Gurstein,2024-05-28 A deeply personal yet broadly relevant exploration of the ephemeral life of the classic in art from the eighteenth century to our own day Is there such a thing as a timeless classic More than a decade ago Rochelle Gurstein set out to explore and establish a solid foundation for the classic in the history of taste To her surprise that history instead revealed repeated episodes of soaring and falling reputations rediscoveries of long forgotten artists and radical shifts in the canon all of which went so completely against common knowledge that it was hard to believe it was true Where does the idea of the timeless classic come from And how has it become so fiercely contested By recovering disputes about works of art from the eighteenth century to the close of the twentieth Gurstein takes us into unfamiliar aesthetic and moral terrain providing a richly imagined historical alternative to accounts offered by both cultural theorists advancing attacks on the politics of taste and those who continue to cling to the ideal of universal values embodied in the classic As Gurstein brings to life the competing responses of generations of artists art lovers and critics to specific works of art she makes us see the same object vividly and directly through their eyes and feel in all its enlarging intensity what they felt

written and drawn by J. and E.R. Pennell Joseph Pennell,1892 **Saving Abstraction** Ryan Dohoney,2019-09-16 Saving Abstraction Morton Feldman the de Menils and the Rothko Chapel tells the story of the 1972 premier of Morton Feldman's music for the Rothko Chapel in Houston Built in 1971 for people of all faiths or none the chapel houses 14 monumental paintings by famed abstract expressionist Mark Rothko who had committed suicide only one year earlier Upon its opening visitors responses to the chapel ranged from spiritual succor to abject tragedy the latter being closest to Rothko's intentions However the chapel's founders art collectors and philanthropists Dominique and John de Menil opened the space to provide an ecumenically and spiritually affirming environment that spoke to their avant garde approach to Catholicism A year after the chapel opened Morton Feldman's musical work Rothko Chapel proved essential to correcting the unintentionally grave atmosphere of the de Menil's chapel translating Rothko's existential dread into sacred ecumenism for visitors Author Ryan Dohoney reconstructs the network of artists musicians and patrons who collaborated on the premier of Feldman's music for the space and documents the ways collaborators struggled over fundamental questions about the emotional efficacy of art

and its potential translation into religious feeling Rather than frame the debate as a conflict of art versus religion Dohoney argues that the popular claim of modernism's autonomy from religion has been overstated and that the two have been continually intertwined in an agonistic tension that animates many 20th century artistic collaborations *Lawrence Alloway* Lucy Bradnock, Courtney J. After Modernist Painting Craig Staff,2013-03-14 Painting has often been declared dead since the 1960s and yet it refuses to die Even the status and continued legitimacy of the medium has been repeatedly placed in question As such painting has had to continually redefine its own parameters and re negotiate for itself a critical position within a broader more discursive set of discourses Taking the American Clement Greenberg s Modernist Painting as a point of departure After Modernist Painting will be both a historical survey and a critical re evaluation of the contested and contingent nature of the medium of painting over the last 50 years Presenting the first critical account of painting rather than art generally this book provides a timely exploration of what has remained a persistent and protean medium Craig Staff focuses on certain developments including the relationship of painting to Conceptual Art and Minimalism the pronouncement of paintings alleged death its response to Installation Art s foregrounding of site how it was able to interpret ideas around appropriation simulation and hybridity and how today painting can be understood as both imaging and imagining the digital After Modernist Painting is an invaluable resource for those seeking to understand the themes and issues that have pertained to painting within the context of postmodernism and contemporary artistic practice Antiquities
