The Church Our Story Catholic Tradition Mission And Practice:

The Church Patricia Morrison Driedger, 1999 Written in accord with the Catechism of the Catholic Church and rooted in the sound catechetical principles of the National Catechetical Directory these texts present a well defined curriculum model that stresses clear objectives careful organization and creative methods and evaluation procedures to check the attainment of goals Very flexible allowing teachers to select materials to highlight and stress each text can be implemented on various grade levels for a quarter a semester or a full year depending on the length and frequency of class meetings Intended to function as the primary textbook for a semester or year long course in a Catholic high school at the eleventh and twelfth grade levels the goal of the course is to help students understand the interrelationship of the components of the Catholic Church This course emphasizes the living Church and what it is in the present moment and is constructed around themes such as the Church as the People of God the Church as servant and the Church as sacrament Each theme traces major periods of Church history and provides insights as to how the Church has come to its contemporary expression Recognizing that to truly understand what it means to be Catholic one must look not only at current theology worship and belief but how those things were developed and accepted through history The Church Our Story combines a discussion of ecclesiology literally the study of the nature of the Church with a discussion of Church history The purpose of the historical sections are not to recount all of the significant events over the past two thousand years but rather to give insight into the beliefs practices and tensions in Catholicism today that resulted from their historical roots

The Church Our Story Patricia Morrison Driedger, 2005-12-12 The Church Our Story Catholic Tradition Mission and Practice provides students with a means for understanding some of the traditional definitions of the Catholic Church While acknowledging the importance of the historical perspective this course emphasizes the living Church that makes Christ present to the world today The course is constructed around key definitions that help students to formulate an understanding of ecclesiology such as the People of God the Church as Servant and the Church as Sacrament Each definition has a historical component that traces its meaning through major periods of Church history helping students understand how the Church reflects the light of Christ today
