## **Sisters Of The Yam:**

*Sisters of the Yam* bell hooks, 2014-10-03 In *Sisters of the Yam* bell hooks reflects on the ways in which the emotional health of black women has been and continues to be impacted by sexism and racism. Desiring to create a context where black females could both work on their individual efforts for self actualization while remaining connected to a larger world of collective struggle hooks articulates the link between self recovery and political resistance. Both an expression of the joy of self healing and the need to be ever vigilant in the struggle for equality *Sisters of the Yam* continues to speak to the experience of black womanhood.

Hop on Pop Henry Jenkins III, Jane Shattuc, Tara McPherson, 2003-01-23 *Hop on Pop* showcases the work of a new generation of scholars from fields such as media studies, literature, cinema, and cultural studies whose writing has been informed by their ongoing involvement with popular culture and who draw insight from their lived experiences as critics, fans, and consumers. Proceeding from their deep political commitment to a new kind of populist grassroots politics, these writers challenge old modes of studying the everyday. As they rework traditional scholarly language, they search for new ways to write about our complex and compelling engagements with the politics and pleasures of popular culture and sketch a new and lively vocabulary for the field of cultural studies. The essays cover a wide and colorful array of subjects including pro wrestling, the computer games *Myst* and *Doom*, soap operas, baseball card collecting, the Tour de France, karaoke, lesbian desire in the *Wizard of Oz*, Internet fandom for the series *Babylon 5*, and the stress management industry. Broader themes examined include the origins of popular culture, the aesthetics and politics of performance, and the social and cultural processes by which objects and practices are deemed tasteful or tasteless. The commitment that binds the contributors is to an emergent perspective in cultural studies, one that engages with popular culture as the culture that sticks to the skin, that becomes so much a part of us that it becomes increasingly difficult to examine it from a distance. By refusing to deny or rationalize their own often contradictory identifications with popular culture, the contributors ensure that the volume as a whole reflects the immediacy and vibrancy of its objects of study. *Hop on Pop* will appeal to those engaged in the study of popular culture, American studies, cultural studies, cinema, and visual studies, as well as to the general educated reader. problems of patriarchy within the black community little attention has been paid to the intersecting dynamics of complicity By laying bare the nexus between victim status and complicity in oppression Breaking the Silence charts a new direction for conceptualizing black women s complex humanity and provides the foundations for more expansive feminist approaches to resolving intraracial gender conflicts

**Women Warriors of the Afro-Latina Diaspora** Marta Moreno Vega, Marinieves Alba, Yvette Modestín, 2012-04-30 Hers is one of eleven essays and four poems included in this volume in which Latina women of African descent share their stories The authors included are from all over Latin America Brazil the Dominican Republic Haiti Panama Puerto Rico Venezuela and the United States They write about the African diaspora and issues such as colonialism oppression and disenfranchisement Diva Moreira a Brazilian writes that she experienced racism and humiliation at a very young age The worst experience she remembers was her mother s bosses conviction that Diva didn t need to go to school after the fourth grade because blacks don t need to study more than that

Feminist Foremothers in Women's Studies, Psychology, and Mental Health Ellen Cole, Esther D Rothblum, Phyllis Chesler, 2014-05-12 Feminist Foremothers in Women s Studies Psychology and Mental Health is by and about the more recent wave of feminist foremothers those who were awakened in the 1960s and 70s to the realization that something was terribly wrong These are the women who created the fields of feminist therapy feminist psychology and women s mental health as they exist today The 48 women share their life stories in the hope that they will inspire and encourage readers to take their own risks and their own journeys to the outer edges of human possibility Authors write about what led up to their achievements what their accomplishments were and how their lives were consequently changed They describe their personal stages of development in becoming feminists from unawareness to activism to action Some women focus on the painful barriers to success fame and social change others focus on the surprise they experience at how well they and the women s movement have done Some well known feminist foremothers featured include Phyllis Chesler Gloria Steinem Kate Millett Starhawk Judy Chicago Zsuzsanna Emese Budapest Andrea Dworkin Jean Baker Miller Carol Gilligan In Feminist Foremothers in Women s Studies Psychology and Mental Health many of the women see in hindsight how prior projects and ideas and even dreams were the forerunners to their most important work They note the importance of sisterhood and the presence of other women and the loneliness and isolation experienced when they don t exist They note the validation they have received from grassroots feminists in contrast to disbelief from professionals Although these women have been and continue to be looked up to as foremothers they realize how little recognition they ve been given from society at large and how much better off their male counterparts are Some foremothers write about the feeling of being different not meshing with the culture of the time and about challenging the system as an outsider not an insider These are women who had few mentors who had to forge their own way hit the ground running Their stories will challenge readers to press on to continue the work these foremothers so courageously started Throughout the pages of Feminist Foremothers in Women s Studies Psychology and Mental Health runs a sense of

excitement and vibrancy of lives lived well of being there during the early years of the women's movement of making sacrifices of taking risks and living to see enormous changes result Throughout these pages too sounds a call not to take these changes for granted but to recognize that feminists rather than arguing over picayune issues or splitting politically correct hairs are battling for the very soul of the world

