Symbol & Show Austin M. Fox, 1986-09 **Nursing History Review**, Volume 11, 2003 Patricia D'Antonio, RN, PhD, FAAN, Barbra Mann Wall, Book Rev Editor, 2002-09-26 Nursing History Review an annual peer reviewed publication of the American Association for the History of Nursing is a showcase for the most significant current research on nursing history Regular sections include scholarly articles over a dozen book reviews of the best publications on nursing and health care history that have appeared in the past year and a section abstracting new doctoral dissertations on nursing history Historians researchers and individuals fascinated with the rich field of nursing will find this an important resource **Encyclopedia of World's Fairs and Expositions** John E. Findling, Kimberly D. Pelle, 2008 This encyclopedia contains individual histories of each of the nearly 100 World's Fairs and expositions held in more than 20 countries since 1851 This revised and updated second edition of the book originally published as A Historical Dictionary of World's Fairs and Expositions in 1990 includes new entries including essays on the World's Fairs that will be held in Zaragoza Spain in 2008 and in Shanghai China in 2010 Many of the original essays have been revised and expanded The topics covered include goods tourism architecture art and culture and exhibition fatigue Each fair history includes its own annotated bibliography which provides when possible the location of relevant primary sources and comments on the quality of secondary sources Several appendices provide information on the Bureau of International Expositions as well as fair statistics fair officials fairs that did not qualify for inclusion and fairs that were planned but never held The book includes a foreword by Vicente G Loscertales the secretary general of the Bureau of International Expositions **The Mighty Niagara** John N. Jackson, 2003-03 makes some notable contributions to the popular and scholarly literature about the Niagara region a welcome addition to the literature of US Canada cross border studies The Canadian Historical Review provides a most engaging and eloquently written story a learned tale of the Niagara region's associated historical triumphs and abiding challenges The book's geographical and social histories will be of interest not only to residents of the Niagara Frontier but to anyone who has ever been fascinated by the complexly related natural and technological wonders that have helped to make Niagara one of the world's most famous and enduring icons ISLE This in depth regional study of the Niagara Frontier traces the evolution of landscape and patterns of settlement on both sides of the Niagara River extending from St Catharines Ontario to Lockport New York This significant region astride an international frontier both connects and separates unites and divides Canadian and American territories bordering the Niagara River Like map overlays that build on an underlying base geography Professor Jackson's chronological approach begins with the qualities of the physical background and their ongoing ramifications up to the present for the use and development of land He then adds the Native settlements showing their trails and economic activities while highlighting the amazing fact that certain Native features remain an intrinsic part of the modern landscape The next time period reveals that the previous human landscapes once continuous across the Niagara River became acutely discontinuous with the

creation in 1783 of an unseen but divisive international boundary Subsequent chapters follow the changes over the course of time as canals railways hydroelectric power and the dominance of the automobile in the present era all transform the environment Jackson also discusses Niagara Falls as the fulcrum around which the Niagara Frontier has developed and the impact of the tourist industry on the region This thorough analysis of an important international region will be of great use to students of regional urban and historical geography as well as to anyone involved in cross boundary trade education or tourism John N Jackson St Catharines Ontario is professor emeritus of applied geography at Brock University and the author of fourteen previous books on regional geography and history John Burtiniak St Catharines now retired was the special collections librarian and university archivist at Brock University Gregory P Stein Buffalo NY is associate professor of geography and planning at SUNY College at Buffalo

The Engineering Index John Butler Johnson, Henry Harrison Suplee, Johannes H. Cuntz, Charles Buxton Going, 1906 Annual Exhibition of Paintings by Prominent Artists at the Poland Spring Art Gallery, 1910 *Designing Pan-America* Robert Alexander González, 2023-09-30 Coinciding with the centennial of the Pan American Union now the Organization of American States González explores how nineteenth and twentieth century U S architects and their clients built a visionary Pan America to promote commerce and cultural exchange between United States and Latin America Late in the nineteenth century U S commercial and political interests began eyeing the countries of Latin America as plantations farms and mines to be accessed by new shipping lines and railroads As their desire to dominate commerce and trade in the Western Hemisphere grew these U S interests promoted the concept of Pan Americanism to link the United States and Latin America and called on U S architects to help set the stage for Pan Americanism's development Through international expositions monuments and institution building U S architects translated the concept of a united Pan American sensibility into architectural or built form In the process they also constructed an artificial ideological identity a fictional Pan America peopled with imaginary Pan American citizens the hemispheric loyalists who would support these projects and who were the presumed benefactors of this presumed architecture of unification *Designing Pan America* presents the first examination of the architectural expressions of Pan Americanism Concentrating on U S architects and their clients Robert Alexander González demonstrates how they proposed designs reflecting U S presumptions and projections about the relationship between the United States and Latin America This forgotten chapter of American architecture unfolds over the course of a number of international expositions ranging from the North Central and South American Exposition of 1885 1886 in New Orleans to Miami's unrealized Interama fair and San Antonio's HemisFair 68 and encompassing the Pan American Union headquarters building in Washington D C and the creation of the Columbus Memorial Lighthouse in the Dominican Republic

