Mora-Rioja,2023-05-05 Many metal songs incorporate poetry into their lyrics using a broad array of techniques both textual and musical This book develops a novel adaptation appropriation and quotation taxonomy that both expands our knowledge of how poetry is used in metal music and is useful for scholars across adaptation studies broadly The text follows both a quantitative and a qualitative approach It identifies 384 metal songs by 224 bands with intertextual ties to 146 poems written by fifty one different poets with a special focus on Edgar Allan Poe John Milton's Paradise Lost and the work of WWI's War Poets This analysis of transformational mechanisms allows poetry to find an afterlife in the form of metal songs and sheds light on both the adaptation and appropriation process and on the semantic shifts occasioned by the recontextualisation of the poems into the metal music culture Some musicians reuse and sometimes amplify old verses related to politics and religion in our present times others engage in criticism or simple contradiction In some cases the bands turn the abstract feelings evoked by the poems into concrete personal experiences The most adventurous recraft the original verses by changing the point of view of either the poetic voice or the addressed actors altering the vocaliser of the narrative or the gender of the protagonists These mechanisms help metal musicians make the poems their own and adjust them to their artistic needs so that the resulting product is consistent with the expectations of the metal music culture *Black Sabbath*

Symphonism Jürgen Schaarwächter, 2015-02-27 Die britische Sinfonik ist erst in j ngster Zeit ins allgemeine Interesse ger ckt Ein berblick ber die sinfonische Entwicklung im Vereinigten K nigreich seit den Anf ngen im 18 Jahrhundert bis ins 20 Jahrhundert blieb aber bis heute ein Desideratum Der hier vorgelegte berblick zeigt wie sich die Identit t einer britischen Sinfonik ber mehr als hundert Jahre entwickelte gepr gt durch Einfl sse vom europ ischen Kontinent und von dem Bed rfnis eigene Wege zu finden Gegen Ende des 19 Jahrhunderts nahm das sinfonische Schaffen in Gro britannien stark zu brachte jedoch erst mit Edward Elgar einen prominenten Vertreter von internationalem Rang hervor Ein besonderer Schwerpunkt dieser Publikation liegt auf jenen Werken die zu einem gewissen Grade von anderen berschattet wurden unver ffentlicht oder unaufgef hrt blieben Das Ergebnis ist das Bild einer vielgestaltigen sinfonischen Landschaft Gro britanniens das die sthetischen Perspektiven der einzelnen Komponisten wie auch ihre soziokulturellen Kontexte erhellt Ein umfangreiches Verzeichnis aller bekannten Werke und eine ausf hrliche Bibliographie laden zu weiterer Erkundung des Sujets ein Only in relatively recent times has any real attention been given to British symphonies So a comprehensive survey showing what exists and how the situation in the United Kingdom developed from the beginnings in the 18th century until well into the 20th century is long overdue The preliminary survey presented here shows how a British symphonic identity gradually took

shape over more than a century through influences from abroad and at home enterprising attempts to find new ways of expression By the end of the 19th century British symphonists had produced an impressive body of work yet only with the appearance of Elgar's two symphonies in the following decade did this flourishing school find a champion of international renown In this publication light is shone on those works that have to some extent been overshadowed as well as on those that have remained unpublished or unperformed The result is a multi-faceted panorama of British symphonism offering many insights into the composers' thinking and their socio-cultural contexts A comprehensive catalogue of all known works and an extensive bibliography invite readers to delve further into the subject

Rockin' the Classics and Classicizin' the Rock: Janell R. Duxbury, 2001-02-05 Rock music of all varieties has been influenced by classical music and vice versa both in the form of direct quotes and in the form of borrowings of style composition and instrumentation The average listener may be unaware of the many links between rock music and the classics One might remember a few examples such as Walter Murphy's chart-topping A Fifth of Beethoven or Eric Carmen's All by Myself but pass them off as interesting anomalies However the influence of the classics on rock music is pervasive and grows from a long line of precedents This second supplement to Janell R. Duxbury's original 1985 discography *Rockin' the Classics and Classicizin' the Rock* brings the earlier work and first supplement up to date with hundreds of new entries documenting recently released or newly discovered examples of the interconnection between these musical genres Duxbury details nearly 700 new examples of recorded rock instrumentals and songs that borrow musical themes from the classics Variations range from contemporary renditions of complete classical works to brief classical quotes or phrases subtly incorporated into rock compositions Duxbury also gives additional examples of recorded orchestral versions of songs originally composed and/or written by rock artists In these examples the musical style varies from strict classical interpretations to pop-style orchestral renditions The second supplement then expands Duxbury's original compilation of sound recordings and live performances of rock groups performing with established orchestras and choruses selected samples of recorded rock music that simulate baroque or classical sound structure examples of the manifest influence of rock on classical music and instances of rock artists and classical artists switching roles Lastly this discography updates the 1985 version and the first supplement with new information expanded details and minor corrections to the earlier works An extended list of selected non-rock background examples is included in several new appendixes The Preface is updated A general index includes the names of classical composers rock artists and groups orchestras choruses orchestra conductors sound recording producers and song or instrumental titles With its incomparable scope and content this supplement together with Duxbury's previous discography and its first supplement will be appreciated by students researchers record collectors trivia buffs music industry
