The Colosseum Keith Hopkins, Mary Beard, 2005-11-14 Byron and Hitler were equally entranced by Rome s most famous monument the Colosseum Mid Victorians admired the hundreds of varieties of flowers in its crannies and occasionally shuddered at its reputation for contagion danger and sexual temptation Today it is the highlight of a tour of Italy for more than three million visitors a year a concert arena for the likes of Paul McCartney and a national symbol of opposition to the death penalty Its ancient history is chock full of romantic but erroneous myths There is no evidence that any gladiator ever said Hail Caesar those about to die and we know of not one single Christian martyr who met his finish here Yet the reality is much stranger than the legend as the authors two prominent classical historians explain in this absorbing account We learn the details of how the arena was built and at what cost we are introduced to the emperors who sometimes fought in gladiatorial games staged at the Colosseum and we take measure of the audience who reveled in or opposed these games The authors also trace the strange afterlife of the monument as fortress shrine of martyrs church and glue factory Why are we so fascinated with this arena of death
