Symbolarum Libri Xvii Virgilii Augsburg 1599 Volume I:

Episodes in the Life of the Early Modern Learned Book Ian Maclean, 2020-10-26 In Episodes in the Life of the Early Modern Learned Book Ian Maclean investigates intellectual life through the prism of the history of publishing academic institutions journals and the German book fairs whose evolution is mapped over the long seventeenth century After a study of the activities of Italian book merchants up to 1621 the passage into print both locally and internationally of English and Italian medicine and new science comes under scrutiny The fate of humanist publishing is next illustrated in the figure of the Dutch merchant Andreas Frisius 1630 1675 The work ends with an analysis of the two monuments of the last phase of legal humanism the Thesauruses of Otto 1725 44 and Gerard Meerman 1751 80 The Oxford History of Poetry in English, 2024-08-08 The Oxford History of Poetry in English OHOPE is designed to offer a fresh multi voiced and comprehensive analysis of poetry from Anglo Saxon culture through contemporary British Irish American and Global culture including English Scottish and Welsh poetry Anglo American colonial and post colonial poetry and poetry in Canada Australia New Zealand the Caribbean India Africa Asia and other international locales OHOPE both synthesizes existing scholarship and presents cutting edge research employing a global team of expert contributors for each of the fourteen volumes By taking as its purview the full seventeenth century 1603 1700 this volume re draws the existing literary historical map and expands upon recent rethinking of the canon Placing the revolutionary years at the centre of a century of poetic transformation and putting the Restoration back into the seventeenth century the volume registers the transformative effects on poetic forms of a century of social political and religious upheaval It considers the achievements of a number of women poets not yet fully integrated into traditional literary histories It assimilates the vibrant literature of the English Revolution to what came before and after registering its long term impact It traces the development of print culture and of the literary marketplace alongside the continued circulation of poetry in manuscript It places John Milton Andrew Marvell Margaret Cavendish and Katherine Philips and other mid century poets into the full century of specifically literary development It traces continuity and change imitation and innovation in the full century trajectory of such poetic genres as sonnet elegy satire georgic epigram ode devotional lyric and epic The volume s attention to poetic form builds on the current upswing in historicist formalism allowing a close focus on poetry as an intensely aesthetic and social literary mode Designed for maximum classroom utility the organization is both thematic and in the authors section chronological After a comprehensive Introduction organizational sections focus on Transitions Materiality Production and Circulation Poetics and Form Genres and Poets **The Oxford History of Poetry in English** Laura L. Knoppers, 2024-08-08 Beginning with the last years of the reign of Elizabeth I and ending late in the seventeenth century this volume traces the growth of the literary marketplace the development of poetic genres and the participation of different writers in a century of poetic continuity change and transformation **Pietas from Vergil to Dryden** James D. Garrison, 2010-11-01 *The Matter of the Page* Shane Butler, 2011-01-06 Ancient and medieval

literary texts often call attention to their existence as physical objects Shane Butler helps us to understand why Arguing that writing has always been as much a material struggle as an intellectual one The Matter of the Page offers timely lessons for the digital age about how creativity works and why literature moves us Butler begins with some considerations about the materiality of the literary text both as a process the draft and a product the book and he traces the curious history of the page from scroll to manuscript codex to printed book and beyond He then offers a series of unforgettable portraits of authors at work Thucydides struggling to describe his own diseased body Vergil ready to burn an epic poem he could not finish Lucretius wrestling with words even as he fights the madness that will drive him to suicide Cicero mesmerized by the thought of erasing his entire career Seneca plumbing the depths of the soul in the wax of his tablets and Dhuoda who sees the book she writes as a door a tunnel a womb Butler reveals how the work of writing transformed each of these authors into his or her own first reader and he explains what this metamorphosis teaches us about how we too should read All Greek and Latin quotations are translated into English and technical matters are carefully explained for general readers with scholarly details in the notes

