Sylvia Pankhurst Artist And Crusader An Intimate Portrait:

Sylvia Pankhurst, Artist and Crusader Richard Pankhurst, 1979 **Sylvia Pankhurst, Artist and Crusader** Richard Pankhurst, 1979 **A Sylvia Pankhurst Reader** Estelle Sylvia Pankhurst, 1993 The Visual Memory of Protest Ann Rigney, Thomas Smits, 2025-10-01 Social movements are not only remembered in personal experience but also through cultural carriers that shape how later movements see themselves and are seen by others The present collection zooms in on the role of photography in this memory activism nexus How do iconographic conventions shape images of protest Why do some images keep movements in the public eye while others are quickly forgotten What role do images play in linking different protests movements and generations of activists Have the affordances of digital media made it easier for activists to use images in their memory politics or has the digital production and massive online exchange of images made it harder to identify and remember a movement via a single powerful image Bringing together experts in visual culture cultural memory social movements and digital humanities this collection presents new empirical theoretical and methodological insights into the visual memory of protest *Christabel Pankhurst* June Purvis, 2018-01-18 Together with her mother Emmeline Christabel Pankhurst co led the single sex Women s Social and Political Union WSPU founded in 1903 and soon regarded as the most notorious of the groupings campaigning for the parliamentary vote for women A First Class Honours Graduate in Law the determined and charismatic Christabel a captivating orator revitalised the women s suffrage campaign by rousing thousands of women to become suffragettes as WSPU members were called and to demand rather than ask politely for their democratic citizenship rights A supreme tactician her advocacy of militant unladylike tactics shocked many people and the political establishment When an end to militancy was called on the outbreak of war in 1914 she encouraged women to engage in war work as a way to win their enfranchisement Four years later when enfranchisement was granted to certain categories of women aged thirty and over she stood unsuccessfully for election to parliament as a member of the Women s Party In 1940 she moved to the USA with her adopted daughter and had a successful career there as a Second Adventist preacher and writer However she is mainly remembered for being the driving force behind the militant wing of the women s suffrage movement This full length biography the first for forty years draws upon feminist approaches to biography writing to place her within a network of supportive female friendships It is based upon an unrivalled range of previously untapped primary sources Encyclopedia of the Harlem Renaissance: K-Y Cary D. Wintz, Paul Finkelman, 2004 An interdisciplinary look at the Harlem Renaissance it includes essays on the principal participants those who defined the political intellectual and cultural milieu in which the Renaissance existed on important events and places **"Women and Things, 1750?950 "** Maureen Daly Goggin, 2017-07-05 In contrast to much current scholarship on women and material culture which focuses primarily on women as consumers this essay collection provides case studies of women who produced material objects The essays collected here make an original contribution to material culture studies by focusing on women s social practices in

relation to material culture The essays as a whole are concerned with women's complex and active engagement with material culture in the various stages of the material object's life cycle from design and production to consumption use and redeployment Also theorized and described are the ways in which women engaged in meaning making identity formation and commemoration through their manipulation of materials and techniques ranging from taxidermy and shell work to collecting autographs and making scrapbooks This volume takes as its object of investigation the overlooked and often despised categories of women's decorative and craft activities as sites of important cultural and social work This volume is interdisciplinary with essays by art historians social historians literary critics rhetoricians and museum curators The scope of the volume is international with essays on eighteenth century German silhouettes Australian aboriginal ritual practices Brittany mourning rites and Soviet era recipes that provide a comparative framework for the majority of essays which focus on British and North American women who lived and worked in the long nineteenth century This volume will appeal to a broad range of students and scholars in women's history art history cultural studies museum studies anthropology cultural and social history literature rhetoric and material culture studies

responses to the campaign Contributors who include historians art historians curators museum professionals and suffrage experts call upon the historiographical developments of the last thirty years alongside new archival discoveries to showcase the vibrancy of ongoing research in this area Throughout chapters investigate the wider socio cultural backdrop to suffrage and the women s movement the difficult choices that were made between professional artistic aspirations and political commitment and how institutional and informal networks influenced creative expression and participation in feminist politics From shining light on the use of portraiture to bolster the cultural cachet of the militant Women s Social and Political Union uncovering the links between Victorian interior design enterprise and suffrage through to questioning the supposed conservatism of women s art institutions during the campaign and in the inter war era Suffrage and the Arts is a timely and important collection which will contribute to a number of scholarly fields The Shadowed Country Josh

