Symphony And Song:

Symphony and Song Victor Kennedy, 2016-12-14 *Symphony and Song* takes its title from Coleridge's poem *Kubla Khan* and explores the relation between words and music from a variety of critical and practical perspectives. The contributors to this volume apply recent theoretical approaches ranging from the Mozart Effect in cognitive psychology through stylistics and conceptual metaphor to transtextuality in the analysis of a range of songs, song lyrics, poetry, ekphrastic prose and instrumental music. Topics explored here include opera and pop music from around the world, Australian Aboriginal oral poetry, political instrumentalization and censorship of song lyrics and teaching foreign language using songs. **Symphony and Song** Katherine Gladney Wells, 1980 **The Songs and Symphony's in the Masque of Acis and Galatea** George Frideric Handel, 1732 The Symphony and Symphonic Thinking in Polish Music Since 1956 Beata Bolesławska, 2019-05-22 1956 was a year of transition in Poland and an important year for Polish music. This year saw the beginning of a political thaw sometimes called the Polish October in communist Poland. It was also the year of the establishment of the Warsaw Autumn International Festival of Contemporary Music. This was a time of great artistic ferment in Polish music which also deeply influenced symphonic thinking. The year 1956 is thus an appropriate starting point for Beata Bolesławska's study of the contemporary Polish symphonic tradition. Bolesławska investigates the influential Polish avant-garde, illuminating the ways in which new musical means and ideas influenced symphonic music and the genre of the symphony in the music of such important composers as Witold Lutosławski 1913-1994, Henryk Górecki 1933-2010 and Krzysztof Penderecki b. 1933. Referring to the main elements of the European tradition as well as examining briefly the symphonic activity in Poland before 1956, the book concentrates on the symphonic writing in the context of avant-garde trends represented by the so-called Polish school of composers as well as on its later redefinitions proposed by Polish composers up to the present day. **Church Music Review and Official Bulletin of the American Guild of Organists**, 1904 *Arts & Decoration*, 1920 **Gustav Mahler, Songs and Symphonies of Life and Death** Donald Mitchell, 1986-01-01 The third volume of Mitchell's epic account of the composer and his works concentrates on the vocal music and in particular on some of his most famous original and best-loved compositions. The Musical Monitor, 1916 All Music Guide to Classical Music Chris Woodstra, Gerald Brennan, Allen Schrott, 2005-09 Offering comprehensive coverage of classical music, this guide surveys more than eleven thousand albums and presents biographies of five hundred composers and eight hundred performers as well as twenty-three essays on forms, eras and genres of classical music. Women of Influence in Contemporary Music Michael K. Slayton, 2010-12-23

In *Women of Influence in Contemporary Music: Nine American Composers*, Michael K. Slayton has collected essays which focus on women who have made significant contributions to American music. Elizabeth Austin, Susan Botti, Gabriela Lena Frank, Jennifer Higdon, Libby Larsen, Tania León, Cindy McTee, Marga Richter, and Judith Shatin. While these composers have much in common, not least of all dedication to their art, their individual stories reveal different impulses in American music. Their works reflect the shifting societal landscapes in the United States over the last seven decades, as well as different stylistic approaches to writing music. Each chapter includes a biography of the composer, an interview, and a detailed analysis of one major composition. The composers openly reflect on their individual journeys in which they have discovered respective musical languages and have found success during different times in history. Because few music books focus solely on female composers, *Women of Influence in Contemporary Music* offers a rare glimpse into the styles and attitudes of gifted women and their work.
