**Studies, Volume XVI** Boris Gasparov, 2023-07-28 Christianity and the Eastern Slavs Volume I Slavic Cultures in the Middle Ages offers an in depth exploration of the cultural and historical developments of Eastern Slavic societies under the influence of Christianity starting from the Christianization of Kievan Rus in 988 Edited by Boris Gasparov and Olga Raevsky Hughes

this volume is part of the California Slavic Studies series and features scholarly essays based on international conferences commemorating the Christian millennium of Eastern Slavs The book investigates the interplay between Christian tradition

and the cultural literary and institutional frameworks of early Slavic societies emphasizing the transformative impact of

Orthodox Christianity on Russian Ukrainian and Belorussian national identities This volume covers a wide range of topics

including the adoption of Christianity the use of Church Slavonic as a liturgical language and the cultural paradigms

established in the medieval period Through a multidisciplinary lens the essays provide insights into the formation of religious

practices linguistic traditions and literary expression that shaped the identity and heritage of the Eastern Slavs This

comprehensive examination is invaluable for scholars of Slavic studies medieval history and the intersection of religion and

culture in Eastern Europe This title is part of UC Press's Voices Revived program which commemorates University of

California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a

backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on

Kamusella, Motoki Nomachi, Catherine Gibson, 2016-04-29 This book analyzes the creation of languages across the

Slavophone areas of the world and their deployment for political projects and identity building mainly after 1989 It offers

perspectives from a number of disciplines such as sociolinguistics socio political history and language policy Languages are

artefacts of culture meaning they are created by people They are often used for identity building and maintenance but in

Central and Eastern Europe they became the basis of nation building and national statehood maintenance The recent split of

the Serbo Croatian language in the wake of the break up of Yugoslavia amply illustrates the highly politicized role of

languages in this region which is also home to most of the world's Slavic speakers This volume presents and analyzes the

creation of languages across the Slavophone areas of the world and their deployment for political projects and identity

building mainly after 1989 The overview concludes with a reflection on the recent rise of Slavophone speech communities in Western Europe and Israel The book brings together renowned international scholars who offer a variety of perspectives from a number of disciplines and sub fields such as sociolinguistics socio political history and language policy making this book of great interest to historians sociologists political scientists and anthropologists interested in Central and Eastern Europe and Slavic Studies     **A History of Slavic Studies in the United States** Clarence Augustus Manning,1957

**Slavic Languages in Psycholinguistics** Tanja Anstatt,Anja Gattnar,Christina Clasmeier,2016-06-13 Psycholinguistics explores the anchoring of language in cognition The Slavic languages are an attractive topic for psycholinguistic studies since their structural characteristics offer great starting points for the development of research on speech processing The research of these languages with experimental methods is however still in its infancy This book provides an insight into the current research within this field On one hand central topic is the question of how Slavic languages can contribute to psycholinguistic findings On the other hand all chapters introduce their respective psycholinguistic method and discuss it according to its usefulness and transferability to the Slavic languages The researched languages are mainly Russian and Czech however other languages e g Polish Belarusian or Bulgarian are touched upon as well Main topics are the characteristics of the mental lexicon multilingualism word recognition and sentence comprehension Furthermore several contributions address the issue of verbal aspect and aktionsarten as well as other grammatical categories     *Harvard Slavic Studies* ,1970     **The Slavonic Languages** Professor Greville Corbett,Professor Bernard Comrie,2003-09 In this scholarly

volume each of the living Slavonic languages are analysed and described in depth together with the two extinct languages Old Church Slavonic and Polabian In addition the various alphabets of the Slavonic languages particularly Roman Cyrillic and Glagolitic are discussed and the relationships of the Slavonic languages to other Indo European languages and to one another are explored The last chapter provides an account of those Slavonic languages in exile for example Russian Ukrainian Polish Czech and Slovak in the USA Each language chapter is written by an expert in the field in a format designed for comparative study Information on each language includes an introductory description of social context and development where appropriate a discussion of phonology a detailed presentation of synchronic morphology noting major historical developments comprehensive treatment of syntactic properties a discussion of vocabulary an outline of main dialects and an extensive bibliography listing English and other sources     *Die slavischen Sprachen / The Slavic Languages.