**We Pursue Our Magic** Marina Magloire, 2023-08-29 Drawing on the collected archives of distinguished twentieth century Black woman writers such as Lucille Clifton Audre Lorde Toni Cade Bambara Lorraine Hansberry and others Marina Magloire traces a new history of Black feminist thought in relation to Afro diasporic religion Beginning in the 1930s with the pathbreaking ethnographic work of Katherine Dunham and Zora Neale Hurston in Haiti and ending with the present day popularity of Afro diasporic spiritual practices among Black women she offers an alternative genealogy of Black feminism characterized by its desire to reconnect with ancestrally centered religions like Vodou Magloire reveals the tension discomfort and doubt at the heart of each woman's efforts to connect with ancestral spiritual practices These revered writers are often regarded as unchanging monuments to Black womanhood but Magloire argues that their feminism is rooted less in self empowerment than in a fluid pursuit of community despite the inevitable conflicts wrought by racial capitalism The subjects of this book all model a nuanced Black feminist praxis grounded in the difficult work of community building between Black women across barriers of class culture and time

**The Shape of Spirituality** Dick Houtman, Galen Watts, 2024-10-15 Around 20 percent of Americans fall into the category of spiritual but not religious Yoga has become a ubiquitous pastime for middle class Westerners Mindfulness is increasingly incorporated into school curricula sports programs and even corporate culture Hollywood icons and Silicon Valley trendsetters tout the benefits of a spiritual life These developments reflect a widespread turn away from religion toward spirituality Yet the nature of this spiritual turn is still poorly understood and its consequences sorely underappreciated The Shape of Spirituality brings together leading sociologists to challenge common notions that spirituality is individualistic privatized and apolitical and to make the definitive case for its social and political significance Contributors examine the sweeping influence of spirituality on a variety of realms including health care and therapeutic practice popular culture civic engagement public protest conspiracy culture and progressive politics Leveraging cutting edge quantitative and qualitative data this authoritative book makes clear that far from being marginal and inconsequential spirituality holds profound public importance today

**I Bring the Voices of My People** Chanequa Walker-Barnes, 2019-10-01 Disrupting the racist and sexist biases in conversations on reconciliation Chanequa Walker Barnes offers a compelling argument that the Christian racial reconciliation movement is incapable of responding to modern day racism She demonstrates how reconciliation's roots in the evangelical male centered Promise Keepers movement has resulted in a patriarchal and largely symbolic effort focused upon improving relationships between men from various racial ethnic groups Walker Barnes argues that highlighting the voices of women of color is critical to developing any genuine efforts toward reconciliation Drawing upon intersectionality theory and critical race studies she

demonstrates how living at the intersection of racism and sexism exposes women of color to unique experiences of gendered racism that are not about relationships but rather are about systems of power and inequity Refuting the idea that race and racism are one size fits all *I Bring the Voices of My People* highlights the particular work that White Americans must do to repent of racism and to work toward racial justice and offers a constructive view of reconciliation that prioritizes eliminating racial injustice and healing the damage that it has done to African Americans and other people of color

*Contemporary Perspectives on Rhetoric* Sonja K. Foss, Karen A. Foss, Robert Trapp, 2014-04-04 The anniversary edition marks thirty years of offering an indispensable review and analysis of thinkers who have exerted a profound influence on contemporary rhetorical theory I A Richards Ernesto Grassi Cha m Perelman and Lucie Olbrechts Tyteca Stephen Toulmin Richard Weaver Kenneth Burke J rgen Habermas bell hooks Jean Baudrillard and Michel Foucault The brief biographical sketches locate the theorists in time and place showing how life experiences influenced perspectives on rhetorical thought The concise explanations of complex concepts are clear engaging insightful and highly accessible serving as an excellent primer for reading the major works of these scholars The critical commentary is carefully chosen to highlight implications and to place the theories within a broader rhetorical context Each chapter ends with a complete bibliography of works by the theorists

**Appalachia in Regional Context** Dwight B. Billings, Ann E. Kingsolver, 2018-03-02 In an increasingly globalized world place matters more than ever This concept especially holds true in Appalachian studies a field that brings scholars activists artists and citizens together around the region to contest misappropriations of resources and power and to combat stereotypes of isolation and intolerance In *Appalachia in Regional Context Place Matters* Dwight B Billings and Ann E Kingsolver assemble scholars and artists from a variety of disciplines to broaden the conversation and challenge the binary opposition between regionalism and globalism In addition to theoretical explorations of place some of the case studies examine foodways depictions of gendered and racialized Appalachian identity in popular culture the experiences of rural LGBTQ youth and the pitfalls and promises of teaching regional studies Drawing on ideas from cultural anthropology sociology and a variety of other fields and interleaved with poems by bell hooks this volume furthers the examination of new perspectives on one of America s most compelling and misunderstood regions

**Too Heavy a Yoke** Chanequa Walker-Barnes, 2014-06-19 Black women are strong At least that s what everyone says and how they are constantly depicted But what exactly does this strength entail And what price do Black women pay for it In this book the author a psychologist and pastoral theologian examines the burdensome yoke that the ideology of the Strong Black Woman places upon African American women She demonstrates how the three core features of the ideology emotional strength caregiving and independence constrain the lives of African American women and predispose them to physical and emotional health problems including obesity diabetes hypertension and anxiety She traces the historical social and theological influences that resulted in the evolution and maintenance of the Strong Black Woman including the Christian church R B and hip hop artists and popular television and film Drawing upon womanist pastoral theology and

twelve step philosophy she calls upon pastoral caregivers to aid in the healing of African American women's identities and crafts a twelve step program for Strong Black Women in recovery      Black Women Taught Us Jenn M.
