Sydney Oliver,1948 *LETTERS AND SELECTED WRITINGS. SYDNEY OLIVIER. ED. WITH A MEMOIR BY MARGARET OLIVIER. WITH SOME IMPRESSIONS BY BERNARD SHAW.* Sydney Olivier,1948 *The Making of British Socialism* Mark Bevir,2016-12-13 A compelling look at the origins of British socialism The Making of British Socialism provides a new interpretation of the emergence of British socialism in the late nineteenth century demonstrating that it was not a working class movement demanding state action but a creative campaign of political hope promoting social justice personal transformation and radical democracy Mark Bevir shows that British socialists responded to the dilemmas of economics and faith against a background of diverse traditions melding new economic theories opposed to capitalism with new theologies which argued that people were bound in divine fellowship Bevir utilizes an impressive range of sources to illuminate a number of historical questions Why did the British Marxists follow a Tory aristocrat who dressed in a frock coat and top hat Did the Fabians develop a new economic theory What was the role of Christian theology and idealist philosophy in shaping socialist ideas He explores debates about capitalism revolution the simple life sexual relations and utopian communities He gives detailed accounts of the Marxists Fabians and ethical socialists including famous authors such as William Morris and George Bernard Shaw And he locates these socialists among a wide cast of colorful characters including Karl Marx Henry Thoreau Leo Tolstoy and Oscar Wilde By showing how socialism combined established traditions and new ideas in order to respond to the changing world of the late nineteenth century The Making of British Socialism turns aside long held assumptions about the origins of a major movement **A Guide to the Papers of British Cabinet Ministers 1900-1964** Cameron Hazlehurst,Sally Whitehead,Christine Woodland,1996 A Guide to the Papers of British Cabinet Ministers 1900 1964 is the revised and expanded edition of a volume published by The Royal Historical Society in 1974 Up to date information on the papers of 323 ministers from the first edition is provided and its scope has increased from 323 ministers to include all Cabinet ministers until the resignation of Sir Alec Douglas Home as Prime Minister in 1964 This Guide is a major research tool and a source of information on the personal papers of British Cabinet ministers The Problem of Freedom Thomas C. Holt,1992 The Jamaican slave revolt of 1831 32 precipitated the abolition of slavery throughout the British colonial empire A century later the labor rebellion of 1938 marked the beginning of that empire s end Each event embraced a particular form of emancipation at issue in the first revolt was the freedom of the individual slave at issue in the second was the freedom of the society itself The century that separated these watersheds in British colonial history was one of extraordinary transformations in British ideology in economic and social policy and in the lives of Jamaican freed people and their descendants In The Problem of Freedom Thomas C Holt offers an intriguing analysis of this period exploring the meaning and reality of freedom in the context of slave emancipation in Jamaica the largest West indian colony of the nineteenth century s

major world power The Colonial Office and Nigeria, 1898-1914 John M. Carland,1985-04-01 A study in the relationship between one department of the Colonial Office and the colonies in which it had responsibility **The British Left and India** Nicholas Owen,2007-11-15 From the formation of the Indian National Congress in 1885 to the winning of independence in 1947 this book traces the complex and often troubled relationship between anti imperialist campaigners in Britain and in India Nicholas Owen traces the efforts of British Radicals and socialists to identify forms of anti imperialism in India which fitted comfortably with their existing beliefs and their sense of how authentic progressive movements were supposed to work On the other side of the relationship he charts the trajectory of the Indian National Congress as it shifted from appeals couched in language familiar to British progressives to the less familiar vocabulary and techniques of Mahatma Gandhi The new Gandhian methods of self reliance had unwelcome implications for the work that the British supporters of Congress had traditionally undertaken leading to the collapse of their main organisation and the precipitation of anti imperialist work into the turbulent cross currents of left wing British politics Metropolitan anti imperialism became largely a function of other commitments whether communist theosophical pacifist socialist or anti fascist Revealing the strengths and weaknesses of these connections The British Left and India looks at the ultimate failure to create the durable alliance between anti imperialists which the British Empire s governors had always feared Drawing on a wide range of newly available archival material in Britain and India including the records of campaigning organizations political parties the British government and the imperial security services this book is a powerful account of the diverse and fragmented world of British metropolitan anti imperialism *West Indies Accounts* Richard B. Sheridan,1996 Collection of essays written by former students colleagues and friends to honor a preeminent economic historian of the Caribbean Covering period 1650 1850 essays encompass a broad range of topics with major focus on various aspects of slavery and imperial relations during those years Excellent introductory essay on Sheridan s contributions to Caribbean economic history **Jamaica** Great Britain. Colonial Office,1963 **Edward Carpenter** Sheila Rowbotham,2020-05-05 The gay socialist writer Edward Carpenter had an extraordinary impact on the cultural and political landscape of the late nineteenth and early twentieth centuries A mystic advocate of among other causes free love recycling nudism women s suffrage and prison reform his work anticipated the sexual revolution of the 1960s Sheila Rowbotham s highly acclaimed biography situates Carpenter s life and thought in relation to the social aesthetic and intellectual movements of his day and explores his friendships with figures such as Walt Whitman E M Forster Isadora Duncan and Emma Goldman Edward Carpenter is a compelling portrait of a man described by contemporaries as a weather vane for his times **Report on Jamaica** Great Britain. Colonial Office,1957 Educate, Agitate, Organize Library Editions: Political Science Volume 59 Patricia Pugh,2013-04-15 This volume describes the way in which the Fabian Society works the distinctive contributions of individuals to that work the structure they have built and the methods they have evolved to facilitate their labours Some Fabians are dedicated to shaping economic and

