qualities are on full display animating and informing poems that combine rich metaphoric imagery with direct powerful language Deftly weaving history and everyday experience Weigl transports readers from the front lines of the Vietnam War and all the tangled cultural and emotional scenes of that time to the slow winds of the American Midwest that softly ease the voice of the veteran returning home Though the poems struggle with themes of mortality and illness violence and forgiveness the poet's voice never wavers in its meditative calm poise and compassion Elegiac yet agile ethereal yet embodied The Abundance of Nothing is a work of searching openness generous insight and remarkable grace

tale replete with corporate greed a transnational lawsuit at a secretive World Bank tribunal in Washington violent threats murders and surprisingly victory The husband and wife duo immerses the reader in the lives of the Salvadoran villagers the journeys of the local activists who sought the truth about the effects of gold mining on the environment and the behind the scenes maneuverings of the corporate mining executives and their lawyers The Water Defenders demands that we examine our assumptions about progress and prosperity while providing valuable lessons for those fighting against destructive corporations in the United States and across the world
