The Spirit of Romance Michael W. Elliott,2013-09-30 The Spirit of Romance is a collection of fifteen unrelated short stories They were written over a number of years and originated from a variety of sources of inspiration The over riding inspiration for the stories came from my all encompassing belief in the resilience and strength of the human spirit and heart The fact that I am a hopeless romantic also had a great deal to do with the creation of my characters and their situations In each story I attempted to take ordinary people and place them in extraordinary situations I hoped to illustrate the awesome magnificence of the human spirit and the mighty power of true love How the spirit of love whether it be the love a father has for his son or the bond between soulmates can survive even death Within its pages you will find ghosts of both a congenial and malevolent nature You will discover children being given magical gifts You will find enchanted potions magical spells and supernatural intervention I chose the name of the book based not only on one of the story s titles but my strong belief in the spirit of romance

RELICS - A Myth You Don't Believe - A Reality You Won't Survive John Vandeventer, 2017-10-19 Samuel Redstone enjoyed a quiet life as the chief of police of a small town in Southeastern Oklahoma His peace would soon be shattered by the bizarre death of a group of outlaw motorcycle club members just outside his beloved town of Talihina The violent deaths could not be easily explained When other members of the club come to town to exact revenge and make charges of police brutality Sam is distracted by this causing him to momentarily miss other bizarre activities in around Talihina To make matters worse Sam's old flame returns to town with her husband complicating

Sam's life even further. As time passes, it becomes evident that something other than outlaw motorcycle gangs has descended on Talihina. Strange animal behavior and a rash of dead and disappearing dogs are the first warnings to the residence of the small town that a new danger is lurking in the beautiful Kiamichi Mountains surrounding the community. Bizarre helicopter and military activity also become common place in the area, not to mention a US Forest Service Special Agent named Paul Eastman is adding to the stress and confusion plaguing Sam. Sam's father Addison, a full blood Choctaw, is the first to recognize the real danger to the community. Sam is reluctant to listen to the old stories and legends of his ancestors. As a veteran of two tours in Iraq, Sam is confident he can handle what he assumes is a criminal element threatening Talihina. Unknown to Sam, something else, something ancient and lethal, is threatening Talihina. The government agency that is supposed to be neutralizing the threat is only making things worse. The creatures are referred to by many names throughout the world and among the First Nations Tribes. As the truth becomes evident, Sam must rely on his father's leadership and warrior skills to confront and defeat what he comes to know as RELICS.

Operations in Afghanistan Great Britain: Parliament: House of Commons: Defence Committee, 2011-07-17. This report looks at operations in Afghanistan since 2006 and makes further recommendations for the anticipated draw down of forces. UK Forces were deployed in Helmand Province in Afghanistan for three years from 2006 without the necessary personnel, equipment, or intelligence to succeed in their mission. Mistakes were made as a result of a failure in military and political coordination. The decision to move UK Armed Forces into the South of Afghanistan in early 2006 was not fully thought through. The Committee is concerned that the MoD did not anticipate that the presence of the Armed Forces in Helmand might stir up a hornets nest, especially as much of the intelligence was contradictory. Senior military advisers should have drawn attention to the need for force levels to be sufficiently robust to cope with an unpredictable conflict. The Committee is disturbed that the Secretary of State was told that commanders on the ground were content with the support they were being given in Helmand when clearly they were not. After only a matter of months in Helmand, the nature of the UK Mission changed with serious strategic implications. The MoD did not respond quickly enough to changes in Taliban tactics. The MoD should prioritise the protection of personnel. The Government's room for manoeuvre regarding the number of troops that could be withdrawn from Afghanistan as part of an immediate transition is necessarily limited. More emphasis needs to be placed on capacity building within the political system if long term success is to be achieved.
