The Coffee Table Book of Witchcraft and Demonology Paul Huson, 1978 *Books Out-of-print* , 1981 *The History of Witchcraft and Demonology* Montague Summers, 1926 This work about witchcraft sorcery black magic neuromancy damnation satanism and every kind of magic and occult is written by the undisputed scholar in the field and is a work of unprecedented authority of interest to all who are connected with the subject **The History of Witchcraft and Demonology** Montague Summers, 1994 *Encyclopedia of Witchcraft and Demonology ...* , 1974 **On Witchcraft** Johann Weyer (s.j.), 1998 **Demonology and Witchcraft** Walter Scott, 1876 *The Encyclopedia of Witchcraft and Demonology* Rossell Hope Robbins, 1968 *Witchcraft, Demonology and Magic* Marina Montesano, 2020-05-20 Witchcraft and magic are topics of enduring interest for many reasons The main one lies in their extraordinary interdisciplinarity anthropologists folklorists historians and more have contributed to build a body of work of extreme variety and consistence Of course this also means that the subjects themselves are not easy to assess In a very general way we can define witchcraft as a supernatural means to cause harm death or misfortune while magic also belongs to the field of supernatural or at least esoteric knowledge but can be used to less dangerous effects e g divination and astrology In Western civilization however the witch hunt has set a very peculiar perspective in which diabolical witchcraft the invention of the Sabbat the persecution of many thousands of mostly female and sometimes male presumed witches gave way to a phenomenon that is fundamentally different from traditional witchcraft This Special Issue of Religions dedicated to Witchcraft Demonology and Magic features nine articles that deal with four different regions of Europe England Germany Hungary and Italy between Late Medieval and Modern times in different contexts and social milieus Far from pretending to offer a complete picture they focus on some topics that are central to the research in those fields and fit well in the current cumulative concept of Western witchcraft that rules out all mono causality theories investigating a plurality of causes *The Encyclopedia Of Witchcraft & Demonology* Rossell Hope Robbins, 2022-03-29 With research sourced by the world s greatest libraries Robbins has compiled a rational balanced history of 300 years of horror concentrated primarily in Western Europe Spanning from the 15th century through the 18th century the witch hunt frenzy marks a period of suppressed rational thought never before have so many been so wrong To better understand this phenomenon Robbins examines how the meaning of witch has evolved and exposes the true nature of witchcraft a topic widely discussed in popular culture though remarkably misunderstood First published in 1959 Robbins encyclopedia remains the most authoritative and comprehensive body of information about witchcraft and demonology ever compiled in a single volume Lavishly acclaimed in academic and popular reviews this full scale compendium of fact history and legend covers about every phase of this fascinating subject from its origins in the medieval times to its last eruptions in the 18th century Accompanying the text are 250 illustrations from rare books contemporary prints and old manuscripts many of which have been published here for the first time
