Sweet Smell Of Mangoes:

The Tale of Hansuli Turn Tarashankar Bandyopadhyay, 2011-06-07 A terrifying sound disturbs the peace of Hansuli Turn a forest village in Bengal and the community splits as to its meaning Does it herald the apocalyptic departure of the gods or is there a more rational explanation The Kahars inhabitants of Hansuli Turn belong to an untouchable criminal tribe soon to be epically transformed by the effects of World War II and India's independence movement Their headman Bonwari upholds the ethics of an older time but his fragile philosophy proves no match for the overpowering machines of war As Bonwari and the village elders come to believe the gods have abandoned them younger villagers led by the rebel Karali look for other meanings and a different way of life As the two factions fight codes of authority religion sex and society begin to break down and amid deadly conflict and natural disaster Karali seizes his chance to change his people's future Sympathetic to the desires of both older and younger generations Tarashankar Bandyopadhyay depicts a difficult transition in which a marginal caste fragments and mutates under the pressure of local and global forces The novel's handling of the language of this rural society sets it apart from other works of its time while the village's struggles anticipate the dilemmas of rural development ecological and economic exploitation and dalit militancy that would occupy the center of India's post Independence politics Negotiating the colonial depredations of the 1939-45 war and the oppressions of an agrarian caste system the Kahars both fear and desire the consequences of a revolutionized society and the loss of their culture within it Lyrically rendered by one of India's great novelists this story of one people's plight dramatizes the anxieties of a nation and the resistance of some to further marginalization

the following orders by their parents Don't eat any cow It's still sacred don't go out too much save and save and save your money and most important do not marry a foreigner Priya Rao left India when she was twenty to study in the U.S and she's never been back Now seven years later she's out of excuses She has to return and give her family the news She's engaged to Nick Collins a kind loving American man It's going to break their hearts Returning to India is an overwhelming experience for Priya When she was growing up summer was all about mangoes ripe sweet mangoes bursting with juices that dripped down your chin hands and neck But after years away she sweats as if she's never been through an Indian summer before Everything looks dirtier than she remembered And things that used to seem natural a buffalo strolling down a newly laid asphalt road for example now feel totally chaotic But Priya's relatives remain the same Her mother and father insist that it's time they arranged her marriage to a nice Indian boy Her extended family talks of nothing but marriage particularly the marriage of her uncle Anand which still has them reeling Not only did Anand marry a woman from another Indian state but he also married for love Happiness and love are not the point of her grandparents or her parents union In her family's rule book duty is at the top of the list Just as Priya begins to feel she can't possibly tell her family that she's engaged to an American a secret is revealed that leaves her stunned and off balance Now she is forced to choose between the love of her family and Nick the love of her life As sharp and intoxicating as sugarcane juice bought fresh from a market cart The Mango Season is a delightful trip into the heart and soul of both contemporary India and a woman on the edge of a profound life change From the Hardcover edition