Historical Atlases Walter Goffart, 2011-04-15 Today we can walk into any well stocked bookstore or library and find an array of historical atlases The first thorough review of the source material Historical Atlases traces how these collections of maps for history maps whose sole purpose was to illustrate some historical moment or scene came into being Beginning in the sixteenth century and continuing down to the late nineteenth Walter Goffart discusses milestones in the origins of historical atlases as well as individual maps illustrating historical events in alternating paired chapters He focuses on maps of the medieval period because the development of maps for history hinged particularly on portrayals of this segment of the postclassical modern past Goffart concludes the book with a detailed catalogue of more than 700 historical maps and atlases produced from 1570 to 1870 Historical Atlases will immediately take its place as the single most important reference on its subject Historians of cartography medievalists and anyone seriously interested in the role of maps in portraying history will find it invaluable

English Mythography in its European Context, 1500-1650 Anna-Maria Hartmann, 2018-02-23 Greco Roman mythology and its reception are at the heart of the European Renaissance and mythographies texts that collected and explained ancient myths were considered indispensable companions to any reader of literature Despite the importance of this genre English mythographies have not gained sustained critical attention largely because they have been wrongly considered mere copies of their European counterparts This volume focuses on the English mythographies written between 1577 and 1647 by Stephen Batman Abraham Fraunce Francis Bacon Henry Reynolds and Alexander Ross it places their texts into a wider European context to reveal their unique English take on the genre and also unfolds the significant role myth played in the broader culture of the period influencing not only literary life natural philosophy and poetics but also religious conflicts and Civil War politics In doing so it demonstrates for the first time the considerable explanatory value classical mythology holds for the study of the English Renaissance and its literary culture in

particular and how early modern England answered a question we still find fascinating today what is myth *Grief and English Renaissance Elegy* G. W. Pigman, 1985-02-28 Explores the changing attitude of sixteenth century poets towards funeral poems **Shakespeare's Rome** Robert S. Miola, 2004-06-10 This book studies Shakespeare's changing vision of Rome in the six works where the city serves as a setting Unlike other scholars' treatment of the subject Dr Miola offers a coherent analysis of all the major appearances of Rome in the Shakespeare canon Shakespeare's recurrent and varied treatment of Rome suggests that a close examination of the city's transformations can teach us much about his development as a playwright and the development of his dramatic vision The book focuses on Shakespeare's changing conception of the Roman city its people and its ideals Dr Miola examines the symbolic and topographical features that help define the city

The Uses of Antiquity Stephen Gaukroger, 2013-03-07 The institutionalization of History and Philosophy of Science as a distinct field of scholarly endeavour began comparatively early though not always under that name in the Australasian region An initial lecturing appointment was made at the University of Melbourne immediately after the Second World War in 1946 and other appointments followed as the subject underwent an expansion during the 1950s and 1960s similar to that which took place in other parts of the world Today there are major Departments at the University of Melbourne the University of New South Wales and the University of Wollongong and smaller groups active in many other parts of Australia and in New Zealand Australasian Studies in History and Philosophy of Science aims to provide a distinctive publication outlet for Australian and New Zealand scholars working in the general area of history philosophy and social studies of science Each volume comprises a group of essays on a connected theme edited by an Australian or a New Zealander with special expertise in that particular area Papers address general issues however rather than local ones parochial topics are avoided Further more though in each volume a majority of the contributors is from Australia or New Zealand contributions from elsewhere are by no means ruled out Quite the reverse in fact they are actively encouraged wherever appropriate to the balance of the volume in question *Living Texts* Kristin A. Pruitt, Charles Durham, Charles W. Durham, 2000 The essays in this collection are a testimony to Milton's claim that books do contain a potency of life in them to be as active as that soul was whose progeny they are They are proof that Milton's progeny whether poetry or prose continue to inspire readers to investigate and interpret and that even the poet himself is at times the subject of scrutiny Although these essays examine issues as widely diverse as the reliability of Adam's narration to Raphael and the portrayal of chaos in *Paradise Lost* to the poet's role as an object of erotic attention in the nineteenth century all suggest that Milton's are still living texts

Symbolarum Libri XVII Virgilii Augsburg 1599 Jacobus Pontanus, 1976 **Jonson, Horace and the Classical Tradition** Victoria Moul, 2010-04-01 The influence of the Roman poet Horace on Ben Jonson has often been acknowledged but never fully explored Discussing Jonson's Horatianism in detail this study also places Jonson's densely intertextual relationship with Horace's Latin text within the broader context of his complex negotiations with a range of other rivals to the Horatian model including Pindar Seneca

