Symbolic Blackness and Ethnic Difference in Early Christian Literature Gay L. Byron, 2002 How were early Christians influenced by contemporary assumptions about ethnic and colour differences Why were early Christian writers so attracted to the subject of Blacks Egyptians and Ethiopians Looking at the neglected issue of race brings valuable new perspectives to the study of the ancient world now Gay Byron s exciting work is the first to survey and theorise Blacks Egyptians and Ethiopians in Christian antiquity By combining innovative theory and methodology with a detailed survey of early Christian writings Byron shows how perceptions about ethnic and color differences influenced the discursive strategies of ancient Christian authors She demonstrates convincingly that in spite of the contention that Christianity was to extend to all peoples certain groups of Christians were marginalized and rendered invisible and silent Original and pioneering this book will inspire discussion at every level encouraging a broader and more sophisticated understanding of early Christianity for scholars and students alike

Feminist New Testament Studies K. Wicker, M. Dube, A. Spencer-Miller, 2016-09-27 This volume is an engaging and provocative introduction to Feminist Biblical Studies The authors draw upon their own social cultural and religious backgrounds and experiences in reading the New Testament as feminists in the context of globalization They provide intentional interpretations of biblical texts that cast gender race class and power relationships as issues inherent in both the content and context of scripture and its interpretation The essays call into question feminist social engagement that does not extend beyond academic halls churches and Christians suggesting directions for future research and teaching in Feminist Biblical Studies

Race and Biblical Studies Tat-siong Benny Liew, Shelly Matthews, 2022-10-20 Classrooms as communities are temporary but the racial effects can be long term The biblical studies classroom can be a site of personal and social transformation To make it a space for positive change the contributors to this volume question and reevaluate traditional teaching practices and assessment tools that foreground white Western scholarship in order to offer practical guidance for an antiracist pedagogy The introduction and fifteen essays

Reddie, 2014-12-18 Christianity has been both the cause of oppression among Black communities and a source of liberation Black Christianity has sought solace in the redemptive figure of Christ in its struggle for human dignity and freedom Working Against the Grain addresses the displacement of Black theology in Diasporan African churches by charismatic and conservative neo Pentecostalism The essays present a radical Black theology that empowers disenfranchised Black people whilst challenging White power to see and act differently Working Against the Grain is an essential text for all those interested in the pursuit of racial justice and other forms of anti oppressive practice both inside the church and beyond it

Prejudice and Christian Beginnings Elisabeth Schussler Fiorenza, Laura Nasrallah, 2010-10-01 While scholars of the New Testament and its Roman environment have recently focused attention on ethnicity on the one hand and gender on the other the two questions have often been discussed separately and without reference to the contemporary critical study of race theory This interdisciplinary volume addresses this lack by drawing together new essays by prominent scholars in the fields of New Testament classics and Jewish studies These essays push against the marginalization of race and ethnicity studies and put the received wisdom of New Testament studies squarely in the foreground **The Medieval Iberian Treasury in the Context of Cultural Interchange (Expanded Edition)**, 2020-11-16 The Medieval Iberian Treasury in the Context of Cultural Interchange expanded beyond the special issue of Medieval Encounters from which it was drawn centers on the magnificent treasury of San Isidoro de Le n to address wider questions about the meanings of cross cultural luxury goods in royal ecclesiastical settings during the central Middle Ages Now fully open access and with an updated introduction to ongoing research an additional chapter composite bibliographies and indices this multidisciplinary volume opens fresh ways into the investigation of medieval objects and textiles through historical art historical and technical analyses Carbon 14 dating iconography and social history are among the methods applied to material and textual evidence together shining new light on the display of rulership in medieval Iberia Contributors are Ana Cabrera Lafuente Mar a Judith Feliciano Julie A Harris Jitske Jasperse Therese Martin Pamela A Patton Ana Rodriguez and Nancy L Wicker **Using Our Outside Voice** Greg Carey, 2020-05-05 In Using Our Outside Voice Greg Carey contends that responsible public biblical interpretation requires the ability to enter a conversation about the Bible to understand the various arguments in play and to offer informed opinions that others can understand This role demands not only basic knowledge but also identifiable skills habits and dispositions Carey does not suggest that public interpreters of the Bible are more insightful or more correct than are other people But public biblical interpretation involves participating in reasoned conversations about the Bible and its significance

People appeal to the Bible for all sorts of reasons The work of public biblical interpretation involves a level of accountability both scholarly and moral Carey encourages interpreters to develop proficiency in historical cultural and literary modes of interpretation as well as to cultivate familiarity with a broad range of interpretive options including those from diverse cultural locations and historical points of view Many interpreters work within the context of particular faith traditions and are accountable for engaging those traditions in meaningful constructive ways Public interpreters also are accountable for the ethical implications of their work Using Our Outside Voice is ideal for students in biblical studies and those who teach preach and interpret the Bible

Challenging Contextuality, 2024-07-31 Challenging Contextuality Bibles and Biblical Scholarship in Context provides a new and innovative contribution to the study of biblical texts by bringing together current approaches to biblical interpretation The volume sets the agenda for the future of the field and provides a synthesis of approaches to date In doing so it aligns itself with the broadly shared hermeneutical conviction that contextuality is a catalyst for interpretation This applies in equal measure to approaches and methods that are often framed as traditional or mainstream e g the methodological canon of the historical critical approach as the offspring of the European Enlightenment and those that are often dubbed contextual e g forms of feminist or indigenous interpretation The volume grounds contextual biblical interpretation within the broader landscape of biblical studies and the chapters are all interested in the contexts in which bibles are read Rather than a series of examples of contextual biblical interpretation this book is concerned with what it means to do contextual biblical interpretation how contextual biblical interpretation challenges biblical scholarship and what chances there are for this mode of inquiry What contexts are engaged and elucidated when it comes to bible use What contexts are made visible and invisible How can different contexts be theorized and understood The volume argues that it is not context that matters rather contemporary contexts should be a challenge and a chance for biblical scholarship its present and its future

Is Byzantine Studies a Colonialist Discipline? Benjamin Anderson, Mirela Ivanova, 2023-05-26 Is Byzantine Studies a colonialist discipline Rather than provide a definitive answer to this question this book defines the parameters of the debate and proposes ways of thinking about what it would mean to engage seriously with the field s political and intellectual genealogies hierarchies and forms of exclusion In this volume scholars of art history and literature address the entanglements past and present among the academic discipline of Byzantine Studies and the practice and legacies of European colonialism Starting with the premise that Byzantium and the field of Byzantine studies are simultaneously colonial and colonized the chapters address topics ranging from the material basis of philological scholarship and its uses in modern politics to the colonial plunder of art and its consequences for curatorial practice in the present The book concludes with a bibliography that serves as a foundation for a coherent and systematic critical historiography Bringing together insights from scholars working in different disciplines regions and institutions Is Byzantine Studies a Colonialist Discipline urges practitioners to reckon with the discipline s colonialist imperialist and white supremacist history In addition to the editors the
