Sir Joshua Reynolds: Plates David Mannings, Sir Joshua Reynolds, 2000 The Self-Portrait: A Cultural History James Hall, 2016-02-16 Hall provides a lively cultural interpretation of the genre from the Middle Ages to today Rather than provide a series of greatest hits he is more concerned with the reasons why artists create self portraits The Weekly Standard The self portrait may be the visual genre most identified with our confessional era but modern artists are far from the first to have explored its power and potential In this broad cultural survey of the genre art historian and critic James Hall brilliantly maps the history of self portraiture from the earliest myths of Narcissus and the Christian tradition of bearing witness to the prolific self image making of today s contemporary artists Hall s intelligent and vivid account shows how artists depictions of themselves have been part of a continuing tradition that reaches back centuries Along the way he reveals the importance of the medieval mirror craze the explosion of the genre during the Renaissance the confessional self portraits of Titian and Michelangelo the biographical role of serial self portraits by artists such as Courbet and van Gogh themes of sex and genius in works by Munch Bonnard and Modersohn Becker and the latest developments of the genre in the era of globalization Comprehensive and beautifully illustrated the book features the work of a wide range of artists including Alberti Caravaggio D rer Emin Gauguin Giotto Goya Kahlo Koons Magritte Mantegna Picasso Raphael Rembrandt and Warhol *A Descriptive Catalogue of the Books Forming the Library of Clarence H. Department of Science and Art, 1870 The Georgian London Town House Kate Retford, Susanna Avery-Quash, 2019-03-07

For every great country house of the Georgian period there was usually also a town house Chatsworth for example the home of the Devonshires has officially been recognised as one of the country's favourite national treasures but most of its visitors know little of Devonshire House which the family once owned in the capital In part this is because town houses were often leased rather than being passed down through generations as country estates were But most crucially many London town houses including Devonshire House no longer exist having been demolished in the early twentieth century This book seeks to place centre stage the hugely important yet hitherto overlooked town houses of the eighteenth and early nineteenth centuries exploring the prime position they once occupied in the lives of families and the nation as a whole It explores the owners how they furnished and used these properties and how their houses were judged by the various types of visitor who gained access **Bookseller's catalogues** Upham and Beet messrs, 1853 *Literature* ,1900 The Edinburgh Review ,1865 **Athenaeum** ,1858
