The Church from the Roots José Marins, Carolee Chanona, Teolide María Trevisan, 1989 Basic Ecclesial Communities José Marins, Teolide María Trevisan, Carolee Chanona, 1983 **A Theology of Community Organizing** Chris Shannahan, 2013-11-12 The rising importance of community organizing in the US and more recently in Britain has coincided with the developing significance of social movements and identity politics debates about citizenship social capital civil society and religion in the public sphere At a time when participation in formal political process and membership of faith groups have both declined dramatically community organizing has provided a new opportunity for small community groups marginalized urban communities and people of faith to engage in effective political action through the developments of inter faith and cross cultural coalitions of groups In spite of its renewed popularity little critical attention has been paid to community organizing This book places community organizing within debates about the role of religion in the public sphere and the rise of public theology in recent years The book explores the history methodology and achievements of community organizing engaging in a series of conversations with key community organizers in the US and Britain This volume breaks new ground by beginning to articulate a cross cultural and inter faith Theology for Community Organizing that arises from fresh readings of Liberation Theology **The Routledge Companion to the Christian Church** Gerard Mannion, Lewis S. Mudge, 2007-12-12 Written by an international team of distinguished scholars this comprehensive book introduces students to the fundamental historical systematic moral and ecclesiological aspects of the study of the church as well as serving as a resource for scholars engaging in ecclesiological debates on a wide variety of issues **Basic Ecclesial Communities**, 1987 **Basic Ecclesial Communities** Alvaro Barreiro, 2011-01-01 This work is embarrassingly elementary embarrassing for the reader not the writer Father Barreiro states with the power of simplicity the privileged place of the poor in the eyes of God and the mission of the church and presents the basic ecclesial communities as incarnations of that privilege This is a short work well worth reading Philip J Murnion Director The Parish Project National Conference of Catholic Bishops The comunidades de base of Latin America have been giving me hope and inspiration for many years Their roots are as ancient as the Gospel and their development in these times almost as spontaneous as the spread of Christianity in the early days of the Church Unfortunately Americans in general do not know the poverty in their own country and don't understand people who are poor anywhere While they pour out money and supplies with enormous generosity whenever disasters of famine and earthquake and war are made known to them most do not see the spiritual potential in the people in poverty in the United States and throughout the world whom they want so much to help Leaders of America's churches clergy and laity of all denominations can learn this potential from Barreiro's book Norman C Eddy Coordinator East Harlem Interfaith Father Barreiro combines solid scriptural and theological resources with first hand knowledge of these communities themselves The appearance in English of Fr Barreiro's book is very timely North American Christian communities need to be informed about

the good news coming out of Latin America Allan Figueroa Deck SJ Director of Hispanic Ministry Diocese of Orange in California Alvaro Barreiro SJ was Professor of Systematic Theology at the Catholic University of Rio de Janeiro and is currently with the Centro de Espiritualidade Inciana de Itaici Base Communities Margaret Hebblethwaite,1994 An historical and sociological overview of Christian base communities and the hope they hold out for their people and the larger Church **Small Christian Communities and the Parish** John Paul Vandenakker,1994 Examines the pastoral and theological implications of North American Small Christian Community programs *The Church from the Roots* Jose Marins,2000 **Liberation Theologies** Ronald G. Musto,2020-11-25 First Published in 1991 The following is a comprehensive scholarly bibliography of published materials on the varieties of liberation theology mostly in book form available in English It is intended as an introductory survey to this vast and quickly expanding field for the teacher and student of contemporary theology of biblical hermeneutics and to the interrelationship of politics and religion around the world It will also serve as a comprehensive bibliography
