,1964 Emotional Communication Paul Geltner,2013 What role does animal like and infantile communication play in life
and in psychoanalysis How are painful childhood experiences recreated with people who are nothing like the original family
What are the roles of loving and horrible feelings in psychoanalytic cure In Emotional Communication Paul Geltner places the
pre linguistic type of communication that is shared with infants and animals at the core of the psychoanalytic relationship He
shows how emotional communication intertwines with language permeating every moment of human interaction and
becoming a primary way that people involuntarily recreate painful childhood relationships in current life Emotional
Communication integrates observations from a number of psychoanalytic schools in a cohesive but non eclectic model Geltner
expands psychoanalytic technique beyond the traditional focus on interpretation and the contemporary focus on authenticity
to include the use feelings that precisely address the client s repetitive patterns of misery The author breaks down analytic
interventions into their cognitive and emotional components describing how each engages a different part of the client s
mind and serves a different function He explains the role of emotional communication in psychoanalytic technique both in
classical interpretations and in non interpretive interventions that use the analyst s feelings to amplify the therapeutic power
of the psychoanalytic relationship Offering a clear alternative to both Classical and contemporary Relational and
Intersubjective approaches to understanding and treating clients in psychoanalysis Paul Geltner presents a theory of
communication and maturation that will interest psychoanalysts psychotherapists and those concerned with the subtleties of
human relatedness *Soundmaking; the Acoustic Communication of Emotion* Peter F. Ostwald,1963
