Symbolic Rose:

The Symbolic Rose Barbara Seward,1960 Examines the significance of the rose symbol in literature Studies its symbolism in British literature in the works of Yeats Eliot and Joyce **Symbolic Rose** Barbara Seward,1989 Barbara Seward reads western literary history through what is perhaps its most enduring and most endearing symbol The rose is secular and divine love Apuleius's ass and the Virgin Mary beauty youth joy and sorrow at the world's transience *The Symbolic Rose* Barbara Seward,1960 The significance of the rose as a symbol in ancient and modern literature *The Thin Woman* Helen Malson,2023-12-21 The First Edition of *The Thin Woman* first published in 1998 provides an in depth discussion of anorexia nervosa from a critical feminist social psychological standpoint In the original text the author argues that the notion of anorexia as a medical condition limits our understanding of anorexia and the extent to which we can explore it as a socially and discursively produced problem The book now has a new introduction that discusses some of the major cultural and academic developments that have occurred since its first publication In considering our changing cultural landscapes the introduction goes on to discuss the so called obesity crisis the emergence of post feminism the massive global expansion of digital and social media and most recently the Covid 19 pandemic Turning to academic developments it focuses on the increasing recognition of intersectional feminism and reflects on how intersectional perspectives are now beginning to shape critical feminist research and theory in this field The new introduction also highlights the significant growth in the last 25 years of critical feminist research on eating disorders which has brought with it a greater awareness of intersectional theory and a more inclusive agenda an expansion of research foci a diversification of methodologies and the emergence of more egalitarian models of research in which those with lived experience of eating disorders are becoming valued research team members who help to shape research aims designs and processes Based on original research using historical and contemporary literature on anorexia nervosa and a series of interviews with women who identified as anorexic this book offers critical insights into this problem It is an invaluable read for anyone interested in eating disorders and gender developments in feminist post structuralist theory and discourse analytic research in psychology **Dante and the Book of the Cosmos** John G. Demaray,1987 This is a print on demand publication *Reading the Child in Children's Literature* David Rudd,2017-09-16 An essential text that provides students with a dynamic sophisticated and controversial look at the critical representation of the child in children's literature arguing for a more open and eclectic approach one that celebrates the diverse power appeal and possibilities of children's literature Drawing on psychoanalytically informed perspectives David Rudd shows students how theory can be both exciting and liberating This is a thought provoking supplementary text for modules on Children's literature or literary theory which may be offered at the upper levels of an undergraduate literature degree In addition it is a stimulating resource for advanced students who may be studying children's literature or literary theory as part of a taught postgraduate degree in literature **Wounds of Love** Frank Graziano,2004-01-15 The Peruvian

mystic St Rose of Lima Isabel Flores y Oliva 1586 1617 was canonized in 1671 as the first saint of the New World and remains the object of widespread devotion today In this engrossing new study Frank Graziano uses the example of St Rose to explore the meaning of female mysticism and the way in which saints are products of their cultures Virginity austerity eucharistic devotion incessant mortification and mystical marriage to Christ characterized the devotional regimen that structured St Rose s entire life Many of her mystical practices echo the symptoms of such modern psychological disorders as masochism depression hysteria and anorexia nervosa Graziano offers a sophisticated argument not only for the origins and meaning of these behaviors in Rose s case but also for the reason her culture venerated them as signs of sanctity In the process he explores a wide range of themes from the idea of suffering as an expression of love to the assimilation of childhood trauma through religious repetition Graziano also offers a penetrating analysis of the politics of Rose s canonization He finds that her mystical union with God bypassing the institutional channels of sacrament and priestly mediation was inherently subversive to the bureaucratized Church Canonization was a cooptation by which Rose s competing claim to Christ was integrated into the Catholic canon The book concludes with a fascinating exploration of mystical eroticism with its intense experiences of vision and ecstasy The eroticized suffering of many mystics is shown to be very human in origin the mystic s wounded love is projected onto a God conceived to accommodate it Wounds of Love is based on a decade of research in archives rare books and an extraordinary range of secondary sources Introducing an innovative method that integrates history cultural studies psychoanalysis and clinical psychology this compelling work offers a bold new interpretation of female mysticism

The Garden as an Art Mara Miller, 1993-01-01 In this book Miller challenges contemporary aesthetic theory to include gardens in an expanded definition of art She provides a radical critique of three central tenets within current intellectual debate first the art historical notion that art should only be studied within the context of a single culture and period second the philosophical belief that art should be conceived as a discrete object unrelated to our survival as persons as cultural communities as a species and third the notion that all signifying systems are like language
