

The Cogito In Husserls Philosophy

Ted Toadvine, Lester Embree

The Cogito In Husserl's Philosophy:

The Cogito in Husserl's Philosophy Gaston Berger, 1972 **The Cogito in Husserl's Philosophy. Translated by Kathleen McLaughlin. With an Introduction by James M. Edie** Gaston Berger, James M. Edie, Kathleen MacLaughlin, 1972 **The Philosophy of Husserl** Burt Hopkins, 2015-01-28 As the founder of phenomenology Edmund Husserl has been hugely influential in the development of contemporary continental philosophy In The Philosophy of Husserl Burt Hopkins shows that the unity of Husserl's philosophical enterprise is found in the investigation of the origins of cognition being meaning and ultimately philosophy itself Hopkins challenges the prevailing view that Husserl's late turn to history is inconsistent with his earlier attempts to establish phenomenology as a pure science and also the view of Heidegger and Derrida that the limits of transcendental phenomenology are historically driven by ancient Greek philosophy Part 1 presents Plato's written and unwritten theories of eid and Aristotle's criticism of both Part 2 traces Husserl's early investigations into the formation of mathematical and logical concepts and charts the critical necessity that leads from descriptive psychology to transcendently pure phenomenology Part 3 investigates the movement of Husserl's phenomenology of transcendental consciousness to that of monadological intersubjectivity Part 4 presents the final stage of the development of Husserl's thought which situates monadological intersubjectivity within the context of the historical a priori constitutive of all meaning Part 5 exposes the unwarranted historical presuppositions that guide Heidegger's fundamental ontological and Derrida's deconstructive criticisms of Husserl's transcendental phenomenology The Philosophy of Husserl will be required reading for all students of phenomenology **Merleau-Ponty's Reading of Husserl** Ted Toadvine, Lester Embree, 2013-03-09 Merleau-Ponty's Reading of Husserl explores the relationship between two of the greatest thinkers of the twentieth century Edmund Husserl the father of modern phenomenology and Maurice Merleau-Ponty considered by many to be his greatest philosophical heir While Merleau-Ponty's influence on the dissemination and reception of Husserl's thought is indisputable unresolved questions remain concerning the philosophical projects of these two thinkers Does phenomenology first reach its true potential in Merleau-Ponty's hands guided by his appreciation of the tacit goals underlying Husserl's philosophical project Or is Merleau-Ponty's phenomenology a creative but ultimately misdirected appropriation of Husserl's work In this volume the first devoted to a comparison of the work of these two philosophers ten leading scholars draw on the latest research and newly available manuscripts to offer novel insights into Merleau-Ponty's reading of Husserl with implications for our understanding of phenomenology's significance its method and the future of philosophy **Husserl's Phenomenology** Kevin Hermberg, 2006-01-01 A fresh approach to the study of Husserl that gives detailed analysis of the themes in both his earlier and later works *Thinking in Henry James* Sharon Cameron, 1989 Thinking in Henry James identifies what is genuinely strange and radical about James's concept of consciousness first the idea that it may not always be situated within this or that person but rather exists outside or between in some transpersonal

place and second the idea that consciousness may have power over things and people outside the person who thinks

Examining these and other counterintuitive representations of consciousness Cameron asks How do we make sense of these conceptions of thinking

Democracy and the Divine Alexandra Aidler, 2019-10-10 Advancing the thesis that a contract between the political members of a community must lead to the highest form of social inclusion Thomas Hobbes's *Leviathan* 1651 has provided the groundwork for democracies around the world Yet Hobbes also states that this contract can only be upheld by a strong sovereign whose authority is derived from God How can a democracy be defined then as truly inclusive when it essentially grows out of a theocracy that thinks about human beings in terms of reduction In *Democracy and the Divine: The Phenomenon of Political Romanticism* Alexandra Aidler argues that despite modern democracy's problematic heritage one should not abandon its claims to religion Articulating a democracy that is based on the religious principle of giving oneself to another Aidler develops a political theology of democracy that is built upon two traditions in political thought that have rarely been examined thus far side by side for their contributions to this field German Romanticism as exemplified by Franz von Baader and Friedrich Schlegel and the theological turn in French philosophy as represented by Jacques Derrida and Jacques Rancière

Layers in Husserl's Phenomenology Peter R. Costello, 2012-01-01 *Layers in Husserl's Phenomenology* provides close readings and analyses of a number of Husserl's key translated and untranslated works across the entirety of his corpus While maintaining a dialogue with four decades worth of scholarship on Husserl Peter R Costello provides a number of new and significant insights that depart from earlier interpretations of his work along with a revised consistent translation of a number of important Husserlian terms *Layers in Husserl's Phenomenology* situates Husserl firmly within the trajectory of later Continental thought and contributes to the recent reconsideration of Husserl as a legitimate precursor to the thought of Maurice Merleau-Ponty Emmanuel Levinas and Jacques Derrida Written in a readable style appropriate for both undergraduate and graduate students this study will be valued by those interested in phenomenology in general and in Husserl in particular

The Husserl Dictionary Dermot Moran, Joseph Cohen, 2013-03-14 *The Husserl Dictionary* is a comprehensive and accessible guide to the world of Edmund Husserl the founder of phenomenology Meticulously researched and extensively cross referenced this unique book covers all his major works ideas and influences and provides a firm grounding in the central themes of Husserl's thought Students will discover a wealth of useful information analysis and criticism A-Z entries include clear definitions of all the key terms used in Husserl's writings and detailed synopses of his key works The Dictionary also includes entries on Husserl's major philosophical influences including Brentano Hume Dilthey Frege and Kant and those he influenced such as Gadamer Heidegger Levinas Sartre and Merleau-Ponty It covers everything that is essential to a sound understanding of Husserl's phenomenology offering clear and accessible explanations of often complex terminology *The Husserl Dictionary* is the ideal resource for anyone reading or studying Husserl's *Phenomenology* or Modern European Philosophy more generally

[The Routledge](#)

Handbook of Phenomenology of Mindfulness Susi Ferrarello, Christos Hadjioannou, 2023-12-22 The Routledge Handbook of Phenomenology of Mindfulness brings together two schools of thought and practice that despite rarely being examined jointly provide an incredibly fruitful way for exploring thinking the mind and the nature and practice of mindfulness Applying the concepts and methods of phenomenology an international team of contributors explore mindfulness from a variety of different viewpoints and traditions The handbook s 35 chapters are divided into seven clear parts Mindfulness in the Western Traditions Mindfulness in the Eastern Traditions Mindfulness Ethics and Well Being Mindfulness Time and Attention Mindfulness and Embodiment Applications Mindfulness in Life Conclusion Mindfulness and Phenomenology Within these sections a rich array of topics and themes are explored ranging from Stoicism and the origins of mindfulness in Buddhism and eastern thought to meditation self awareness the body and embodiment and critiques of mindfulness Additionally the book delves into the ways the ideas of leading phenomenological thinkers including Heidegger Merleau Ponty and Levinas and other leading thinkers such as Irigaray can contribute to understanding the relationship between phenomenology and mindfulness A valuable resource for those researching phenomenology and applications of phenomenology this handbook will also be of great interest to students and practitioners of mindfulness in areas such as counseling and psychotherapy
