The Church In China:

The Church in China Michael D. Suman, 2006 This book addresses the emergence and development of the Chinese church as the body of Christ in China through the historical and sociopolitical context of that nation The focus on the last half of the 20th century is supported by a concise overview of the political history of China from its dynastic era and international influence on its church history The Church in China Paul Rule, 2010-12-31 China has been a challenge to Christianity since the beginning of modern times and it remains so today Here is a great civilisation comprising a quarter of humankind yet largely untouched by Christian values and beliefs Any theological evaluation of the state of world Christianity that does not take China into account is impoverished and radically incomplete **The Church in China** William Harold Clark, 1969

The Registered Church in China Wayne Ten Harmsel, 2021-03-09 In *The Registered Church in China* Wayne Ten Harmsel pulls back for Western readers the shroud of mystery surrounding Chinese registered churches Through interviews with Chinese pastors evangelists and lay Christians he provides a rare view of what it means to live in the shadow of both the government and the well known house churches Registered churches have received criticism from both of these sources as well as from many churches in other countries particularly the United States Ten Harmsel examines the charges leveled against registered churches and presents a balanced picture of the complexity of the church situation in China Such complexity arises for instance in the registered churches struggle to respond to new religious regulations and the controversy over Sinicization China has become a major center of twenty first century Christianity and despite how little is known about registered churches in the West these congregations play a significant role in shaping Chinese Christianity today **The Church in Red China "leans to One Side"** Samuel E. Boyle, 1950 China and the True Jesus Melissa Wei-Tsing Inouye, 2018-12-03 In 1917 the Beijing silk merchant Wei Enbo's vision of Jesus sparked a religious revival characterized by healings exorcisms tongues speaking and most provocatively a call for a return to authentic Christianity that challenged the Western missionary establishment in China This revival gave rise to the True Jesus Church China's first major native denomination The church was one of the earliest Chinese expressions of the twentieth century charismatic and Pentecostal tradition which is now the dominant mode of twenty first century Chinese Christianity To understand the faith of millions of Chinese Christians today we must understand how this particular form of Chinese community took root and flourished even throughout the wrenching changes and dislocations of the past century The church's history links together key themes in modern Chinese social history such as longstanding cultural exchange between China and the West imperialism and globalization game changing advances in transport and communications technology and the relationship between religious movements and the state in the late Qing circa 1850 1911 Republican 1912 1949 and Communist 1950 present day eras Vivid storytelling highlights shifts and tensions within Chinese society on a human scale How did mounting foreign incursions and domestic crises pave the way for Wei Enbo a rural farmhand to become a wealthy merchant in the

early 1900s Why did women in the 1920s and 30s such as an orphaned girl named Yang Zhendao devote themselves so wholeheartedly to a patriarchal religious system What kinds of pressures induced church leaders in a meeting in the 1950s to agree that Comrade Stalin had saved many more people than Jesus This book tells the striking but also familiar tale of the promise and peril attending the collective pursuit of the extraordinary how individuals within the True Jesus Church in China over the past century have sought to muster divine and human resources to transform their world Come Wind, Come Weather Leslie T. Lyall, 2011-12 *The Church in China* Donald William Richardson, 1929 *The Church in China in the 20th Century* Chen Zemin, 2019-03-11 While the Peoples Republic of China is officially an atheist country Christianity continues to experience rapid growth on the Chinese mainland Many observers see the country as on the way to becoming the world's most Christian nation Yet there is widespread ignorance in the English speaking world about how the Chinese Christian community fared during the decades prior to China's opening up to the West in the aftermath of the historic visit of Richard Nixon to Beijing in 1972 This collection of essays the first of them published in 1939 provides an invaluable record of developments in mainland Chinese Christianity during that period and for the remaining decades of the twentieth century The fact that the essays were all authored by a key participant in the Protestant churches in China provides significant added value Professor Chen discusses a wide range of important topics various stages of rural and urban development the Three Self principles for structuring officially sanctioned worshiping communities Bishop K H Ting's advocacy of a genuinely indigenous Chinese theology patterns of international cooperation worship seminary education and much more These essays make a unique and significant contribution to the Western understanding of Asian religious life in the twentieth century

