The Comedia And Points Of View:

Funnier Anne Libera, 2025-10-15 A roadmap for understanding and creating comedy from the visionary Second City comedy director Great comedy can feel ineffable and unlearnable Debunking the myth that either you are funny or you aren't Libera breaks the magic of comedy down into an innovative theory and practical toolkit Developed over the course of thirty years as a director for The Second City and professor of comedy studies in their training center Libera's approach is effective across stand up sketch film and television comedy as evidenced by her powerhouse students Amy Poehler Kristen Schaal Steven Yeun and many more of your favorites This book starts with a way to think about comedy and then guides you through concrete strategies for making your work smarter richer funnier Libera covers everything from generating material to revising and performing to fostering social connection through comedy In the book's final section Libera draws from her personal life to make a profound case for why future comedy writers should consider the ethics of their art and their responsibility to their fellow human beings in the audience Readers won't just be funnier because of this book they'll be better people

Enter the Undead Author George Pate, 2019-03-13 Many narratives of theater history suggest that the 1960s marked the start of a turning away from traditional script-based playwright-centric production practices Literary studies in this period began exploring the concept of the death of the author along similar lines But the author refused to die quietly and authorship reasserts itself in even revolutionary and avant-garde theaters throughout the latter half of the twentieth century The model of authorship valorizing individuality ownership and originality serves to maintain traditional modes of production that reproduce and uphold dominant ideologies even when the products created by those modes of production claim to buck tradition or run counter to cultural currents This ideology of authorship plays a part in playwrights shutting down productions of their own plays in the privileging of individual authorship over joint authorship even in collaborative genres and in the insistence on originality even in performance traditions rooted in a shared repertoire This tension between the theoretical death of the author and the growth of actual authors' abilities to control access to and even in some cases interpretations of their work exposes the deftness with which dominant ideologies and their attendant modes of production can repurpose the aesthetics of even countercultural or revolutionary movements in theater

The Comedian as Confidence Man Will Kaufman, 1997 In this lively and fascinating analysis of humorists and their work Will Kaufman breaks new ground with his irony fatigue theory The Comedian as Confidence Man examines the humorist's internal conflict between the social critic who demands to be taken seriously and the comedian who never can be the irony fatigue condition Concentrating on eight American literary and performing comedians from the 18th 19th and 20th centuries this study explores the irony fatigue affect that seems to pervade the work of comedians those particular social observers who are obliged to promise Only kidding folks even when they may not be in G B Shaw's words they must put things in such a way as to make people who would otherwise hang them believe they are joking If these social observers are obliged to become in

effect confidence men with irony as the satiric weapon that both attacks and diverts then the implications are great for those social critics who above all wish to be heeded Vaudeville old & new Frank Cullen, Florence Hackman, Donald McNeilly, 2007 Writing Comedy, *The Dynamics of Interactional Humor* Villy Tsakona, Jan Chovanec, 2018-01-05 This book deals with the construction of diverse forms of humor in everyday oral written and mediatized interactions It sheds light on the differences and most importantly the similarities in the production of interactional humor in face to face and various technology mediated forms of communication including scripted and non scripted situations The chapters analyze humor related issues in such genres as spontaneous conversations broadcast dialogues storytelling media blogs bilingual conversations stand up comedy TV documentaries drama series family sitcoms Facebook posts and internet memes The individual authors trace how speakers collaboratively circulate reconstruct and re frame either personal or public accounts of reality aiming among other things to produce and or reproduce humor Rather than being finished products with a single interpretation humorous texts are thus approached as dynamic communicative events that give rise to diverse interpretations and meanings The book draws on a variety of up to date approaches and methodologies and will appeal to scholars in discourse analysis conversation analysis interactional sociolinguistics pragmatics ethnography of communication and social semiotics
