**Mirror for Lovers** William F. Zak, 2013-02-07 A Mirror for Lovers Shake speare's Sonnets as Curious Perspective by William F Zak seeks to identify in Shake speare's sonnet sequence the structural and thematic features of the satirical tradition born in Plato's Symposium Through this study Zak traces the power of an idea to endure re animate and enrich itself through time Plato's discrimination of the true nature of love in The Symposium Born anew in its medieval reincarnations The Romance of the Rose The Vita Nuova and The Canzoniere of Petrarch the tradition begun in Plato's Symposium was then resuscitated in the Elizabethan sonnet sequence revival most notably in Shake speare's Sonnets With extended examination of all the texts in the Q manuscript A Mirror for Lovers makes a case for the mutually illuminating relationship among the sonnets to the fair young man and the dark lady A Lover's Complaint and the mysterious dedication that until now have never received attention as an integral symbolic matrix of meaning     **The Anonymous Marie de France** R. Howard Bloch, 2011-04-29 This book by one of our most admired and influential medievalists offers a fundamental reconception of the person generally assumed to be the first woman writer in French the author known as Marie de France The Anonymous Marie de France is the first work to consider all of the writing ascribed to Marie including her famous Lais her 103 animal fables and the earliest vernacular Saint Patrick's Purgatory Evidence about Marie de France's life is so meager that we know next to nothing about her not where she was born and to what rank who her parents were whether she was married or single where she lived and might have traveled whether she dwelled in cloister or at court nor whether in England or France In the face of this great writer's near anonymity scholars have assumed her to be a simple naive and modest Christian figure Bloch's claim in contrast is that Marie is among the most self conscious sophisticated complicated and disturbing figures of her time the Joyce of the twelfth century At a moment of great historical turning the so called Renaissance of the twelfth century Marie was both a disrupter of prevailing cultural values and a founder of new ones Her works Bloch argues reveal an author obsessed by writing by memory and by translation and acutely aware not only of her role in the preservation of cultural memory but of the transforming psychological social and political effects of writing within an oral tradition Marie's intervention lies in her obsession with the performative capacities of literature and in her acute awareness of the role of the subject in interpreting his or her own world According to Bloch Marie develops a theology of language in the Lais which emphasize the impossibility

of living in the flesh along with a social vision of feudalism in decline She elaborates an ethics of language in the Fables which within the context of the court of Henry II frame and form the urban values and legal institutions of the Anglo Norman world And in her Espurgatoire she produces a startling examination of the afterlife which Bloch links to the English conquest and occupation of medieval Ireland With a penetrating glimpse into works such as these The Anonymous Marie de France recovers the central achievements of one of the most pivotal figures in French literature It is a study that will be of enormous value to medievalists literary scholars historians of France and anyone interested in the advent of female authorship     *My Thoughts* Kevin Anderson,2022-01-21 My Thoughts are the actions and inactions of my heart and my mind The words he found longing to say something about this and about that
