where they were not likely to be discovered Although well known feared celebrated or demonized at the time the maroons whose stories are the subject of this book have been forgotten overlooked by academic research that has focused on the Caribbean and Latin America Who the American maroons were what led them to choose this way of life over alternatives what forms of marronage they created what their individual and collective lives were like how they organized themselves to survive and how their particular story fits into the larger narrative of slave resistance are questions that this book seeks to answer To survive the American maroons reinvented themselves defied slave society enforced their own definition of freedom and dared create their own alternative to what the country had delineated as being black men and women's proper place Audacious self confident autonomous sometimes self sufficient always self governing their very existence was a repudiation of the basic tenets of slavery Index to Legal Periodicals & Books, 1997 **The Best Books: D, Society. E, Geography** William Swan Sonnenschein, 1969 **Arts & Humanities Citation Index**, 2001 **The Best Books: D, Society. E, Geography** William Swan Sonnenschein, 1912 **The Evangelical Counter-Enlightenment** William R. Everdell, 2021-05-21 This contribution to the global history of ideas uses biographical profiles of 18th century contemporaries to find what Salafist and Sufi Islam Evangelical Protestant and Jansenist Catholic Christianity and Hasidic Judaism have in common Such figures include Muhammad Ibn Abd al Wahab Count Nikolaus Zinzendorf Jonathan Edwards John Wesley Jean Jacques Rousseau and Israel Baal Shem Tov The book is a unique and comprehensive study of the conflicted relationship between the evangelical movements in all three Abrahamic religions and the ideas of the Enlightenment and Counter Enlightenment Centered on the 18th century the book reaches back to the third century for precedents and context and forward to the 21st for the legacy of these movements This text appeals to students and researchers in many fields including

Philosophy and Religion their histories and World History while also appealing to the interested lay reader Choice ,1996

**Forthcoming Books** Rose Army,2000 **The Counter-Revolution of 1776** Gerald Horne,2016-09 Illuminates how the preservation of slavery was a motivating factor for the Revolutionary War The successful 1776 revolt against British rule in North America has been hailed almost universally as a great step forward for humanity But the Africans then living in the colonies overwhelmingly sided with the British In this trailblazing book Gerald Horne shows that in the prelude to 1776 the abolition of slavery seemed all but inevitable in London delighting Africans as much as it outraged slaveholders and sparking the colonial revolt Prior to 1776 anti slavery sentiments were deepening throughout Britain and in the Caribbean rebellious Africans were in revolt For European colonists in America the major threat to their security was a foreign invasion combined with an insurrection of the enslaved It was a real and threatening possibility that London would impose abolition throughout the colonies a possibility the founding fathers feared would bring slave rebellions to their shores To forestall it they went to war The so called Revolutionary War Horne writes was in part a counter revolution a conservative movement that the founding fathers fought in order to preserve their right to enslave others The Counter Revolution of 1776 brings us to a radical new understanding of the traditional heroic creation myth of the United States For Liberty and the Republic Ricardo A. Herrera,2017-12-05 In the early decades of the American Republic American soldiers demonstrated and defined their beliefs about the nature of American republicanism and how they as citizens and soldiers were participants in the republican experiment through their service In For Liberty and the Republic Ricardo A Herrera examines the relationship between soldier and citizen from the War of Independence through the first year of the Civil War The work analyzes an idealized republican ideology as a component of soldiering in both peace and war Herrera argues that American soldiers belief system the military ethos of republicanism drew from the larger body of American political thought This ethos illustrated and informed soldiers faith in an inseparable connection between bearing arms on behalf of the republic and earning and holding citizenship in it Despite the undeniable existence of customs organizations and behaviors that were uniquely military the officers and enlisted men of the regular army states militias and wartime volunteers were the products of their society and they imparted what they understood as important elements of American thought into their service Drawing from military and personal correspondence journals orderly books militia constitutions and other documents in over forty archives in twenty three states Herrera maps five broad interrelated and mutually reinforcing threads of thought constituting soldiers beliefs Virtue Legitimacy Self governance Glory Honor and Fame and the National Mission Spanning periods of war and peace these five themes constituted a coherent and long lived body of ideas that informed American soldiers sense of identity for generations **The African Repository** Anonymous,2024-08-13 Reprint of the original first published in 1841 TLLS, the Times Literary Supplement ,1996 **Guide to the Study of American History** Edward Channing,Albert Bushnell Hart,1896 **Journal of Presbyterian History** ,1966
