Symbolic Directions in Modern Astrology Charles E O Carter, 2010-04 In this book Charles Carter 1887 1968 seeks a method of astrological forecasting that produces accurate results without the complicated calculations of Primary Directions To quote Carter an ideal directional system should fulfil four criteria 1 No important event should pass without a direction 2 No direction should pass without an event 3 Events and directions should correspond narrowly in time 4 Events and directions should correspond in character from page 10 To achieve these goals Carter examined a number of symbolic systems Symbolic because they were not based on any actual planetary movement but rather were arcs arbitrarily chosen and then uniformly applied to all factors in the natal chart In this book he presents the best of his research Among the systems of exceptional merit are the One degree the Naibod 59 8 the Duodenary 20/30 the Sub duodenary 12 30 the Septenary 4 2 7 0 Novenary 30/20 and the Fractional Measure which is based on natal aspects Along the way Carter's restless mind tackled the subject of death Here he discovered what he termed the Measure of Death He says while it does not always forecast death the Measure of Death is always present at death Carter found symbolic directions to have real value in astrological forecasting His work remains unique This book was first published in 1929

Secrets of Predictive Astrology Anthony Louis, 2023-12-08 Improve Your Forecasts with William Frankland's Simple Dependable Techniques In the 1920s London astrologer William Frankland revolutionized predictive astrology His logical and orderly methods were revered for their direct reliance on the birth chart instead of complex and time consuming mathematics Though Frankland's name is not well known today his rapid and reliable techniques are still relevant Now you can learn them for yourself Unsatisfied with the traditional techniques of his time Frankland turned to texts by Claudius Ptolemy and Alan Leo to develop more nuanced accuracy in forecasting Drawing from Frankland's two books author Anthony Louis analyzes more than sixty example charts showing how inclusive and uncomplicated these game changing techniques can be even with charts where the exact birth time is not known Louis delves into the relationship between one's age and zodiac signs using Ptolemy's seven ages of man and Alan Leo's twelve stages of life and how birth numbers can identify potentially significant years He also explores how Frankland utilized midpoints symbolic directions planetary periods operative influences the twelve houses and more With Louis's valuable insight on Frankland's predictive system you can make the most of opportunities to come Includes a foreword by Maria Blaquier director of Academia de Astrologa Avanzada MB in Argentina

Carter, 2010-04 People often ask if there is proof for astrology Astrologers are not so much worried about proving astrology as they are in using it to reveal nuance and detail In 1929 after writing four previous books Charles Carter 1887 1968 set his sights on discovering the astrological reasons why accidents happen and which people are most prone to them In part he wanted to test if astrological fundamentals were true or not Carter knew that astrology works but does it work the way it has long claimed or if it does not can the real rules be discovered by analysis This book is divided into two broad sections In the first Carter compiles raw sign and house placements of Sun Moon and planets along with the angular separation of pairs of planets to determine which planets in which signs in which houses and which specific angles produce the most accidents overall The results are surprising In the second section Carter analyzes specific accidents for common traits Sixteen different classes of accidents are analyzed among them drowning gunshots burns falls and railway accidents While the number of individual cases were limited Carter was able to determine critical degree areas New in this edition a list of local influences derived from Carter's work and a useful index This book was first published in 1932 **Alan Leo's Dictionary of Astrology** Alan Leo, 2010-12 In 1917 at the height of his fame Alan Leo was charged with fortune telling which was illegal and taken to court He had been tried on similar charges in 1914 which had been dismissed But the charges brought in 1917 stuck Leo was given a hefty fine As winning on appeal seemed unlikely Leo paid the fine and went to Cornwall for a rest where on 30 August 1917 he unexpectedly died of a cerebral hemorrhage aged 57 His friends blamed it on the strain of the court proceedings At the time of his death this Dictionary was one of Leo's unfinished projects Installments of the Dictionary had appeared in Leo's monthly magazine Modern Astrology up to the end

of the article Horoscope pgs 130 136 That the project was long standing is hinted by the article on Hindu Astrology pgs 76 101 written by Sepharial some years before and which Leo had presumably purloined More material was in preparation but Leo s untimely death brought matters to a halt By the early 1920 s Vivian Robson had succeeded Leo as editor of Modern Astrology a post he shared with Bessie Leo the widow An intense scholarly type Robson stumbled across bound copies of Leo s incomplete book while he was compiling his own astrological dictionary At the suggestion of Bessie Robson abandoned his dictionary and set about to complete Leo s using the many notes and fragments that Leo had left Which was published in 1929 as Alan Leo s final book Shortly thereafter Bessie and Vivian had a falling out whereupon Vivian left This book was to be an orphan Like its precursor James Wilson s Dictionary of Astrology of 1819 Leo s book contains several full blown monographs Both books have lengthy entries on Horary Astrology for example These articles tend to break the flow of the book For this reason the current publishers Astro America have added headings to each page that the reader may know whereabouts in the book he may be The publishers have also added a list of principal articles to the front as well as a complete list of entries forming an index in the back Alan Leo s Dictionary of Astrology is again in print Profit from the wealth of knowledge it contains

Essays on the Foundations of Astrology Charles E.O. Carter, 2010-05 Charles Carter 1887 1968 wrote this book in London during World War II It was his first book in more than a dozen years In this book Carter turns his attention to fundamentals Why the planets are what they are How the Sun differs from the Moon How Jupiter and Mercury are interrelated Having had his fill of aspects in terms of the planets in this book Carter tells us of aspects in terms of signs and the elements they represent A planet in a fire sign in square to a planet in an earth sign Carter says is an obviously difficult combination Fire consumes earth or earth smothers fire On the other hand air water squares are much less stressful Carter was particularly fascinated by the nativities of Benito Mussolini and Adolf Hitler his contemporaries Charts for both men are given Mussolini he declares to be a bombastic Italian dictator but Hitler remained a puzzle

