

Why Interactional Sociolinguistics as an orienting perspective?

Interactional Sociolinguistics (cf. Gumperz) focuses on discourse-in-use (and other semiotic and referential systems) to examine

- ▶ The ways speakers signal intentions through contextualization cues to a hearer, and interpret the contextualization cues of other speakers to respond to what is being proposed in and through discourse-in-use. These cues include:
 - Pitch, stress, intonation, pause, juncture
 - Kinesics and proxemics
 - Eye gaze and gesture

Sociolinguistics A Crossdisciplinary Perspective A Crossdisciplinary Perspective:

Sociolinguistics: a Crossdisciplinary Perspective ,1971 Sociolinguistics Xiaoming Jiang,2017-07-05 This book gives an interdisciplinary perspective on how the language use is shaped by and evolves with human society and how in turn social activities are constructed by the way how language is organized and communicated With a contribution from multiple neighboring scientific disciplines this book characterizes fundamental mechanisms represents wide applications and introduces state of the art approaches in the modern sociolinguistic research Three unique questions are asked and addressed by eight independent chapters 1 the diversity and dynamics of the language use in multilingualism human development and organizational change 2 the application of linguistic analysis to society policy planning and health education and 3 the new approaches to sociolinguistics with an emphasis on communicative and cognitive aspects of language use **Cross-Disciplinary Perspectives on Lexical Blending** Vincent Renner,François Maniez,Pierre Arnaud,2012-12-19 The volume brings together a well selected collection of twelve articles providing a comprehensive and very informative summary of contemporary work on lexical blending It combines theoretically informed descriptions of a variety of languages and a number of contributions with a theoretically original focus It is the first book of its kind on the subject and because of its cross disciplinary nature it is of high relevance not only to word formation scholars and students but also to a wide readership within the linguistics community **Sociolinguistics and Language Education** Nancy H. Hornberger,Sandra McKay,2010 This book provides an up to date overview of sociolinguistics including topics of nationalism and popular culture style and identity creole languages critical language awareness multimodal literacies classroom discourse ideologies and power across language education contexts ranging from the teaching of English as an international language to Indigenous language revitalization **Social Class, the Nominal Group and Verbal Strategies** P R Hawkins,2022-08-01 First published in 1977 Social Class the Nominal Group and Verbal Strategies reports on the results of a grammatical analysis of the speech of a large sample about 300 of five year old middle and working class children The author is concerned in particular to answer the questions What is the relationship within certain restricted contexts between the use of particular grammatical structures and factors such as social class IQ and sex How are any differences in the type or frequency of structures to be interpreted The central part of the book presents the results of a set of correlations the correlations of linguistic categories on the one hand with sociological or background categories on the other The author then sets this study and its results in the perspective of related research and comments on some aspects of the deficit difference controversy Finally he presents his own conclusions in a detailed discussion He argues that instead of trying to ascertain the purely linguistic competence of children from different backgrounds we must rather compare the different verbal strategies they use in a particular situation or context The book will be of interest to students of language linguistics pedagogy and education **Code-switching Between Structural and Sociolinguistic Perspectives** Gerald Stell,Kofi Yakpo,2015-02-17

The study of code switching has been carried out from linguistic psycholinguistic and sociolinguistic perspectives largely in isolation from each other This volume attempts to unite these three research strands by placing at the centre of the enquiry the role played by social factors in the occurrence forms and outcomes of code switching The contributions in this volume are divided into three parts code switching between cognition and socio pragmatics multilingual interaction and identity and code switching and social structure The case studies represent contact settings on five continents and feature languages with diverse linguistic affiliations They are predictive and descriptive in their research goals and rely on experimental or naturalistic data But they share the common goal of seeking to explain how social structures ideologies and identity impact on the grammatical and conversational features of code switching and language mixing and on the emergence of mixed languages Given its scope this volume is a significant addition to the empirical and theoretical foundations of the study of code switching It is also of relevance to the general debate on the inter relationships between language and society

Perspectives on Applied Sociolinguistics Robert N. St. Clair,1979 Sociolinguistics ,1971 *The Role of Media in Suicide and Self-harm: Cross-disciplinary Perspectives* Qijin Cheng,Yukari Seko,Thomas Niederkrotenthaler,2022-10-26

Re-Imagining Writing: Interdisciplinary Perspectives Phil Fitzsimmons,Johanna Pentikäinen,2019-01-04 This volume was first published by Inter Disciplinary Press in 2014 Across the globe the nature of writing in the twentifirst century is coming under increasing scrutiny as technology becomes an ever increasing component of everyday life and as measuring human output also takes hold in many disciplines This book offers an alternative to these twin developments providing instead many alternatives Coming from an international set of authors with different world views paradigms and praxes the common theme of writing is explored with deep enthusiasm interest in productivity and human capacity and that leads to a polyphonic and progressive inquiry to the subject matter Each author s initial contribution suggest that writing as an object of study needs reimagining be it connected to learning knowledge creation or artistic expression Writing is a deeply person centred process and its open transformative and multidimensional nature escaped definitions but can be understood through the metaphor of the gift

Sociolinguistic Perspectives Charles A. Ferguson,1996-02-15 The work of the linguist Charles A Ferguson spans more than three decades and is remarkable for having been consistently at the forefront of scholarship on the relationship between language and society This volume collects his most influential and seminal papers each having expanded the parameters of sociolinguistics and the sociology of language Taken together they cover a wide range of topics and issues and more importantly reflect the intellectual progress of a founder of the sociolinguistic field The volume is divided thematically into four sections and an introduction by Thom Huebner outlines the evolution of Ferguson s ideas and the impact they have had on other scholars This book is essential reading for everyone interested in the field of sociolinguistics

