Connie Eble

Slang And Sociability In Group Language Among College Students

Gisle Andersen, Karin Aijmer

Slang And Sociability In Group Language Among College Students:

Slang & Sociability Connie C. Eble, 1996 Slang is often seen as a lesser form of language one that is simply not as meaningful or important as its regular counterpart Connie Eble refutes this notion as she reveals the sources poetry symbolism and subtlety of informal slang expressions

Slang & Sociability Connie C. Eble, 1996 Slang and Sociability In Group Language Among College Students

Campus Traditions Simon J. Bronner, 2012-09-10 From their beginnings campuses emerged as hotbeds of traditions and folklore American college students inhabit a culture with its own slang stories humor beliefs rituals and pranks Simon J Bronner takes a long engaging look at American campus life and how it is shaped by students and at the same time shapes the values of all who pass through it The archetypes of absent minded profs fumbling jocks and curve setting dweebs are the stuff of legend and humor along with the all nighters tailgating parties and initiations that mark campus tradition and student identities Undergraduates in their hallowed halls embrace distinctive traditions because the experience of higher education precariously spans childhood and adulthood parental and societal authority home and corporation play and work Bronner traces historical changes in these traditions The predominant context has shifted from what he calls the old time college small in size and strong in its sense of community to mass society's mega university a behemoth that extends beyond any campus to multiple branches and offshoots throughout a state region and sometimes the globe One might assume that the mega university has dissolved collegiate traditions and displaced the old time college but Bronner finds the opposite Student needs for social belonging in large universities and a fear of losing personal control have given rise to distinctive forms of lore and a striving for retaining the pastoral campus feel of the old time college The folkloric material students spout and sprout in response to these needs is varied but it is tied together by its invocation of tradition and social purpose Beneath the veil of play students work through tough issues of their age and environment They use their lore to suggest ramifications if not resolution of these issues for themselves and for their institutions In the process campus traditions are keys to the development of American culture

Dialects in Schools and Communities Carolyn Temple Adger, Walt Wolfram, Donna Christian, 2014-05-22 This book describes dialect differences in American English and their impact on education and everyday life It explores some of the major issues that confront educational practitioners and suggests what practitioners can do to recognize students language abilities support their language development and expand their knowledge about dialects Topics addressed include popular concerns about the nature of language variation characteristic structures of different dialects various interactive patterns characteristic of social groups the school impacts of dialect differences in speaking writing and reading including questions about teaching Standard English and the value of dialect education in schools to enable students to understand dialects as natural and normal language phenomena Changes in the Second Edition In this edition the authors reconsider and expand their discussion of many of the issues addressed in the first edition and in other of their earlier works taking into account especially the

research on dialects and publications for audiences beyond linguistics that have appeared since the first edition This edition is offered as an updated report on the state of language variation and education in the United States Dialects in Schools and Communities is rooted in questions that have arisen in workshops surveys classes discussion groups and conversations with practitioners and teacher educators It is thus intended to address important needs in a range of educational and related service fields As an overview of current empirical research it synthesizes current understandings and provides key references in this sense it is a kind of translation and interpretation in which the authors goal is to bring together the practical concerns of educators and the vantage point of sociolinguistics No background in linguistics or sociolinguistics is assumed on the part of the reader This volume is intended for teacher interns and practicing teachers in elementary and secondary schools early childhood specialists specialists in reading and writing speech language pathologists special education teachers and students in various language specialties

World Englishes Volumes I-III Set Tommetro Hopkins, Kendall Decker, John McKenny, 2013-03-14 World Englishes is a twelve volume series presenting a comprehensive detailed survey of English as it is spoken all over the world The volumes are organised into four groups covering Britain Europe America Africa and Asia and celebrate English in all its diversity The chapters contain maps facts and figures and a detailed description about English as it is spoken in each region and are an invaluable library resource for undergraduates postgraduates and academics interested in the diversity of the English language

The Routledge Linguistics Encyclopedia Kirsten Malmkjaer, 2009-12-04 The Routledge Linguistics Encyclopedia is a single volume encyclopedia covering all major and subsidiary areas of linguistics and applied linguistics The 79 entries provide in depth coverage of the topics and sub topics of the field Entries are alphabetically arranged and extensively cross referenced so the reader can see how areas interrelate Including a substantial introduction which provides a potted history of linguistics and suggestions for further reading this is an indispensable reference tool for specialists and non specialists alike This third edition has been thoroughly revised and updated with new entries on attitudes to language conversation analysis English Language Teaching gesture and language idioms language and advertising language and new technologies linguistics in schools optimality theory research methods in linguistics slang The following entries have been recommissioned or substantially revised Animals and Language Artificial Languages Computational Linguistics to Language Engineering Contrastive Analysis Contrastive Linguistics Corpus Linguistics Critical Discourse Analysis Dialectology Discourse Analysis Dyslexia Genre Analysis Historical Linguistics Intonation Language and Education Language Gender and Sexuality Language Origins Language Surveys Language Universals Linguistic Typology Metaphor Pragmatics Rhetoric Semantics Semiotics Sociolinguistics Stylistics Systemic Functional Grammar Writing Systems

