Slavery Its Origin And Legacy Problem Studies In American History:

Slavery J. B. Duff, Larry A. Greene, 1975-05 **Slavery, Its Origin and Legacy** John B. Duff, Larry A. Greene, 1975
Collection of essays by historians on the topic of slavery The Long American Revolution and Its Legacy Lester D. Langley, 2019-10-01 This book brings together Lester D. Langley's personal and professional link to the long American Revolution in a narrative that spans more than 150 years and places the Revolution in multiple contexts from the local to the transatlantic and hemispheric and from racial and gendered to political, social, economic and cultural perspectives. It offers a reminder that we are an old republic but a young nation and shows how an awareness of that dynamic is critical to understanding our current political, cultural and social malaise. The United States of America is still a work in progress. A descendant on his father's side from a long line of Kentuckians, Langley grew up torn between a father who embodied the idea of the Revolution's poor white male driven by economic self-interest and racial prejudices and a devoted and pious mother who saw life and history as a morality play. The author's intellectual and professional encounter with the American Revolution came in the 1960s as a young historian specializing in U.S. foreign relations and Latin American history, an era when the U.S. encounter with the revolution in Cuba and with the civil rights movement at home served as a reminder of the lasting and troublesome legacy of a long American Revolution. In a sweeping account that incorporates both the traditional iconic literature on the Revolution and more recent works in U.S., Canadian, Latin American, Caribbean and Atlantic world history, Langley addresses fundamental questions about the Revolution's meaning, continuing relevance and far-reaching legacy. **Program of the ... Annual Meeting of the American Historical Association** American Historical Association. Meeting, 1975 Slavery and Slaving in World History: 1900-1991 Joseph Calder Miller, 1999 This bibliography of 20th century literature focuses on slavery and slave trading from ancient times through the 19th century, compiling listings from all Western European languages. It contains over 10,000 entries. The principal sections organize works by political, geographical frameworks of the enslavers. Subject keyword and author indexes provide immediate, detailed access to the material. *Slavery and its Legacy in Ghana and the Diaspora* Rebecca Shumway, Trevor R. Getz, 2017-10-19 Ghana for all its notable strides toward more egalitarian political and social systems in the past 60 years remains a nation plagued with inequalities stemming from its long history of slavery and slave trading. The work assembled in this collection explores the history of slavery in Ghana and its legacy for both Ghana and the descendants of people sold as slaves from the Gold Coast in the era of the transatlantic slave trade. The volume is structured to reflect four overlapping areas of investigation: the changing nature of slavery in Ghana, including the ways in which enslaved people have been integrated into or excluded from kinship systems, social institutions, politics and the workforce over time; the long-standing connections forged between Ghana and the Americas and Europe through the transatlantic trading system and the forced migration of enslaved people; the development of indigenous and transnational anti-slavery ideologies; and the legacy of slavery and its ongoing reverberations.

Eudell,2003-04-03 This comparative study examines the emancipation process in the British Caribbean particularly Jamaica during the 1830s and in the United States particularly South Carolina during the 1860s Analyzing the intellectual and ideological foundations of postslavery Anglo America Demetrius Eudell explores how former slaves former slaveholders and their societies central governments understood and discussed slavery emancipation and the transition between the two Eudell investigates the public policies which addressed issues of labor control access to land and the general social behaviors of former slaves used to execute emancipation In both regions government appointed officials special magistrates in Jamaica and agents of the Freedmen s Bureau in South Carolina were crucial in implementing these policies While many former slaves were fighting for the right to be paid for their labor and to own land many officials came to view their role as part of a new civilizing mission whose goal was to eradicate the psychic damage supposedly caused by slavery Eudell concludes by examining the 1865 Morant Bay rebellion in Jamaica and the retreat from Reconstruction in South Carolina part of the larger movement of Redemption that occurred in 1877 Both of these occurrences represented the incomplete victory of emancipation Eudell argues and should provoke scholarly questions regarding the persistent thesis of U S exceptionalism *Teaching American History in a Global Context* Carl J.
