24 Hours of Le Mans but Warwick's survival was constantly in doubt until the landmark agreement that resulted in the Nash Healey erased many of small firm's financial struggles. With access to Nash Kelvinator's internal correspondence for the first time the authors are able to set the record straight about this crucial period in the marque's history including the controversial machinations behind the development of the Healey Hundred that made a smash debut at the 1952 London Motor Show. Equally fascinating are the stories behind the troubled Jensen Healey and Donald Healey's attempts to continue building sports cars well into the 1980s refusing to enter a sedate retirement that would have been so richly deserved. Destined to become the definitive reference on the subject Healey The Men and the Machines includes over 200 000 words more than 700 detailed footnotes and eight appendices that cover the competition and record breaking activities of the various models specifications for every model produced including the limited production variants and Donald Healey's personal musings on racing and sports car design.
