aim Ideals resolutely pursued are apt to provoke the resentment of the world and Burne Jones encountered endured and conquered an extraordinary amount of angry criticism Insofar as this was directed against the lack of realism in his pictures it was beside the point The earth the sky the rocks the trees the men and women of Burne Jones are not those of this world but they are themselves a world consistent with itself and having therefore its own reality Charged with the beauty and with the strangeness of dreams it has nothing of a dream s incoherence Yet it is a dreamer always whose nature penetrates these works a nature out of sympathy with struggle and strenuous action
