Skating Through Coleman:

Skating Through Coleman Dona Schell, 2005-01-01 Skating Through Coleman is the story of a young girl growing up during the Depression in a small Kansas town. Some of her undertakings include getting saved at tent revivals, participating in cussing contests, and practicing song and dance routines. She hangs out with elderly eccentrics as well as with her charming and not so charming relatives. She hopes World War II will last long enough for her to grow up and become a glamorous spy in a trench coat and beret. It is true that she starches her arch enemy's dog, but only because it is absolutely necessary. Growing older, she learns that Valentine's Day means love and that boys will not always be her enemies. Even so, it is the magical Quantrain Theater that truly steals her heart. Coleman, Kansas, may well have been the best place in the world to grow up.

Inside Edge: A Revealing Journey Into the Secret World of Figure Skating Christine Brennan, 2022-02-01 Figure skating is the most beautiful and mysterious of all sports. When the skaters are on the ice, every twitch of a muscle and every slip of a skate blade is visible for the world to see. In *Inside Edge*, Christine Brennan chronicles for the first time a season on the skating circuit, intimately portraying the lives on and off the ice of the sport's current and upcoming stars. Woven into the narrative are stories of figure skating luminaries including Peggy Fleming, Janet Lynn, Katarina Witt, Brian Boitano, Scott Hamilton, Kristi Yamaguchi, Nancy Kerrigan, Oksana Baiul, Michelle Kwan, Rudy Galindo, and Tara Lipinski. Revealing the backstage conflicts high-profile figure skaters face and the ambition that drives them, Brennan also tells the stories of their families, of improbable rises to the top, and of wasted talents. If skaters are perfect, they can become international heroes. But if they fall, if they miss a three-revolution jump on a quarter-inch blade of steel, the despair is theirs alone. This is their life on the edge, where decades of training culminate in little more than four crucial minutes on the ice. There is no other sport like it. There is no other story like theirs.

The art of skating, with revisions and additions by W.E. Cormack Robert Jones (capt.), 1855 *Billboard Music Week*, 1907 [The Encyclopedia of Indianapolis](#) David J. Bodenhamer, Robert G. Barrows, 1994-11-22 A work of this magnitude and high quality will obviously be indispensable to anyone studying the history of Indianapolis and its region. The *Journal of American History* absorbing and accurate. Although it is a monument to Indianapolis, do not be fooled into thinking this tome is impersonal or boring. It's not. It's about people, interesting people. The *Encyclopedia of Indianapolis* is as engaging as a biography. Arts Indiana comprehensive and detailed. It might well become the model for other such efforts. *Library Journal* With more than 1,600 separate entries and 300 illustrations, the *Encyclopedia of Indianapolis* is a model of what a modern city encyclopedia should be. From the city's inception through its remarkable transformation into a leading urban center, the history and people of Indianapolis are detailed in factual and interpretive articles on major topics including business, education, religion, social services, politics, ethnicity, sports, and culture.

Passing and Posing between Black and White Lisa Gotto,2021-09-03 Since its inception U S American cinema has grappled with the articulation of racial boundaries This applies in the first instance to featuring mixed race characters crossing the color line In a broader sense however this also concerns viewing conditions and knowledge configurations The fact that American film engages itself so extensively with the unbalanced relation between black and white is neither coincidental nor trivial to state it has much more to do with disputing boundaries that pertain to the medium itself Lisa Gotto examines this constellation along the early history of American film the cinematic modernism of the late 1950s and the post classical cinema of the turn of the millennium
