Creating an art community Peter Wakelin, 1999 Explores the main themes that have exercised visual art in Wales throughout most of the twentieth century by outlining the conception and history of the largest community of artists in Wales The Welsh Group This title brings together names as diverse in practice as Sir Cedric Morris Ceri Richards and Brenda Chamberlin *Llafur*, 1992 **Image of the Invisible** John Harvey, 1999 This illustrated book examines the Welsh Nonconformists expression of religious and spiritual concepts in a visual form It studies this subject within a broad cultural context that includes not only fine art but also architecture preaching hymnology and intangible manifestations such as visions As such the book presents an integrated study of various and related aspects of the Non conformist imagination

The Ellington Century David Schiff, 2012-01-07 The Ellington Century is a wonderful journey through the world of music and art If you are already an aficionado of Ellington's music you will enjoy the author's informative and detailed analysis of the composer's work and musical influences If you are less familiar this book puts Ellington's music in perspective with the great classical composers of the twentieth century David Schiff's remarkable insight into the historical and musical parallels between these composers is a delight to read and his references are vast from Schoenberg's *Pierrot Lunaire* and Stravinsky's *Agon* to television's *Sesame Street* Schiff writes with a sense of humor and an enthusiasm for Ellington's music

that comes out on every page George Manahan Music Director American Composers Orchestra David Schiff points us forward observing that Ellington's music asks us to see with our ears and hear with our eyes Writing as a composer and scholar he has a gift for making complex ideas strikingly clear His insights move across a huge terrain of twentieth century culture as he builds bridges in his musical and cultural analysis where many have not seen a connection Yet each musical work each artist is given his or her equal due In this sense he has met the spiritual and cultural challenge of Ellington's life work Marty Ehrlich Composer Instrumentalist Associate Professor of Improvisation and Contemporary Music Hampshire College

Hop on Pop Henry Jenkins III, Jane Shattuc, Tara McPherson, 2003-01-23 Hop on Pop showcases the work of a new generation of scholars from fields such as media studies literature cinema and cultural studies whose writing has been informed by their ongoing involvement with popular culture and who draw insight from their lived experiences as critics fans and consumers Proceeding from their deep political commitment to a new kind of populist grassroots politics these writers challenge old modes of studying the everyday As they rework traditional scholarly language they search for new ways to write about our complex and compelling engagements with the politics and pleasures of popular culture and sketch a new and lively vocabulary for the field of cultural studies The essays cover a wide and colorful array of subjects including pro wrestling the computer games Myst and Doom soap operas baseball card collecting the Tour de France karaoke lesbian desire in the Wizard of Oz Internet fandom for the series Babylon 5 and the stress management industry Broader themes examined include the origins of popular culture the aesthetics and politics of performance and the social and cultural processes by which objects and practices are deemed tasteful or tasteless The commitment that binds the contributors is to an emergent perspective in cultural studies one that engages with popular culture as the culture that sticks to the skin that becomes so much a part of us that it becomes increasingly difficult to examine it from a distance By refusing to deny or rationalize their own often contradictory identifications with popular culture the contributors ensure that the volume as a whole reflects the immediacy and vibrancy of its objects of study Hop on Pop will appeal to those engaged in the study of popular culture American studies cultural studies cinema and visual studies as well as to the general educated reader
