Weaving New Perspectives Together María Alonso Alonso, Jeannette Bello Mota, Alba de Béjar Muíños, 2012-04-25 The present volume seeks to offer a novel and interdisciplinary overview of the question of literary interpretation and the numerous perspectives current in the field today Written by early career researchers and enriched with the important contributions of three senior lecturers the articles contained in this compilation are devised to work as a multi-faceted whole that may at the same time give inspiration to students and constitute a guide to more experienced scholars Acting as an integrating entity that agglutinates works from scholars across Europe the editors consider this book to be a clear example of the dynamism of present-day literary studies and of the numerous ways in which literature can speak to people Following Margaret Atwood's statement 'The answers you get from literature depend on the questions you pose' this volume may be said to possess the potential to provide as many answers as it poses new questions which will stimulate future research in the field Tales from the Haunted South Tiya Miles, 2015-08-12 In this book Tiya Miles explores the popular yet troubling phenomenon of ghost tours frequently promoted and experienced at plantations urban manor homes and cemeteries throughout the South As a staple of the tours guides entertain paying customers by routinely relying on stories of enslaved black specters But who are these ghosts Examining popular sites and stories from these tours Miles shows that haunted tales routinely appropriate and skew African American history to produce representations of slavery for commercial gain Dark tourism often highlights the most sensationalist and macabre aspects of slavery from salacious sexual ties between white masters and black women slaves to the physical abuse and torture of black bodies to the supposedly exotic nature of African spiritual practices Because the realities of slavery are largely absent from these tours Miles reveals how they continue to feed problematic Old South narratives and erase the hard truths of the Civil War era In an incisive and engaging work Miles

uses these troubling cases to shine light on how we feel about the Civil War and race and how the ghosts of the past are still with us
