and entertaining glimpse into an insider's world of high stakes negotiation showing Richardson's successes and failures in some of the world's least friendly places. Meanwhile readers get frank lessons in the art of negotiation: how to prepare, how to size up your opponent, how to understand the nature of power in a standoff, how to give up only what is necessary while getting what you want, and many other strategies Richardson has mastered through at the table experience and from working with other master negotiators like Presidents Obama and Clinton and Nelson Mandela. These are takeaways that anyone can use to negotiate with the power brokers, dealmakers, and yes, the hungry sharks in their own lives. **Summary and**
