Army ,1997 The Army Communicator ,2002 Armed with Abundance Meredith H. Lair,2011-11-28 Popular representations of the Vietnam War tend to emphasize violence deprivation and trauma By contrast in *Armed with Abundance* Meredith Lair focuses on the noncombat experiences of U S soldiers in Vietnam redrawing the landscape of the war so that swimming pools ice cream visits from celebrities and other comforts share the frame with combat To address a tenuous morale situation military authorities Lair reveals wielded abundance to insulate soldiers and by extension the American public from boredom and deprivation making the project of war perhaps easier and certainly more palatable The result was dozens of overbuilt bases in South Vietnam that grew more elaborate as the war dragged on Relying on memoirs military documents and G I newspapers Lair finds that consumption and satiety rather than privation and sacrifice defined most soldiers Vietnam deployments *Abundance* quarantined the U S occupation force from the impoverished people it ostensibly had come to liberate undermining efforts to win Vietnamese hearts and minds and burdening veterans with disappointment that their wartime service did not measure up to public expectations With an epilogue that finds a similar paradigm at work in Iraq *Armed with Abundance* offers a unique and provocative perspective on modern American warfare

Tools and Techniques for Implementing International E-Trading Tactics for Competitive Advantage Meral, Yurdagül, 2019-09-20. The use of ICT applications has dipped into almost every aspect of the business sector including trade. With the volume of e-commerce increasing, international traders must switch their rules and practices to e-trade to survive in such a competitive market. However, the complexity of international trade, which covers customs, processes, different legislation, specific documentation requirements, different languages, different currencies and different payment systems and risk, presents its own challenges in this transition. Tools and Techniques for Implementing International E-Trading Tactics for Competitive Advantage examines the multidisciplinary approach of international e-trade as it applies to information technology, digital marketing, digital communication, online reputation management and different legislation and risks. The content within this publication examines digital advertising, consumer behavior and e-commerce and is designed for international traders, entrepreneurs, business professionals, researchers, academicians and students.
