

Symbolic Teaching, or Masonry and Its Message

THE MESSAGE OF ANCIENT MASONRY¹

MASONRY, through its symbolism, can be traced far back into the ages, but historically the links are too broken to be of much value to the seeker after the real meaning and mission of the Grand Order.

One who assumes that all real knowledge is of recent discovery or that the ancients have little to contribute to twentieth-century instruction, will not care to seriously study Masonry, unless he can be shown some facts that will change his attitude of mind from skepticism or honest doubt to one of open-mindedness. In the study of Masonry one should tentatively accept those things that seem both reasonable and true, until he is able to demonstrate them to be otherwise.

To broaden one's view it is wise to note some of the achievements of ancient civilizations and ancient thought, to gain confidence in any message they might have to transmit to us.

ANCIENT CIVILIZATION.

In the notable position attained by ancient civilization we shall find nothing more striking than The Labyrinth.

Bible supporting the square and compasses This old familiar book so beloved by so many generations is our Volume of the Sacred Law and represents the Great Light in Freemasonry The Bible is open when the lodge opens the Bible is closed when the lodge closes No lodge can transact its own business much less initiate candidates into the mysteries of the craft unless the Book of Holy Law lies open upon its altar It is the true responsibility of each individual Mason to seek out and understand the true nature of reality through the teachings of Freemasonry discovered in the symbols of the craft The individual must learn to recognize and interpret the footprints of the deity and the sublime methods that he uses to reveal his message So mote it be May the mystery begin **Questions on Natural Science and the Harmonic Philosophy** John Emmett Richardson,1913 **Selected List of Masonic Literature in Four Parts** Freemasons.
