"New" Exoticisms, 2022-04-19 All civilisations have both feared and been fascinated by what lies beyond their limits and have to a greater or lesser extent construed their others as exotics Given that even in its most consumerist fashion the adoption of the exotic goes back a long way what then if anything is new in contemporary versions of exoticism This volume attempts to offer some answers to this question The first of its three sections serves as an extended introduction to the concept and practice of exoticism considering the phenomenon from a number of theoretical and critical positions explicitly examining sometimes via significant examples the particular attributes of exoticism The second and third sections are more strictly text based relying on the analysis of specific instances of film in the former and literature in the latter in order to tease out some specific uses of the exotic whether ethnic gendered sexual or other This volume will be of interest to scholars and students working in the fields of representation cultural theory postcolonialism gender ethnicity sexuality cinema and literature

Nechtman, 2018-09-13 Pitcairn a tiny Pacific island that was refuge to the mutineers of HMAV *Bounty* and home to their descendants later became the stage on which one imposter played out his influential vision for British control over the nineteenth century Pacific Ocean Joshua W Hill arrived on Pitcairn in 1832 and began his fraudulent half decade rule that has until now been swept aside as an idiosyncratic moment in the larger saga of Fletcher Christian s mutiny against Captain Bligh and the mutineers unlikely settlement of Pitcairn Here Hill is shown instead as someone alert to the full scope and power of the British Empire to the geopolitics of international imperial competition to the ins and outs of naval command the vicissitudes of court politics and as such to Pitcairn s symbolic power for the British Empire more broadly

Van Dyke who worked with Robert Flaherty on MGM's adaptation of White Shadows and Expressionist director F.W. Murnau whose last film Tabu was co-directed with Flaherty

Robert Clarke,2015-11-19 Over the past thirty years the Australian travel experience has been Aboriginalized Aboriginality has been appropriated to furnish the Australian nation with a unique and identifiable tourist brand This is deeply ironic given the realities of life for many Aboriginal people in Australian society On the one hand Aboriginality in the form of artworks literature performances landscapes sport and famous individuals is celebrated for the way it blends exoticism mysticism multiculturalism nationalism and reconciliation On the other hand in the media cinema and travel writing Aboriginality in the form of the lived experiences of Aboriginal people has been exploited in the service of moral panic patronized in the name of

white benevolence or simply ignored For many travel writers this irony the clash between different regimes of valuing Aboriginality is one of the great challenges to travelling in Australia Travel Writing from Black Australia examines the ambivalence of contemporary travelers engagements with Aboriginality Concentrating on a period marked by the rise of discourses on Aboriginality championing indigenous empowerment self determination and reconciliation the author analyses how travel to Black Australia has become for many travelers a means of discovering new and potentially transformative styles of interracial engagement