Gosciak,2006-01-31 One of the most important voices of the Harlem Renaissance Claude McKay is largely recognized for his work during the 1920s which includes a major collection of poems Harlem Shadows as well as a critically acclaimed novel Home to Harlem But McKay was never completely comfortable with his literary reputation during this period Throughout his world travels he saw himself as an English lyricist In this compelling examination of the life and works of this complex poet novelist journalist and short story writer Josh Gosciak sheds light on McKay s literary contributions beyond his interactions with Harlem Renaissance artists and writers Working within English literary traditions McKay crafted a verse out of hybridity and diaspora Gosciak shows how he reinvigorated a modern pastoral through his encounters with some of the major aesthetic and political movements of the late Victorian and early modern periods Exploring new archival material as well as many of McKay s lesser known poetic works The Shadowed Country provides a unique interpretation of the writings of this major author **Gendering the Trans-Pacific World** ,2017-03-06 As the inaugural volume of the new Brill book series

The Oxford Encyclopedia of Women in World History Bonnie G. Smith,2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated

womens daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune womens and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike Convict Voices Anne Schwan,2014-12-02 In this lively study of the development and transformation of voices of female offenders in nineteenth century England Anne Schwan analyzes a range of colorful sources including crime broadsides reform literature prisoners own writings about imprisonment and courtroom politics and conventional literary texts such as Adam Bede and The Moonstone Not only does Schwan demonstrate strategies for interpreting ambivalent and often contradictory texts she also provides a carefully historicized approach to the work of feminist recovery Crossing class lines genre boundaries and gender roles in the effort to trace prisoners authors and female communities imagined or real Schwan brings new insight to what it means to locate feminist or protofeminist details arguments and politics In this case she tracks the emergence of a contested and often contradictory feminist consciousness through the prism of nineteenth century penal debates The historical discussion is framed by reflections on contemporary debates about prisoner perspectives to illuminate continuities and differences Convict Voices offers a sophisticated approach to interpretive questions of gender genre and discourse in the representation of female convicts and their voices and viewpoints **Wives & Property** Lee Holcombe,1983-12-15 In the 1870s Millicent Garrett Fawcett had her purse snatched by a young thief in London When he appeared in court to testify she heard the young man charged with stealing from the person of Millicent Fawcett a purse containing 1 18s 6d the property of Henry Fawcett Long after the episode she recalled I felt as if I had been charged with theft myself The English common law which deprived married women of the right to own and control property had far reaching consequences for the status of women not only in other areas of law and in family life but also in education and employment and public life To win reform of the married women s property law feminism as an organized movement appeared in the 1850s and the final success of the campaigns for reform in 1882 was one of the greatest achievements of the Victorian women s movement Dr Holcombe explores the story of the reform campaign in the context of its time giving particular attention to the many important men and women who worked for reform and to the debates on the subject which contributed greatly to the formulation of a philosophy of feminism *The*

Process of International Legal Reproduction Rose Parfitt, 2019-01-17 That all states are free and equal under international law is axiomatic to the discipline Yet even a brief look at the dynamics of the international order calls that axiom into question Mobilising fresh archival research and drawing on a tradition of unorthodox Marxist and anti colonial scholarship Rose Parfitt develops a new modular legal historiography to make sense of the paradoxical relationship between sovereign equality and inequality Juxtaposing a series of seemingly unrelated histories against one another including a radical re examination of the canonical story of Fascist Italy s invasion of Ethiopia Parfitt exposes the conditional nature of the process through which international law creates and disciplines new states and their subjects The result is a powerful critique of international law s role in establishing and perpetuating inequalities of wealth power and pleasure accompanied by a call to attend more closely to the strategies of resistance that are generated in that process

Voices and Votes Glenda

Norquay, 1995 A selection of literary texts from the early 20th century drawing on novels short stories poetry and autobiography related to the women s campaign for the vote in Britain The anthology includes not only the major figures in the campaign but also the rank and file as well as those who opposed women s suffrage or simply observed the action The introduction examines the sexual and textual politics of the writing Distributed by St Martin s Press Annotation copyright by Book News Inc Portland OR

Sinners? Scroungers? Saints? Pat Thane, Tanya Evans, 2012-05-31 This is the first book to describe the real lives of unmarried mothers and attitudes towards them in England from the First World War to the present day The focus is on England because the legal positions and other circumstances of unmarried mothers were often very different elsewhere in Britain The authors use biographies and memoirs as well as archives and official sources to challenge stereotypes of the mothers as desolate women rejected by society and by their families until social attitudes were transformed in the permissive 1960s They demonstrate the diversity of their lives their social backgrounds and how often they were supported by their families neighbours and the fathers of their children before the 1960s and the continuing hostility by some sections of society since then They challenge stereotypes too about the impact of war on sexual behaviour and about the stability of family life before the 1960s Much of the evidence comes from the records of the National Council for the Unmarried Mother and Her Child set up by prominent people in 1918 to help a social group they believed were neglected and which is still very active today as Gingerbread supporting lone parents in need of help Their work tells us not only about the lives of those mothers and children who had no other support but also another important story about the vibrancy of voluntary action throughout the past century and its continuing vital role working alongside and in co operation with the Welfare State to help mothers into work among other things Their history is an inspiring example of how throughout the past century voluntary organizations in the Big Society worked with not against the Big State