Bad Language Edwin L. Battistella, 2005-08-25 Is today's language at an all time low Edwin Battistella argues that it is wrong to think of slang regional dialects and nonstandard grammar as simply breaking the rules of good English Re-examining debates over relativism in language Battistella argues that we should view language

as made up of alternative forms of regularity and orderliness which require informed engagement with usage *English in the Southern United States* Stephen J. Nagle, Sara L. Sanders, 2003-01-09 The English of the southern United States is possibly the most studied of any regional variety of any language because of its rich internal diversity its distinctiveness among regional varieties in the United States its significance as a marker of regional identity and the general folkloric appeal of southern culture However most if not all books about Southern American English have been directed almost exclusively toward scholars already working in the field This 2003 volume written by a team of experts many of them internationally known provides a broad overview of the foundations of and research on language variation in the southern United States designed to invite inquiry and inquirers It explores historical and cultural elements iconic contemporary features and changes in progress Central themes issues and topics of scholarly investigation and debate figure prominently throughout the volume The extensive bibliography will facilitate continued research

Narrative Research in Practice Rachael Dwyer, Ian Davis, Elke Emerald, 2016-09-07 This book directly addresses the multiplicity and complexity of narrative research by illustrating a variety of avenues to pursuing and publishing research that falls under the umbrella of narrative work The chapters are drawn from a wide range of disciplines including education literary studies cultural studies music and clinical studies Each chapter considers a particular methodological issue or approach illustrating how it was addressed in the course of the research Each of the chapters concludes with a set of discussion exercises and a further reading list The book offers a valuable resource for established researchers seeking to expand their methodological and theoretical repertoire and for graduate students and researchers new to narrative methods

Teaching Language Variation in the Classroom Michelle D. Devereaux, Chris C. Palmer, 2019-01-15 Bringing together the varied and multifaceted expertise of teachers and linguists in one accessible volume this book presents practical tools grounded in cutting edge research for teaching about language and language diversity in the ELA classroom By demonstrating practical ways teachers can implement research driven linguistic concepts in their own teaching environment each chapter offers real world lessons as well as clear methods for instructing students on the diversity of language Written for pre service and in service teachers this book includes easy to use lesson plans pedagogical strategies and activities as well as a wealth of resources carefully designed to optimize student comprehension of language variation

Language and Social Relations Asif Agha, 2007 Provides a way of accounting for the relationship between language and a variety of social phenomena

Making Sense of the Great War Alex Mayhew, 2024-04-18 This interdisciplinary account explores how English infantrymen in Belgium and France experienced and coped with war between 1914 and 1918

The Oxford Handbook of Taboo Words and Language Keith Allan, 2019 This volume brings together experts from a wide range of disciplines to define and describe taboo words and language and to investigate the reasons and beliefs behind them It examines topics such as impoliteness swearing censorship taboo in deaf communities translation of tabooed words and the use of taboo in banter and comedy

Pejorative Suffixes and Combining

Forms in English José A. Sánchez Fajardo, 2022-02-15 The book is a research monograph that reviews and revises the concept of linguistic pejoration and explores the role of 15 suffixes and combining forms such as *-ish*, *-o*, *-ard*, *-holic*, *-rrhea*, *-itis*, *-porn* in the formation of English pejoratives. The examination of the inner structure of the resulting derivatives is based on an innovative methodology that encompasses the theories and approaches of Construction Morphology, Componential Analysis and Morphopragmatics. Following the principles of this methodology, pejorative words collected from dictionaries and corpora, a total of approximately 950 words, are abstracted into generalizations or constructional schemas where structural and functional similarities are used to cognitively trace the ways in which negative or derisive meaning is connected with a specific form. Through this multifaceted methodology, my analysis showcases the fact that the universal properties of diminution, excess, resemblance and metonymization are what underlie the making of pejorative meaning. These generalizations, along with the schematic representations of formatives, can help linguists or linguistics enthusiasts in general to understand the conventions and intricacy of lexical pejoration.

