Skills In Religious Studies

Lynne Broadbent, Alan Brown

Skills In Religious Studies:

Skills in religious studies S. C. Mercier, 1997 Skills in Religious Studies ,1988 **The Religious Studies Skills Book** Eugene V. Gallagher, Joanne Maguire, 2018-12-13 Studying religion in college or university This book shows you how to perform well on your course tests and examinations write successful papers and participate meaningfully in class discussions You ll learn new skills and also enhance existing ones which you can put into practice with in text exercises and assignments Written by two award winning instructors this book identifies the close reading of texts material culture and religious actions as the fundamental skill for the study of religion at undergraduate level It shows how critical analytical thinking about religious actions and ideas is founded on careful patient yet creative reading of religious stories rituals objects and spaces The book leads you through the description analysis and interpretation of examples from multiple historical periods cultures and religious traditions including primary source material such as Matthew 6 9 13 the Lord s Prayer the gohonzon scroll of the Japanese new religion Soka Gakkai and the pilgrimage to Mecca hajj It provides you with typical assignments you will encounter in your studies showing you how you might approach tasks such as reflective interpretive or summary essays Further resources found on the book s website include bibliographies and links to useful podcasts Improving Religious Education Through Teacher Training Friedrich Schweitzer, Rob Freathy, Stephen G. Parker, Henrik Simojoki, 2023 This book brings together two topics which have both been of increasing interest in different countries The first refers to the quality of Religious Education as a school subject RE in general the second is about the education of teachers of RE and its possible contribution to better quality RE There have been many public and often controversial debates concerning both of these topics The chapters contained in this volume however are not meant to continue such debates even if it is inevitable that they will contribute to these debates as well but to make use of research especially research on teacher education in the field of RE in order to provide insights based not just on political or personal opinions but on rigorous academic scholarship

Debates in Religious Education L. Philip Barnes, 2011-07-07 What are the key debates in Religious Education teaching today Debates in Religious Education explores the major issues all RE teachers encounter in their daily professional lives It encourages critical reflection and aims to stimulate both novice and experienced teachers to think more deeply about their practice and link research and evidence to what they have observed in schools This accessible book tackles established and contemporary issues enabling you to reach informed judgements and argue your point of view with deeper theoretical knowledge and understanding Taking account of recent controversy and challenging assumptions about the place of religion in education expert contributors cover key topics such as Effective pedagogy in RE teaching Exploring thinking skills and truth claims The relationship of science and religion in the classroom The place of school worship in contemporary society The role of RE in spiritual and moral development Diversity in the RE classroom With its combination of expert opinion and fresh insight Debates in Religious Education is the ideal companion for any student or practising teacher engaged in initial

training continuing professional development and Masters level study Theology and Religious Studies in Higher Education D.L. Bird, Simon G. Smith, 2009-01-22 Theology and religious studies co exist in the majority of departments in higher education institutions within the UK yet there has been very little debate or discussion on how these two disciplines relate to one another in this context and on a more general level This new collection of essays aims to redress the balance and to add to fruitful discussion in this area Including essays by some of today s leading academics on the sometimes contentious relationship between religious studies or the study of religions and theology this volume is international in scope with contributions from scholars from the UK USA South Africa Netherlands Sweden and Iran Many of the essays offer a contextualised account of the evolving relationship between the disciplines The contributors address such issues as the place of theology within today s universities the problem of clashing methodologies in theology and religious studies the possibility for a theological religious studies approaching the study of religions without theology interdisciplinary approaches for bridging the theology religious studies divide and the place of biblical studies in the theology religious studies debate

Teaching Critical Religious Studies Jenna Gray-Hildenbrand, Beverley McGuire, Hussein Rashid, 2022-08-11 Are you teaching religious studies in the best way possible Do you inadvertently offer simplistic understandings of religion to undergraduate students only to then unpick them at advanced levels This book presents case studies of teaching methods that integrate student learning classroom experiences and disciplinary critiques It shows how critiques of the scholarship of religious studies including but not limited to the World Religions paradigm Christian normativity Orientalism colonialism race gender sexuality and class can be effectively integrated into all courses especially at an introductory level Integrating advanced critiques from religious studies into actual pedagogical practices this book offers ways for scholars to rethink their courses to be more reflective of the state of the field This is essential reading for all scholars in religious studies

Teaching Religious Education Elaine McCreery, Sandra Palmer, Veronica Voiels, 2008-05-21 Many trainee primary teachers are uncertain as to the place and purpose of RE in primary schools This book is designed to alleviate such fears and give trainees the security and confidence to teach RE effectively Trainees are encouraged to recognise their own religious position and understand how they handle their own beliefs and commitments in the classroom In addition they will learn how to be sensitive to children s religious viewpoints allowing children to share their beliefs in a secure and supportive environment A range of strategies help readers to provide engaging and appropriate RE across the primary age phase

The Oxford Handbook of Religion and Education Liam Francis Gearon, Arniika Kuusisto, 2025-04-29 The Oxford Handbook of Religion and Education offers a multi disciplinary work of scholarship and research highlighting the global significance of a critical interface of cultural and social political and theological importance Drawing on historical perspective and contemporary reflection the collection provides a uniquely transformative analysis of why the interface of religion and education is of such critical significance With contributions from some of the leading thinkers in the field this Handbook

presents a cumulatively powerful argument to reassess the complexities of the intersection of religion and education. With ambitious and yet accessible intellectual engagements, the Handbook here furthers a central thesis that the interface of religion and education is not merely a matter of arcane disputation about a domain of ancient origin or a rudimentary matter of formal educational process, but a vibrant domain of critical contestation fundamental to knowing, understanding, and living in the modern world.

The Bloomsbury Handbook of Religious Education in the Global South Yonah Hisbon Matemba, Bruce A. Collet, 2022-02-10. The Bloomsbury Handbook of Religious Education in the Global South presents new comparative perspectives on Religious Education (RE) across the Global South. Including 23 chapters written by scholars from the Global North and South, this is the first authoritative reference work on the subject. The handbook is thematically organised into seven sections. The first three sections deal with provision, response to changes in contemporary society, and decolonizing RE. The next four sections explore young people and RE, perspectives on teachers, RE in higher education, and finally challenges and opportunities for RE. The term Global South is used here primarily to signify the deep economic divide with the Global North, but the concept is also examined in historical, geographical, political, social, and cultural terms, including the indelible influence of religion in all four broadly defined regions. Exploring RE from local, cross-national, as well as regional and sub-regional perspectives, the handbook examines RE from its diverse past, present realities, and envisioned future, revealing not only tensions, contestations, injustices, and inequalities of power, but importantly how inclusive forms of RE can help solve these problems.

Recognizing the habit ways to acquire this book **Skills In Religious Studies** is additionally useful. You have remained in right site to begin getting this info. acquire the Skills In Religious Studies connect that we pay for here and check out the link.

You could purchase lead Skills In Religious Studies or get it as soon as feasible. You could quickly download this Skills In Religious Studies after getting deal.