Transportation, 1900 *Rural Californian*, 1900 **Hardware**, 1900 *Encyclopedia of Early Cinema* Richard Abel, 2005 One volume reference work on the first twenty five years of the cinema's international emergence from the early 1890s to the mid 1910s Cairo in Chicago Istvan Ormos, 2021-05-01 Built as a temporary structure and

made of ephemeral materials Cairo Street had a dual nature On the one hand it was a purely scientific installation a piece of anthropology On the other it became the most popular entertainment venue at the World s Columbian Exposition of Chicago 1893 a place where people went wild with excitement Far from being a copy of any actual street it was an assemblage of authentic architectural elements put together in such a way as to conjure up the atmosphere of the Arab Islamic metropolis the city of the Thousand and One Nights Its impact was greatly enhanced by the presence of local Cairo inhabitants who plied their trade some of them with their camels donkeys monkeys and even snakes The belly dancing on Cairo Street caused an enormous stir many claimed that it was immoral and called for its immediate suspension others regarded it as a performance of important scientific and ethnological value It was never suspended and people flocked to see it An immense amount has been written about world s fairs This monograph represents a novel approach in that it subjects a single project the Cairo Street to detailed analysis placing particular emphasis on interpreting it within the context of the Fair as a whole What was the great uproar about the belly dancing What motivated it In order to answer these questions this monograph attempts to offer a complex multi faceted interpretation within the context of the society of the time Cairo Street was the sensation of the World s Columbian Exposition a fair which many sold their stoves mortgaged their houses spent their life savings or their funeral money to see This monograph is enhanced with a ground plan and 168 illustrations

Body Shots Jonathan Auerbach, 2007-10-09 This original and compelling book places the body at the center of cinema s first decade of emergence and challenges the idea that for early audiences the new medium s fascination rested on visual spectacle for its own sake Instead as Jonathan Auerbach argues it was the human form in motion that most profoundly shaped early cinema Situating his discussion in a political and historical context Auerbach begins his analysis with films that reveal striking anxieties and preoccupations about persons on public display both exceptional figures such as 1896 presidential candidate William McKinley and ordinary people caught by the movie camera in their daily routines The result is a sharp unique and groundbreaking way to consider the turn of the twentieth century American incarnation of cinema itself

Stages of Engagement Joshua Polster, 2015-10-16 Stages of Engagement is a compelling and wonderfully varied account of the relationship between theatre in the United States and the social cultural and political forces that shaped it during one of the most formative periods in the nation s history Joshua E Polster applies key thematic perspectives Colonialism Religion Race and Ethnicity Gender and Sexuality Economic Systems and Systems of Government to seminal moments in US history In doing so he explores the ways in which the theatre has responded to these turning points through the work of some of its principal dramatists directors designers and theatre companies His approach tackles questions such as How did the plays of this period reflect the nation s concerns and anxieties How did theatre culture and politics interconnect as the United States took to the world stage Which critical viewpoints are most useful to us when

examining these cultural phenomena How did performances and productions attempt to influence their audiences social and civic engagement On its own or in tandem with its companion volume The Routledge Anthology of US Drama 1898 1949 this is the ideal text for any course in US Theatre By examining each cultural moment from a range of critical perspectives and drawing upon a diverse range of sources it is designed specifically for today s interdisciplinary and multicultural curriculum

Marble Palaces, Temples of Art Ingrid A. Steffensen-Bruce,1998 The era from 1890 to 1930 constituted a building boom for American art museums designed in a monumental classical style both the proliferation of the buildings and the ubiquity of the style seem to indicate an architectural as well as a sociocultural phenomenon The present work is an attempt to place the American art museum building of this period into its historical milieu and employs over one hundred illustrations and sociocultural analysis to explain the significance of both the institutions and the structures housing them to those who came into regular contact with them including architects patrons journalists and museum personnel **Digest of Decisions and Regulations Made by the Commissioners of Internal Revenue Under Various Acts of Congress Relating to Internal Revenue** United States.