Interdisciplinary Perspectives on Im/politeness Marina Terkourafi,2015-05-28 Interdisciplinary Perspectives on Im politeness brings together the work of linguists psychologists neuroscientists and second language

experts in order to provide readers with a snapshot of the possibilities for studying im politeness in the 21st century The volume is organized along methodological lines in three parts each preceded by a brief introduction outlining the evolution and advantages and disadvantages of the relevant methodologies while a specially commissioned epilogue places the volume in the field as a whole Part I is dedicated to self reporting studies Part II covers observational studies and Part III introduces experimental studies A central goal of the present collection is to make a case for the relevance of all these types of data and of both quantitative and qualitative methodologies to the ongoing theoretical debates in the field of im politeness An Interdisciplinary Approach to Climate Change Andrea Catellani,Louise-Amélie Cougnon,Øyvind Gjerstad,Armelle Nugier,2025-09-30 This book offers a comprehensive overview of the ways in which research and perspectives from the social sciences and humanities can be combined for a more effective understanding of climate change and its impacts Climate change affects all aspects of life influencing personal lifestyle choices and political perceptions Beyond legal and political measures the engagement of individuals and local communities has become essential for necessary systemic change Understanding the complex human and social dynamics is key to achieving real change in favour of a resilient and low carbon future This book highlights the theoretical and practical contributions of the social sciences and humanities in understanding how humans perceive and respond to climate change and the ways in which they can be combined to fight climate disruption and its effects These interdisciplinary approaches draw upon fields such as communication sciences linguistics psychology anthropology educational sciences management studies and philosophy to explore the nexus between climate change and human and social dynamics in individual collective and political actions Drawing on a wide range of interesting case studies the book highlights opportunities for collaboration between disciplines by combining methodological and theoretical components and synthesizing the research results Ultimately the book demonstrates that a more effective collaboration between the social sciences and humanities is required to fully understand the complexities of our relationship with climate change and to pave the way to a real ecological transition The book will be of use to scholars students researchers and practitioners interested in communication studies psychology linguistics sociology philosophy management educational studies transition studies and connected fields Code-Switching in Conversation Peter Auer,2013-07-04 Code Switching the alternating use of two or more languages ation has become an increasingly topical and important field of research Now available in paperback Code Switching in Conversation brings together contributions from a wide variety of sociolinguistics settings in which the phenomenon is observed It addresses not only the structure and the function but also the ideological values of such bilingual behaviour The contributors question many views of code switching on the empirical basis of many European and non European contexts By bringing together linguistics anthropological and socio psychological research they move towards a more realistic conception of bilingual conversation action The Multilingual Jesus and the Sociolinguistic World of the New Testament Hughson T. Ong,2015-10-05 In The Multilingual Jesus and the Sociolinguistic

World of the New Testament Hughson Ong provides a study of the multifarious social and linguistic dynamics that compose the speech community of ancient Palestine which include its historical linguistic shifts under different military regimes its geographical linguistic landscape the social functions of the languages in its linguistic repertoire and the specific types of social contexts where those languages were used Using a sociolinguistic model his study attempts to paint a portrait of the sociolinguistic situation of ancient Palestine This book is arguably the most comprehensive treatment of the subject matter to date in terms of its survey of the secondary literature and of its analysis of the sociolinguistic environment of first century Palestine

Interdisciplinary Research Allen F. Repko, Rick Szostak, 2025-02-21 This book offers a comprehensive systematic presentation of the interdisciplinary research process and the theory that informs it by drawing on student and professional work from a variety of fields The book has been iterative in its development over editions as the authors have learned from the work of instructors and students using it and have adjusted their advice in response Notable changes in the Fifth Edition respond to feedback from the Forum devoted to this book in Issues in Interdisciplinary Studies in 2022

Examples have been updated so most are more contemporary new content has been added on mixed methods and team research to respond to the needs of graduate students and content has been revised throughout to address the current thinking on interdisciplinarity and integration and strategies for achieving common ground as an interdisciplinary research team An instructor website for the book at <http://edge.sagepub.com/repko5e> includes editable PowerPoint slides a test bank and figures and tables from the book

Corpus Linguistics and Cross-Disciplinary Action Research Joanna Baumgart, 2021-11-29 In this book Joanna Baumgart offers a detailed and innovative account of how a mixed methods approach combining corpus linguistics and discourse analysis can shed light on educational practice Corpus Linguistics and Cross Disciplinary Action Research is based on a 22 000 word corpus of mathematics lessons in a multicultural secondary school in Ireland with the analysis of classroom data supported by insights from reflective meetings with the participating teacher It demonstrates how examination of video recordings of lessons and reflective conversations facilitate discursive changes in the classroom and increase teacher awareness of classroom interaction Throughout the role of teacher talk is used as a model in the subject specific discourse into which students are socialized Baumgart also relates the story of a successful interdisciplinary approach to action research thereby providing an example of how talk and interaction can be examined within wider educational contexts Building on the premise of the key role which language and talk in particular plays in teaching and learning processes this book will be of keen interest to teacher educators as well as researchers in the fields of corpus linguistics discourse analysis and educational linguistics
