Sweet Liberty Travels In Irish America:

Sweet Liberty Joseph O'Connor, 1997 **Sweet Liberty** Joseph O'Connor, 1997 *Irish America* Maureen Dezell, 2002-03-05 Old time politics piety and St Patrick's Day parades loom large when the Irish come to the American mind. None truly represents the complex legacy or contributions of the nation's oldest ethnic group who rank among the most highly educated and affluent Americans today. In *Irish America* Maureen Dezell takes a new and invigorating look at Americans of Irish Catholic ancestry who they are and how they got that way. A welcome antidote to so many standard issue sentimental representations of the Irish in the United States, *Irish America* focuses on popular culture as well as politics, the Irish in the Midwest and West as well as the East, the new Irish immigrants, the complicated role of the Church today and the unheralded heritage of Irish American women. Deftly weaving history, reporting and the observations of more than 100 men and women of Irish descent on both sides of the Atlantic, Dezell presents an insightful and highly readable portrait of a people and a culture.

Irish Catholic Writers and the Invention of the American South Bryan Giemza, 2013-07-08 In this comprehensive study, Bryan Giemza retrieves a missing chapter of Irish Catholic heritage by canvassing the literature of American Irish writers from the U.S. South. Beginning with the first Irish American novel published in Winchester, Virginia, in 1817, Giemza investigates nineteenth-century writers contending with the turbulence of their time, writers influenced by both American and Irish revolutions, dramatists and propagandists of the Civil War, and memoirists of the Lost Cause. Some familiar names arise in an Irish context, including Joel Chandler Harris and Kate O'Flaherty. Chopin. Giemza then turns to the works of twentieth-century writers such as Margaret Mitchell, John Kennedy Toole, and Pat Conroy. For each author, Giemza traces the impact of Catholicism on their ethnic identity and their work. Giemza draws on many never-before-seen documents, including the correspondence of Cormac McCarthy, interviews with members of the Irish community in Flannery O'Connor's native Savannah, Georgia, and Giemza's own correspondence with writers such as Valerie Sayers and Anne Rice. This lively history prompts a new understanding of how the Catholic Irish in the South helped invent a regional myth, an enduring literature, and a national image.

True Believers Joseph O'Connor, 2011-01-11 *True Believers* introduces us to a world of characters stunning in their variety. Here are sad-hearted priests, old friends, young lovers, rockers, and rebels. Here are runaway husbands and runaway wives. Here are jokers and fanatics, punks and poets, thinkers and drinkers, chancers and killers. Here are the true believers, all clinging desperately to some kind of faith in a mutable and dangerous world.

Irish Writing in the Twentieth Century David Pierce, 2000 With five Nobel Prize winners, seven Pulitzer Prize winners, and two Booker Prize-winning novelists, modern Irish writing has contributed something special and permanent to our understanding of the twentieth century. *Irish Writing in the Twentieth Century* provides a useful, comprehensive, and pleasurable introduction to modern Irish literature in a single volume. Organized chronologically by decade, this anthology provides the reader with a unique sense of the development and richness of Irish writing and of the society it reflected. It embraces all

forms of writing not only the major forms of drama fiction and verse but such material as travel writing personal memoirs journalism interviews and radio plays to offer the reader a complete and wonderfully varied sense of Ireland's contribution to our literary heritage David Pierce has selected major literary figures as well as neglected ones and includes many writers from the Irish diaspora The range of material is enormous and ensures that work that is inaccessible or out of print is now easily available The book is a delightful compilation including many well known pieces and captivating discoveries which anyone interested in literature will long enjoy browsing and dipping into Other People's Diasporas Sinéad

Moynihan, 2013-04-04 With the economic rise of the Celtic Tiger in the 1990s Irish culture was deeply impacted by a concurrent rise in immigration A nation tending to see itself as a land of emigrants suddenly saw waves of newcomers In this book Moynihan takes as her central question a formulation by sociologist Steve Garner What happens when other people's diasporas converge on the homeland of diasporic people Approaching the question from a cultural rather than a sociological vantage point Moynihan delves into fiction drama comedy and cinema since 1998 to examine the various representations of and insights into race relations Other People's Diasporas draws upon the recent fiction of Joseph O'Connor Roddy Doyle and Emma Donoghue films directed by Jim Sheridan and Eugene Brady drama by Donal O'Kelly and Ronan Noone and the comedy of Des Bishop to present a highly original and engaging exploration of contemporary Irish discourses on race

Native Intelligence Deepika Bahri, 2003 A compelling reclamation of the place of aesthetics in postcolonial literature Literature though it may be postcolonial literature is studied and understood largely and often solely in social and political terms In neglecting its aesthetic dimension as this book forcefully demonstrates we are overlooking not only an essential aspect of this literature but even a critical perspective on its sociopolitical function and value In *Native Intelligence* Deepika Bahri focuses on postcolonial literature's formal and aesthetic negotiations with sociopolitical concerns How Bahri asks do aesthetic considerations contest the social function of postcolonial literature In answering her book takes on two tasks First it identifies the burden of representation borne by post colonial literature through its progressive politicization Second it draws on Frankfurt School critical theory to reclaim a place for aesthetics in literary representation by closely engaging works of Rohinton Mistry Salman Rushdie and Arundhati Roy Throughout Bahri shows how attention to the aesthetic innovations and utopian impulses of postcolonial works uncovers their complex and uneven relationship to ideology reanimating their potential to make novel contributions to the larger project of social liberation
