A.C. Swinburne and the Singing Word Yisrael Levin, 2016-03-16 Focusing on Algernon Charles Swinburne's later writings this collection makes a case for the seriousness and significance of the writer's mature work While Swinburne's scandalous early poetry has received considerable critical attention the thoughtful rich spiritually and politically informed poetry that began to emerge in his thirties has been generally neglected This volume addresses the need for a fuller understanding of Swinburne's career that includes his fiction aesthetic ideology and analyses of Shakespeare and the great French writers Among the key features of the collection is the contextualizing of Swinburne's work in new contexts such as Victorian mythography continental aestheticism positivism and empiricism Individual essays examine among other topics the dialect poems and Swinburne's position as a regional poet Swinburne as a transition figure from nineteenth century aesthetic writing to the professionalized criticism that dominates the twentieth century Swinburne's participation in the French literary scene Swinburne's friendships with women writers and the selections made for anthologies from the nineteenth century to the present Taken together the essays offer scholars a richer portrait of Swinburne's importance as a poet critic and fiction writer Swinburne: Everyman's Poetry Algernon Charles Swinburne, 2012-04-26 The last of the Romantics Swinburne's poems took the public by storm intoxicated by their rhythms and shocked by his lack of restraint Unbinding Medea Heike Bartel, 2017-07-05 Medea simply to mention her name conjures up echoes and cross connections from Antiquity to the present The vengeful wife the murderess of her own children the frail suicidal heroine the archetypal Bad Mother the smitten maiden the barbarian the sorceress the abused victim the case study for a pathology For more than two thousand years she has arrested the eye in paintings reverberated in opera called to us from the stage She demands the most interdisciplinary of study from ancient art to contemporary law and medicine she is no more to be bound by any single field of study than by any single take on her character The contributors to this wide ranging volume are Brian Arkins Angela J Burns Anthony Bushell Richard Buxton Peter A Campbell Margherita Carucci Daniela Cavallaro Robert Cowan Hilary Emmett Edith Hall Laurence D Hurst Ekaterini Kepetzi Ivar Kvistad Catherine Leglu Yixu Lue Edward Phillips Elizabeth Prettejohn Paula Straile Costa John Thorburn Isabelle Torrance Terence Stephenson and Amy Wygant Purpose in the Universe Tim Mulgan, 2015 Two familiar worldviews dominate Western philosophy materialist atheism and the benevolent God of the Abrahamic faiths Tim Mulgan defends a third way Ananthropocentric Purposivism claims that there is a cosmic purpose but human beings are irrelevant to it He argues that non human centred cosmic purpose can ground a distinctive human morality Jewish Preaching in Times of War, 1800 - 2001 Marc Saperstein, 2012-08-31 Wartime sermons offer a window on to how Jews perceive themselves in relation to the majority society and how Jewish and national values are reconciled when the fate of a nation is at stake They also reveal a great deal about how rabbis guide their communities through the challenges of their times The sermons reproduced here were delivered by rabbis from across the Jewish spectrum and each is accompanied by a

comprehensive introduction and detailed notes **Stylistic Virtue and Victorian Fiction** Matthew Sussman, 2021-07-01

What is style and why does it matter This book answers these questions by recovering the concept of stylistic virtue once foundational to rhetoric and aesthetics but largely forgotten today Stylistic virtues like ease and grace are distinguishing properties that help realize a text's essential character First described by Aristotle they were integral to the development of formalist methods and modern literary criticism The first half of the book excavates the theory of stylistic virtue during its period of greatest ascendance in the late eighteenth and nineteenth centuries when belletristic rhetoric shaped how the art of literary style and the aesthetic were understood The second half offers new readings of Thackeray Trollope and Meredith to show how stylistic virtue changes our understanding of style in the novel and challenges conventional approaches to interpreting the ethics of art

The Victorian Poet (Routledge Revivals) Joseph Bristow, 2014-03-18 The practice of poetry in the Victorian period was characterised by an extreme diversity of styles preoccupations and subject matter This anthology attempts to draw out some of the main focuses of interest in the Victorian poet No Victorian poet produced an overall theory of poetry yet all accepted it as a natural vehicle of expression and for some subjects in particular sexuality the only literary mode Indeed the sexual question was made even more acute by the sudden phenomenon of the poetess and the relation of poetry to gender raised interesting new critical questions At the same time the cultural role of the poet came under increasing debate Victorian poetry was the first contemporary poetry to be studied This selection of central texts illustrates these pressures on the Victorian practice of poetry and the introductory remarks suggest ways in which theory can be related to the understanding key poems themselves The Electrical Review , 1896 Host Bibliographic Record for Boundwith Item Barcode 30112114734418 and Others , 1909 Belief, Change and Forms of Life D.