Juvenal and Martial The new reading of Jonson s classicism that emerges is one founded not upon static imitation but rather a lively dialogue between competing models an allusive mode that extends into the seventeenth century reception of Jonson himself as a latter day Horace In the course of this analysis the book provides fresh readings of many of Jonson s best known poems including *Inviting a Friend to Dinner* and *To Penshurst* as well as a new perspective on many lesser known pieces and a range of unpublished manuscript material *Triumphal Forms* Alastair Fowler,1970-11-02 A demonstration of the persistence of numerology a characteristic of literature in the Middle Ages in Elizabethan poetry *Interweaving myths in Shakespeare and his contemporaries* Janice Valls-Russell,Agnès Lafont,Charlotte Coffin,2017-10-06 This volume proposes new insights into the uses of classical mythology by Shakespeare and his contemporaries focusing on interweaving processes in early modern appropriations of myth Its 11 essays show how early modern writing intertwines diverse myths and plays with variant versions of individual myths that derive from multiple classical sources as well as medieval Tudor and early modern retellings and translations Works discussed include poems and plays by William Shakespeare Christopher Marlowe and others Essays concentrate on specific plays including *The Merchant of Venice* and *Dido Queen of Carthage* tracing interactions between myths chronicles the Bible and contemporary genres Mythological figures are considered to demonstrate how the weaving together of sources deconstructs gendered representations New meanings emerge from these readings which open up methodological perspectives on multi textuality artistic appropriation and cultural hybridity

Vergil at 2000 John D. Bernard,1986 Excess and the Mean in Early Modern English Literature Joshua Scodel,2002-03-24 This book examines how English writers from the Elizabethan period to the Restoration transformed and contested the ancient ideal of the virtuous mean As early modern authors learned at grammar school and university Aristotle and other classical thinkers praised golden means balanced between extremes courage for example as opposed to cowardice or recklessness By uncovering the enormous variety of English responses to this ethical doctrine Joshua Scodel revises our understanding of the vital interaction between classical thought and early modern literary culture Scodel argues that English authors used the ancient schema of means and extremes in innovative and contentious ways hitherto ignored by scholars Through close readings of diverse writers and genres he shows that conflicting representations of means and extremes figured prominently in the emergence of a self consciously modern English culture Donne for example reshaped the classical mean to promote individual freedom while Bacon held extremism necessary for human empowerment Imagining a modern rival to ancient Rome georgics from Spenser to Cowley exhorted England to embody the mean or lauded extreme paths to national greatness Drinking poetry from Jonson to Rochester expressed opposing visions of convivial moderation and drunken excess while erotic writing from Sidney to Dryden and Behn pitted extreme passion against the traditional mean of conjugal moderation Challenging his predecessors in various genres Milton celebrated golden means of restrained pleasure and self respect Throughout this groundbreaking study Scodel suggests how early modern treatments of means and extremes

resonate in present day cultural debates **The Cambridge Companion to Virgil** Fiachra Mac Góráin, Charles Martindale, 2019-04-18 Presents stimulating chapters on Virgil and his reception offering an authoritative overview of the current state of Virgilian studies Afterlives of the Roman Poets Nora Goldschmidt, 2019-12-05 This innovative book reconceptualises Roman poetry and its reception through the lens of fictional biography biofiction **Classical Enrichment** Antony Augoustakis, Stavros Frangoulidis, Thea S. Thorsen, 2024-11-04 This collection brings together twenty eight chapters written by Stephen Harrison's colleagues and former students from around the globe to celebrate both his distinguished teaching and research career as a classicist and his outstanding and admirable service to the international classical community The wide variety of original contributions on topics ranging from Greek to Latin and ancient literature's reception in opera and contemporary writing is divided into five parts Each corresponds to the staggering publication record of the honoree and encompassing as it does a broad literary spectrum starting from the literature of the end of the Roman Republic and coming down to Neo Latin and the reception of Classics in Irish in English poetry and in European literature and culture in general This corpus of compelling chapters is hoped to match Stephen Harrison's rich research output in an illuminating dialogue with it