social policies speaking or writing about them and devising the political strategy by which they may be put into practice The author consulted original material which was available for the first time which has augmented former descriptions of the society and placed incidents in a new setting **Shaw A M Gibbs,1990-06-14** Sun King's Counsellor, Cecil Harwood Simon Blaxland-de Lange,2021-04-28 He Harwood is the sole Horatio known to me in this age of Hamlets C S Lewis from Surprised by Joy Cecil Harwood 1898 1975 lecturer Waldorf teacher writer editor and anthroposophist pioneered and developed the first Rudolf Steiner Waldorf school in the United Kingdom the New School in London now Michael Hall School in Sussex He also led the Anthroposophical Society in Great Britain for some 37 years In 1922 at the age of 24 Harwood attended a festival of English folk song and dance in Cornwall alongside his life long friend Owen Barfield It was here and not in the academic citadel of Oxford University where they were both part of the literary circle known as the Inklings that Harwood and Barfield were to encounter the work of Rudolf Steiner through meeting Daphne Olivier Sun King s Counsellor provides an intricate picture of the human connections cultural movements and spiritual background that contributed to what came together in Cornwall in 1922 leading to Harwood s life s work Featuring a colour plate section and full index it documents Harwood s early years and antecedents marriages to Daphne Olivier and Margaret Lundgren friendships with Barfield and C S Lewis his life changing meeting with anthroposophy and Rudolf Steiner teaching and educational work and Harwood s critical role in healing divisions within the Anthroposophical Society Based on extensive research of primary sources Blaxland de Lange s biography reveals the multi faceted flexible and sacrificial nature of this unique personality Alfred Cecil Harwood he preferred Cecil instead of Alfred with its meaning of wise counsellor began his career with the hope of becoming a writer and had neither the intention nor ambition to become a teacher or the head of a national organization Yet he became both an exemplary teacher and leader as well as a celebrated author editor translator and lecturer The Rise and Fall of the Rehabilitative Ideal, 1895-1970 Victor Bailey,2019-04-09 Spanning almost a century of penal policy and practice in England and Wales this book is a study of the long arc of the rehabilitative ideal beginning in 1895 the year of the Gladstone Committee on Prisons and ending in 1970 when the policy of treating and training criminals was very much on the defensive Drawing on a plethora of source material such as the official papers of mandarins ministers and magistrates measures of public opinion prisoner memoirs publications of penal reform groups and prison officers the reports of Royal Commissions and Departmental Committees political opinion in both Houses of Parliament and the research of the first cadre of criminologists this book comprehensively examines a number of aspects of the British penal system including judicial sentencing law making and the administration of legal penalties In doing so Victor Bailey expertly weaves a complex and nuanced picture of punishment in twentieth century England and Wales one that incorporates the enduring influence of the death penalty and will force historians to revise their interpretation of twentieth century social and penal policy This detailed and ground breaking account of the rise and fall of the rehabilitative ideal will be essential reading for scholars and students

of the history of crime and justice and historical criminology as well as those interested in social and legal history **The Growth of the Modern West Indies** Gordon K. Lewis, 2004 Provides an in depth analysis of the forces that contributed to the shaping of the West Indian society covering the the crucial inter war years from the 1920s to the period of the 1960s

Beyond Gold Christopher Houghton Budd, 2024-07-05 Both in the popular mind and in many academic circles it is said that Hayek and Keynes stood opposed the one advocating markets the other statism But this image confuses the one off of Keynesianism with Keynes s overall economic approach and so sets up a false debate The tragedy is the seemingly permanent dualism this has introduced into economics and practical economic affairs In this brief study this history is reviewed by introducing the ideas of Rudolf Steiner into the discussion in order as it were to rerun history from 1923 until now with a view to putting the last hundred years back on track so that we can catch up on lost time Beyond Gold introduces Rudolf Steiner s little known contribution to economic thought Through that lens it revisits first the Hayekian View then Keynes s unspoken mission The author s aim is to show that Hayek Keynes and Steiner can be seen together on the one true page of modern economic development each in their different ways pointing to the need for economic life to be grounded on its own logic but a logic that takes its cues from accounting *Imperial Sceptics* Gregory Claeys, 2010-08-26 Imperial Sceptics provides a highly original analysis of the emergence of opposition to the British Empire from 1850 1920 Departing from existing accounts which have focused upon the Boer War and the writings of John Hobson Gregory Claeys proposes a new chronology for the contours of resistance to imperial expansion Claeys locates the impetus for such opposition in the late 1850s with the British followers of Auguste Comte Tracing critical strands of anti imperial thought through to the First World War Claeys then scrutinises the full spectrum of socialist writings from the early 1880s onwards revealing a fundamental division over whether a new conception of socialist imperialism could appeal to the electorate and satisfy economic demands Based upon extensive archival research and utilising rare printed sources Imperial Sceptics will prove a major contribution to our understanding of nineteenth century political thought shedding new light on theories of nationalism patriotism the state and religion