Reconstructing Christianity in China Philip L. Wickeri, 2015-03-04 China, the Church's Long March David Howard Adeney, 1985 **A New History of Christianity in China** Daniel H. Bays, 2011-06-09 A New History of Christianity in China written by one of the world's leading writers on Christianity in China looks at Christianity's long history in China its extraordinarily rapid rise in the last half of the twentieth century and charts its future direction Provides the first comprehensive history of Christianity in China an important understudied area in both Asian studies and religious history Traces the transformation of Christianity from an imported Western religion to a thoroughly Chinese religion Contextualizes the growth of Christianity in China within national and local politics Offers a portrait of the complex religious scene in China today Contrasts China with other non Western societies where Christianity is surging Surviving the State, Remaking the Church Li Ma, Jin Li, 2017-12-11 This sociological portrait presents how Chinese Christians have coped with life under a hostile regime over a span of different historical periods and how Christian churches as collective entities have been reshaped by ripples of social change China's change from a centrally planned economy to a market economy or from an agrarian society to an urbanizing society are admittedly significant phenomena worthy of scholarly attention but real changes are about values and beliefs that give rise to social structures over time The growth of Christianity has become interwoven

with the disintegration or emergence of Chinese cultural beliefs political ideologies and commercial values Relying mainly on an oral history method for data collection the authors allow the narratives of Chinese Christians to speak for themselves Identifying the formative cultural elements a sociohistorical analysis also helps to lay out a coherent understanding of the complexity of religious experiences for Christians in the Chinese world This book also serves to bring back scholarly discussions on the habits of the heart as the condition that helps form identities and nurture social morality whether individuals engage in private or public affairs

China's Opening Door Dennis Balcombe, 2014-09-02 Go behind the scenes of China's spiritual revival An amazing true adventure that will inspire and challenge you When the Chinese government opened the country to foreigners in early 1978 Dennis Balcombe jumped at the chance to visit After basing his ministry out of Hong Kong for nearly ten years he was eager to finally proclaim the gospel in the country he had come to serve In less than a year he was meeting house church leaders and supplying them with Bibles for inland distribution a path that would eventually lead to his arrest In *China's Opening Door* he shares his story bringing to light the tremendous move of God that has been happening in the country Filled with incredible accounts of miracles Bible delivery daily persecution and even imprisonment for preaching the gospel the book serves as an inspiration to believers everywhere about the power and faithfulness of God The book also issues a challenge those who live for God will suffer persecution when they stand up for the truth Had these Chinese house church leaders submitted to the government's regulations they would not have gone to prison and there would have been no persecution But the tens of thousands who eventually became Christians would still be in darkness

Darkest before the Dawn Richard R. Cook, 2021-11-02 The Christian church was always destined to find its way to China Long before the birth of the church China existed coalescing around profound philosophical concepts and powerful cultural symbols It developed into a dynamic and enduring civilization In time Christian missionaries arrived on its shores driven to bring the gospel to this people This book starts with the story of that journey the arrival of the missionaries who planted the seeds of the gospel in Chinese soil As the seeds sprouted and grew a new story of a unique and distinct Chinese church began The epic narrative opens from uncertain beginnings in darkness passes through intense hardship and years of struggle and culminates with the triumphal emergence of the Chinese church from the shadows into the light of the global stage

Catholicism in China, 1900-Present C. Chu, 2014-11-18 This volume is the product of scholars of various backgrounds specialties and agendas bringing forth their most treasured findings regarding the Chinese Catholic Church The chapters in this book covering the church from 1900 to the present trace the development of the Church in China from many historical and disciplinary vantage points

[The Church in China in Its Relation to the Churches of Europe and America](#) International Missionary Council. China Delegates, 1928

[Handbook of Christianity in China](#) Gary Tiedemann, 2009-12-02 This second volume on Christianity in China covers the period from 1800 onwards up to the present divided into three main periods and dealing with the complexities of both Catholic and Protestant aspects Also in this volume the reader will be

guided to and through the Chinese and Western primary and secondary sources by carefully selected major scholars in the field Produced with financial support from the Ricci Institute at the University of San Francisco Center for the Pacific Rim

China's Urban Christians Brent Fulton,2015-11-11 China s Urban Christians A Light That Cannot Be Hidden looks at how massive urbanization is redrawing not only the geographic and social landscape of China but in the process is transforming China s growing church as well The purpose of this book is to explore how Christians in China perceive the challenges posed by their new urban context and to examine their proposed means of responding to these challenges Although not primarily political in nature these challenges nonetheless illustrate the complex interplay between China s Christian community and the Chinese party state as it comes to terms with the continued growth and increasing prominence of Christianity in modern China

The "Inscrutably Chinese" Church Nathan Faries,2010-09-23 The first half of the twenty first century promises to be a time of great change for the Christian church in the People s Republic of China The situation is complex and fluid and the information gap between those on the inside and those outside of China is still significant though shrinking The Inscrutably Chinese Church moves readers nearer to the Chinese Christian experience as Nathan Faries helps foreign readers to see with greater clarity just how Chinese Christians view their government and themselves in relation to those ruling powers There still exists a measure of inscrutability about China and its complex relationship with religion that must be explained to the outsider It is this gap in understanding between insider points of view within China and those outsiders seeking knowledge about the Christian faith in China that Faries seeks to close
