Aavang,2023-02-24 Can a man alone in the Canadian wilderness in the depths of the worst winter in memory surrounded by wolves survive and fulfill his unique destiny John has just finished eight grueling years of study in First Nation s People His Ph D and professorship will happen when he returns from his summer of research and a unique medical mission in the northern reaches of Canada His background in a small bush town with a legendary bush pilot grandfather raising John gives him a deep understanding of the bush a strong desire to help the First Nation s People and a pilot s license Accompanying him a young doctor Sky by chance is a childhood nemesis the daughter of a chief and friend of John s Grandpa Johnny They competed on every level and she usually won whether it was a foot race or catching the most fish Separated by differing life trajectories and cultures for ten years they find themselves sharing this summer mission of four months A wilderness emergency forces Sky s departure with a patient before the mission is completed John s return flight home ends in a sudden violent storm John crashes and faces the dilemma of a lifetime break a cardinal rule in the bush stay with the wreckage until found John also finds his survival in the unforgiving bush requires him to abandon the conventions of civilization and instead rely on the lore and wisdom of the very people he studies The apex creature of the wilderness is not man it s the wolf To survive John must listen to the wolves But it s not the haunting howls the excited yapping of the hunt or the growls of a pack feeding It is their harmony adaptability and rhythm to the world they live John must hear their message or perish **On Waters North and South** Thomas E.
