alone will not solve education and development difficulties in Africa they do have a positive contribution to make The evidence presented here suggests they are failing to make that contribution **The World Tomorrow** Norman Thomas, John Nevin Sayre, Devere Allen, Kirby Page, 1923 **The Challenge of Late Industrialization** S. Kimura, 2006-12-12 Globalization has created new opportunities and challenges for late industrialization This book identifies underlying factors for latecomer firms to catch up as system integrators or upgrade as suppliers in fast globalizing industries With in depth case studies several perspectives on firm growth are integrated into a comprehensive framework
