Jobs and Opportunities in the New Economy authors Sweet and Meiskins once again provide a rich analysis of the American workplace in the larger context of an integrated global economy Through engaging vignettes and rich data this text frames the development of jobs and employment opportunities in an international comparative perspective revealing the historical transformations of work and identifying the profound effects that these changes have had on lives jobs and life chances This text brings into focus the many complexities of class race and gender inequalities in the modern day workplace as well as details the consequences of job insecurity and work schedules mismatched to family needs Throughout strategic recommendations are offered that could help make the new economy work for us all *Marketing Information Guide* ,1968

The Signature of Power Harold D. Lasswell,2011-12-31 Advanced industrial societies are becoming aware of the impact of what they do to the physical and biological environment and also what that environment does to individuals In The Signature of Power Harold D Lasswell examines the symbolic use people make of their surroundings and the complexity of the way they interpret an altered environment Transformed habitats can change experiences and behaviors All people seek to maximize their preferred events such as power and wealth when they use the environment be it through glass skyscrapers or Gothic estates In all cases physical structures give expression to the perspectives of influential individuals and groups This volume considers the complex interplay between the material and the symbolic Physical changes introduced for political purposes by architects planners and engineers are guided by the perspectives of designers These and other interactions in human society are simultaneous acts of communication and collaboration Regardless of whether physical resources are used to transmit messages such interactions nevertheless have a degree of communicative impact Physical structures may be profoundly affected by the purposes assumptions and identities of those people who plan or change them Environmental design says Lasswell is an instrument of political power
