The Comet Connection George Watt,1992 A former American flyer describes his adventures trying to escape from Nazi occupied Belgium after his plane was downed and his escape to Spain Reprint LJ K PW *Escape from Hitler's Europe* George Watt,2007-05-01 A hell of an adventure story Ring Lardner Jr A story of what is best in human beings triumphing over what is worst John Sayles November 1943 American flyer George Watt parachutes out of his burning warplane and lands in rural Nazi occupied Belgium Escape from Hitler s Europe is the incredible story of his getaway how brave villagers spirited him to Brussels to connect with the Comet Line a rescue arm of the Belgian resistance This was a gravely dangerous mission especially for a Jewish soldier who had fought against Franco in the Spanish Civil War Watt recounts dodging the Gestapo entering Paris via the underground and finally crossing the treacherous Pyrenees into Spain In 1985 he returned to Belgium and discovered an astonishing postscript to his wartime experiences *The Comet Connection* George Watt,2021-11-21 In November 1943 George Watt Flying Fortress gunner parachuted out of his burning bomber and landed in a village in Nazi occupied Belgium The villagers risked their lives to hide him in the field sneaking him past the German patrols and bringing him safely to Brussels where he connected with the Comet Line the rescue arm of the Belgian resistance While hiding in sale houses in Brussels Watt had a ringside view of bold acts of defiance by Belgian patriots against the German occupation From Brussels he traveled by rail past Gestapo control to Bordeaux rode a bicycle through southern France and was led by Basque guides along ancient smugglers trails over the Pyrenees into Spain Six years earlier Watt had climbed those same Pyrenees to join the Abraham Lincoln Brigade in the Spanish Civil War against General Franco Watt s experience in that prelude to World War II adds insight and drama to the story of his escape from Fortress Luropa his fears of capture heightened by his having been a Lincoln Brigader as well as a Jew Forty years after the war Watt returned to Belgium to find that the story of George Watt had become a legend in the villages of Zele and Flamme passed on to second and third generations And in Brussels he heard with grief of the tragic fates of several of the underground comrades who had helped Whether writing about the war in the skies or the war within the war the resistance movement or recalling the earlier fighting in Spain Watt s style is uncompromising and direct The writing is tilted with suspense and humor illumined by love and appreciation for its participants This gripping story of compassion and commitment can be enjoyed for its high adventure alone For the young and for students of history it is also a valuable contribution to understanding the two great antifascist struggles of our century History Lessons Dan Lynn Watt,2017-07-17 History Lessons traces Dan Lynn Watts journey through childhood in New York during the McCarthy era He marched on May Day with his war hero father and activist mother chanting We dont want another war and Jim Crow must go At camp he sang about world peace freedom and workers rights At school he attempted to hide his familys politics He takes you inside family struggles against racism and political repression Disillusioned with communism by the 1960s he became a civil rights and antiwar activist The Irish in the

Resistance Clodagh Finn, John Morgan, 2024-08-29 You simply couldn't stand by with your arms folded These were the words of Samuel Beckett who famously returned to France from a holiday in Ireland when World War II broke out His clandestine work against the Nazi occupation of Europe is well documented but there were many other ordinary Irish people who joined the underground network Some took up arms Others gathered intelligence sheltered fugitives committed acts of sabotage or broke codes This new history tells the stories of those forgotten Irish men and women Discover Captain John Keany from Cork who parachuted into occupied Italy to help the local Resistance Margaret Kelly the Dublin founder of the world famous Bluebell Girls cabaret troupe in Paris who hid her Jewish husband and Catherine Crean the Irish governess born on Moore Street Dublin who was sent to a concentration camp for helping Allied airmen in Belgium These and many more stories span the course of World War II and remind us of the power of individuals to make a difference An eye opening account of how ordinary people caught up in extraordinary situations helped to fight the Nazis David McCullagh A truly important and groundbreaking book Mary Kenny *Daily Life in Nazi-Occupied Europe* Harold J. Goldberg, 2019-10-25 Daily Life in Nazi Occupied Europe provides readers with information about political and military affairs economic life religious life intellectual life and other aspects of daily life in those countries occupied by Nazi Germany during World War II By the end of 1940 the Nazis controlled most of Europe and in 1941 they invaded the Soviet Union to complete their mission of domination The pattern of human resistance to the occupation was equally widespread in every country at least a significant minority of the population fought for human dignity Why did so many risk their lives and refuse to accept defeat This book goes beyond the impact of the occupation on different European countries examining that impact on individuals who regardless of what country they lived in faced a desperate search for food and the constant threat of death This volume is intended to help readers to see the variety of struggles that contributed to the defeat of the oppressive occupation imposed by the Nazis Readers will come away with an appreciation of the fact that there were as many types of daily lives as there were individuals under the occupation and that every person in the war had a unique experience **Downed Allied Airmen and Evasion of Capture** Herman Bodson, 2005-09-27 This volume deals specifically with escape and evasion in the Netherlands Belgium and France an operation in which the author himself was directly involved and discusses the role which these lines of escape played in the lives of airmen who were forced to bail out over enemy territory He describes the ever present risks the often nameless patriots faced such as the danger of exposure and the threat of traitorous infiltration Specific lines are traced geographically and their main participants discussed Special emphasis is placed on the role of women in this resistance operation Throughout the book the reader benefits not only from the author's own personal recollections but also from his later on location research The final chapter concludes with statistical information directly related to this little known aspect of World War II Appendices include lists of the airmen helped by the resistance movement *Great Wartime Escapes and Rescues* David W. Mills, Kayla L. Westra, 2019-05-17 Students military historians and casual readers will all find this