The Triple Witching Hour David R. Roell, 2012-08 In his third book of essays Roell starts appropriately enough with an analysis of Occupy Wall Street a short lived protest movement which was brutally suppressed He explains why OWS failed and why astrology is essential for planning protest movements

Duels at Dawn David R. Roell, 2012-07 From the Introduction You have economic hard times to thank for this book I am by profession a bookseller In 2007 a friend suggested a newsletter as a way of enhancing book sales I think she had monthly specials

promo sheets and upcoming new titles in mind but I was too dense for that Instead I wrote on topics of my own fancy The first two years 2007-9 when the newsletter appeared monthly were well dreadful The week that Venus went retrograde in March 2009 with the stock market stabilizing after months of plunging I shifted from a monthly single page newsletter to a weekly three pager I followed a three page format for a couple of years Most of the worth while essays were compiled in my first book Skeet Shooting for Astrologers Two years later in March 2011 with the economy ever more bleak and myself running out of ideas I started writing celebrity delineations and in the process broke out of a rigid format The delineation of Jon Stewart of the Daily Show was the first of these Retrograde Venus has turned up in a surprising number of the charts I've written about given its rarity among them the chart for the Republican Party as well as the charts for Rep Ron Paul Mayor Michael Bloomberg Jon Stewart and some others No my Venus is not retrograde Essays are in order of publication in part as I think organizing by topic makes for a boring block of reading The book starts with the last of the 2 column essays from the original 3 page weekly Meanwhile the economy is now in the fifth year of straight decline I do wish the people in charge of the country would just send us all envelopes stuffed with cash I can live on barter just as well as money but when that happens there will be no authors there will be no books there will be no commerce Money has its uses

A Student's Text-Book of Astrology Vivian Robson Memorial Edition Vivian Erwood Robson, 2010-09 The year before he wrote his famous book on fixed stars Vivian Robson 1890-1942 wrote this one In it he put the distillation of four years intense work spent in the British Museum Reading Room where he studied very nearly every astrology book ever written in English and Latin To this day he is virtually the only man to have ever undertaken a study of this magnitude What makes the Student's Text Book of Astrology unique is its unparalleled wealth of detail Topics include Personal Appearance Character and Mind Health and Accidents Finance Occupation and much more For each Robson gives specific rules of judgment and then supplies aphorisms collected from many ancient sources The result is one of the most comprehensive astrology books ever written In private conversation he would talk for hours on the science of which he was a master Indeed his knowledge not only of astrology but of many other sciences was phenomenal and few who enjoyed his conversation could fail to go away with an enhanced knowledge of whatever subject had been under discussion He will be remembered best by his two chief books A Student's Text book of Astrology and The Fixed Stars and Constellations in Astrology Of these the former is deservedly popular and the latter is a classic containing as it does a mass of information dating from the days of Greek mythology up to modern times C E O Carter I have heard him converse knowledgeably on a dozen and one different subjects I really believe he knew something about everything but so far as astrology was concerned his versatility showed forth in a phenomenal knowledge of his subject To converse on astrology with him even if only for one short hour was inevitably to gain something new and valuable in the way of experience and information Dorothy Ryan In this Memorial Edition Obituaries by Charles Carter and George H Bailey Prof Hugh S Torrens monograph Curator Turned Astrologer an Appreciation by Dorothy

Ryan an Afterword by the publisher David R Roell a newly prepared index Robson s Death Certificate and more The finest of all of Vivian Robson s books back in print at last

The Prenatal Epoch E. Bailey,2007-09 In Astrological terms the prenatal epoch starts at the moment of conception According to the author the prenatal epoch is a certain moment of time occurring approximately at the commencement of the gestative period when the degree ascending on the eastern horizon and the longitude of the moon thereat interchange with the longitude of the moon and the degree ascending at birth or their respective opposite points pg 19 What this means is that your prenatal moon was your birth ascendant and your prenatal ascendant is your birth moon or the opposite points in the zodiac There are four possibilities If the natal moon is above or below the horizon at birth and if it is increasing or decreasing in light So what good is this For one thing it helps explain infant abnormalities as well as infant mortality in cases where there are no other astrological factors It also aids in reading charts for multiple births Twins triplets quads and quintes Closely allied to the Prenatal Epoch is the Law of Polarity or sex Properly calculated the Prenatal Epoch will not only confirm the sex of the individual it will also serve to rectify the birth time itself Unlike other methods of rectification where absurdly large time changes can result Prenatal Epoch calculations correct minor errors in clock time thus enabling greater precision in forecasting

Some Principles of Horoscopic Delineation Charles E.O. Carter,2009-06 Most text books including the one for which I am personally responsible are mainly of an analytical character and do not attempt to guide the reader far along the path that leads to proficiency in horoscopic delineation In fact few attempts have been made to attack this problem and for a good reason it is so difficult Delineation is an art and it cannot be taught as one teaches merely factual knowledge It comes with experience if the student have the right inborn aptitudes that is all that can be said However there seems to me to be a sort of border land that lies beyond the realms of purely text book teaching and yet is within the scope of instruction No one can make a student into a good delineator and on the other hand almost anyone with moderate teaching ability can inculcate the alphabet of astrology between these two extremes there is a field wherein I think experience can help inexperience and some general principles can be formulated and explained This is what I have attempted here illustrating my ideas in separate chapters that deal with important classes of psychological condition This book is designed to follow The Principles of Astrology and may be read in conjunction with The Astrological Aspects and The Encyclopaedia of Psychological Astrology Charles E O Carter
