GWR railwayman Ken Gibbs presents a comprehensive portrait of the works from Brunel to the final days of steam in the mid twentieth century and beyond to the rediscovery and renovation of many of the workshops for their unique heritage

Great Western: Moguls and Prairies David Maidment, 2016-08-31 Traces the bloodline of its 2 6 0 and 2 6 2T classes a comprehensive history of the classes from Churchward to BR days with excellent photographs Steam Railway Great Western Moguls Prairies is a volume in Pen Swords series Locomotive Profiles It describes the conception design building and operation of the fleet of Prairie 2 6 2 tank engines and the Mogul 2 6 0s designed by Churchward in the early part of the twentieth century and perpetuated by his successor Charles Collett in the 1920s and 1930s These engines formed the backbone of the GWR locomotive fleet for secondary passenger and freight work for over half a century and were some of those that remained to the end of steam traction on the Western Region of British Railways The book also covers some of the lesser known Moguls developed in the Dean Churchward transition at the end of the nineteenth century and briefly looks at the Mogul and Prairie designs proposed by Churchward Collett and Hawksworth but were never built The book is copiously illustrated with over 250 black and white and 60 colored photographs and is a comprehensive record of a group of locomotives found throughout the Great Western and its successor the Western Region for over fifty years Lavishly illustrated in both colour and black and white with pictures from the archive and the modern day there is much here both for the beginner and the seasoned enthusiast with the book presenting a structured and fresh view of a popular subject Railway Magazine *Railway & Travel Monthly*, 1918 **Llanelly West to Carmarthen** John Hodge, 2020-04-30 A pictorial survey of the 20 miles of railway line between the junction station at Llanelly and the county town of Carmarthen in West Wales Railway historian John Hodge looks at the development of the lines in West Wales between these locations taking in the history of the local industry that was once a feature in this area This book covers each station and main location along the route with good photographic coverage and interesting long captions explaining the location s significance Additional text is provided for several locations giving more historical detail and anecdotal information Llanelly West Old Castle Crossing Pembrey Burry Port Carmarthen Bay Power Station Llandovery Halt Kidwelly Flats Halt Kidwelly Ferryside Carmarthen Carmarthen Junction Carmarthen New Station Carmarthen Junction Shed Carmarthen Shed The work is of interest to railway historians and those who accurately model railways having a good coverage of the subject throughout its pages Narrative summaries of each of the major locations are provided but the real strength of the book lies in the several hundred photographs which the author has brought together These include the huge and diverse range of steam motive power to be found at Carmarthen shed over the years a fine selection of views of Carmarthen station itself everyday and special trains passing through rural and often highly scenic locations and useful views of the intermediate stations and signal boxes which will be particularly valuable to the modeller and historian West Somerset Railway Association *Railway Locomotives and Cars*, 1924 *Railway Mechanical Engineer*, 1924 *The Railway Engineer*, 1912 **Engineering**, 1866 *Crewe:*

Railway Town, Company and People 1840-1914 Diane K. Drummond, 2017-07-05 This is an important contribution to the new urban history describing and analysing one of the best examples of a company town in nineteenth century Europe This archetypal railway town was built on a green field site by a railway company in 1842 3 It was a major junction an administrative centre and an important manufacturing centre Thus it provides an ideal arena in which to study the relationship between company and people and the effects of this claustrophobic association on emerging economic and social structure and politics in the era of large scale development and modernisation in Europe and America Dianne Drummond applies the full range of modern urban historical approaches in this work It is a shining example of the ways in which new techniques in research analysis and comparison can redraw the best known histories It will be essential reading for urban historians

Those WERE the Days Barrie C. Woods, 2017-11-22 A fascinating tale of a young school boy s exploits in his quest to spot every steam locomotive in the UK during the 1950s such as the Castleford Snow occurrence contretemps with a herd of Bullocks run ins with the law and shed foremen sleeping rough on many occasions a scary walk over Crumlin viaduct our coach catching fire on the M1 plus many more we visited locomotive sheds over 600 times during which I recorded in excess of 21 000 engines We travelled by any means available coach bus mini bus bicycle car motorbike train ferry and a lot of hitchhiking The latter including one such ride on a 9F which took me right into the shed I was about to bunk We would take every opportunity to be by our beloved steam engines daily on the way to from school then again in the evenings and every 2 3 weeks off on a tour somewhere in the UK some of these lasted 4 5 days often with rather dubious overnight accommodation these tours were to all parts of the UK from South Wales to Aberdeen the Northwest Northeast Midlands North Wales south to Brighton Southampton Isle of Wight West country and dozens of other locations The book has full colour card covers is A4 portrait style of 185 pages and over 100 B W photos At the end of the text are two appendices the first lists every shed visited and the relevant dates the second lists in chronological order every locomotive seen its shed and date Barrie