How Myths about Language Affect Education David Johnson, 2008-05-27 *How Myths about Language Affect Education: What Every Teacher Should Know* clarifies some of the most common misconceptions about language, particularly those that affect teachers and the decisions they make when they teach English language learners. The chapters in this book address myths about language in general, about first and second language acquisition, about language and society, and about language and thinking. Each chapter concludes with activities for teachers that give examples, exercises, or simple questions that relate directly to teachers' everyday dealings with ELLs and language. *How Myths about Language Affect Education* is not intended to be a complete introduction to linguistics; it does not contain information on phonetics or complex syntactic explanations, and technical jargon is kept to a minimum. The aim of this book is not to settle language issues but rather to highlight popular misconceptions and the ways that they influence debates regarding language and affect language policies in and out of the classroom.

Translation Practices Ashley Chantler, Carla Dente, 2009 This cutting edge collection, born of a belief in the value of approaching translation in a wide range of ways, contains essays of interest to students and scholars of translation, literary and textual studies. It provides insights into the relations between translation and comparative literature, contrastive linguistics, cultural studies, painting, and other media. Subjects and authors discussed include the translator as go-between, the textual editor as translator, Ghirri's photography and Celati's fiction, the European lending library, La Bible d'Amiens, the coining of Italian phraseological units, Michèle Roberts's *Impossible Saints*, the impact of modern translations for stage on perceptions of ancient Greek drama, and the translation of slang intensifiers. Characterisation, desire, the self, and America in 1990s Italian fiction. The collection closes with David Platzner's discussion of translating Dacia Maraini's poetry into English and with his new translations of *Ho Sognato una Stazione*, *I Dreamed of a Station*, and *Le Tue Bugie*, *Your Lies*.

Pragmatics of Society Gisle Andersen, Karin Aijmer, 2011-12-23 *Pragmatics of Society* takes a socio-cultural perspective on pragmatics and gives a broad view of how social and cultural

factors influence language use The volume covers a wide range of topics within the field of sociopragmatics This subfield of pragmatics encompasses sociolinguistic studies that focus on how pragmatic and discourse features vary according to macro sociological variables such as age gender class and region variational pragmatics and discourse conversation analytical studies investigating variation according to the activity engaged in by the participants and the identities displayed as relevant in interaction The volume also covers studies in linguistic pragmatics with a more general socio cultural focus including global and intercultural communication politeness critical discourse analysis and linguistic anthropology Each article presents the state of the art of the topic at hand as well as new research

The Discourse of Perceived

Discrimination Sol Rojas-Lizana, 2019-09-26 This book offers a way forward toward a better understanding of perceived discrimination from a critical discourse studies perspective The volume begins with a discussion of quantitative studies on perceived discrimination across a range of disciplines and moves toward outlining the ways in which a discourse based framework drawing on tools from cognitive linguistics and discursive psychology offers valuable tools with which to document and analyze perceived discrimination through myriad lenses Rojas Lizana provides a systematic account grounded in a critical approach of perceived discrimination drawing on data from discourse from two minority groups self identified members of an LGBTIQ community and Spanish speaking immigrants in Australia and explores such topics as the relationship between language and discrimination the conditions for determining what constitutes discriminatory acts and both the copying and resistance strategies victims employ in their experiences A concluding chapter offers a broader comparison of the conclusions drawn from both communities and discusses their implications for further research on perceived discrimination This volume will be of particular interest to students and scholars in critical discourse studies social policy gender and sexuality studies and migration studies

Language Matters in Contemporary Zimbabwe Collen

Sabao, Esther Mavengano, 2024-06-17 Speaking to a broader global preoccupation with the state of languages and language development this book considers issues surrounding the diverse languages linguistic communities and cultures of Zimbabwe Reflecting on Shona Xitsonga Sotho Xhosa Tjwao Nambya IsiNdebele Nyanja Tshivenda English and Braille the book uncovers both the internal and external factors that impact language structures language use and language ideologies across the country The book considers how colonial legacies and contemporary language domination and minoritisation have led to language endangerment It considers the fate of communities whose languages are marginalised and in the process poses questions on what can and should be done to preserve Zimbabwean languages The authors offerings range across subjects as diverse as music linguistic innovation education human rights literature language politics and language policy in order to build a rich and nuanced picture of language matters in the country Coming at a critical moment of increasing mobility migration cultural plurality and globalisation this book will be an important resource for researchers across African literature linguistics communication policy and politics
