Science Lee Tang,2018-06-06 Prevention and Reversal of Species Extinction This book is a summary of Resurrection Science Conservation De Extinction and the Precarious Future of Wild Things by M R O Connor Many species are threatened with extinction because of anthropogenic global warming degraded habitats overexploitation disease and invasive species In Resurrection Science journalist M R O Connor introduces us to renowned scientists who try to use expensive high tech and often controversial efforts to save endangered and even extinct species Each chapter focuses on a unique species like the northern white rhinoceros the passenger pigeons and the Tanzanian rainforest spray toads incorporating their natural history and evolutionary biology and raising many ethical environmental and philosophical issues in this new science Read this book to understand the science and ethics of the prevention and reversal of species extinction This guide includes Book Summary helps you understand the key concepts Online Videos cover the concepts in more depth Value added from this guide Save time Understand key concepts Expand your knowledge **On the Resurrection, Volume 1** Gary Habermas,2024-01-15 The first volume of Gary Habermas s magnum opus On the Resurrection Evidences represents the culmination of fifty years of research on the probability of Jesus s resurrection Using his minimal facts argument Habermas demonstrates why we ought to trust the biblical and historical testimony of Scripture regarding the resurrection This book is a must read for pastors students and scholars interested in the historical evidence for the resurrection of Jesus Christ *A Resurrection Like Christ's* David W. Cooke,2023-01-17 The book is a refutation of the Intermediate State which teaches a separation of the soul and body of the saint at death and the future bodily resurrection of all mankind at the Final Judgment The Final Judgment is the resurrection of the lost to judgment The Christian is resurrected body and soul to heaven at death thus the title of the book A Resurrection Like Christ s Christ after his time on earth entered heaven to receive glory upon his ascension so shall the saints The author has given the reader the broad arc of redemption history concerning resurrection in a manner which is logical and conforms to the biblical texts The OT and NT are brought together to form a single theme He writes about a difficult topic in a manner that can be read by any person with a basic knowledge of the Bible Although not afraid to tackle the difficult texts he does so in a concise manner to keep the points of the book in the mind of the reader These points are the believer s bodily resurrection to heaven at death and the resurrection of those who rejected Christ on Judgment Day Resurrection Science M. R. O'Connor,2015-09-15 A Library Journal Best Book of 2015 A Christian Science Monitor Top Ten Book of September In a world dominated by people and rapid climate change species large and small are increasingly vulnerable to extinction In Resurrection Science journalist M R O Connor explores the extreme measures scientists are taking to try and save them from captive breeding and genetic management to de extinction Paradoxically the more we intervene to save species the less wild they often become In stories of sixteenth century galleon excavations panther

tracking in Florida swamps ancient African rainforests Neanderthal tool making and cryogenic DNA banks O Connor investigates the philosophical questions of an age in which we play god with earth s biodiversity Each chapter in this beautifully written book focuses on a unique species from the charismatic northern white rhinoceros to the infamous passenger pigeon and the people entwined in the animals fates Incorporating natural history and evolutionary biology with conversations with eminent ethicists O Connor s narrative goes to the heart of the human enterprise What should we preserve of wilderness as we hurtle toward a future in which technology is present in nearly every aspect of our lives How can we co exist with species when our existence and their survival appear to be pitted against one another **Israel's**
