Synchronized Chronology Dan Bruce, 2013-05-18 This book introduces a very accurate harmonized chronology of the reigns of the thirty eight kings and one queen who ruled during the period of the divided monarchies of Israel and Judah Using that new harmonized Hebrew chronology as a reference timeline and by using the latest chronological data developed by modern scholars for the reigns of kings in the nations surrounding Israel during the biblical time period it compares the regnal chronologies of Egypt Assyria Tyre and Babylon with the Hebrew regnal timeline In this way it demonstrates that there are thirty eponyms years missing from the chronology of Assyria as traditionally derived from the Eponym Canon and Chronicles and it identifies where those missing years can be found between the end of the reign of Shalmaneser III and at the beginning of the reign of Tiglath pileser III In so doing it re establishes the biblical text as a trustworthy source for doing chronological study and historical research

Synchronized Chronology Dan Bruce, 2013-06-01 This book utilizes a new harmonized chronology for the reigns of the thirty eight kings and one queen who ruled during the period of the divided monarchies of Israel and Judah The new Hebrew kings chronology was made possible by recent biblical research that applied information contained in the Book of Daniel to identify the date for the beginning of the divided kingdoms period as 961 BCE not the 931 BCE date derived from the traditional Assyrian chronology used throughout modern academia The new Hebrew chronology based on using the 961 BCE starting date for the Hebrew kingdoms period allows construction of a more accurate reference timeline for the reigns of the kings of Israel and Judah than possible using traditional Assyrian anchored chronology By employing the new and more accurate Hebrew kings chronology along with the latest chronological data developed by modern scholars for the reigns of non Hebrew kings in the nations surrounding Israel during the biblical time period this book compares the regnal chronologies of Egypt Assyria Tyre Babylon and Urartu with the new Hebrew regnal timeline The new Hebrew chronology and traditional Egyptian chronology yield agreement when compared with one another However comparison of the resulting Hebrew Egyptian synchronized timeline with traditional Assyrian chronology reveals that there are thirty eponyms and thus thirty years missing from the Assyrian timeline as derived from the Eponym List and Chronicles and it identifies where those missing years can be found between the end of the reign of Shalmaneser III and the currently accepted start of the reign of Tiglath pileser III In so doing this book shows that the biblical text is the most accurate and trustworthy ancient source text available for doing chronological research and historical studies and demonstrates that the biblical timeline can be used to calibrate other chronologies in the ancient Near East updated September 15 2013 Note The chronological interpretations in this book are the result of original Bible research They are not restatements of interpretations that you will have already read in popular Bible commentaries The interpretations match both the biblical text and recorded history exactly Also it should be noted that the interpretations are NOT based on derivative of or associated with the work of any of the following groups or persons who have been active in the field of sacred chronology

The Watchtower Society The Seventh day Adventist Church The LDS Church The Institute for Creation Research and similar creationist groups Donovan Courville Rolf Furuli David Rohl Peter James Immanuel Velikovsky and similar **The Reconstructed Chronology of the Divided Kingdom** M. Christine Tetley,2004-06-30 The common response to any attempt to read the chronological notations associated with the kings of Israel and Judah in the time of the divided monarchy is perhaps a shrug of the shoulders or a statement to the effect that the problem is insoluble Not only are the apparently contradictory or confusing notations of the MT a consideration but the evidence of the other major versions seriously complicates any such undertaking In the twentieth century Edwin R Thiele attempted to reconcile and wrangle all of the numbers into a semblance of order with results that were far from convincing to his readers Now Christine Tetley has attacked this knottiest of problems with fresh vigor and assayed a new solution There is no doubt that this book will be controversial nevertheless it will be required reading for anyone who wishes to pin archaeological and historical data within the framework of an absolute chronology **Chronology and Recensional Development in the Greek Text of Kings** James Donald Shenkel,2019-01-28 [Ancient History Refined](#) Jeff Walling,2025-02-18 Ancient History Refined is a history book based on three quantitative key elements 1 a validated timeline 2 a biblically based generation constant value and 3 the B H theory regarding the gauss strength of the earth s magnetosphere and its influence on C 14 dating where the proof of concept is the alignment and synchronization of most all historical subject matters of interest biblical chronologies C 14 dating dendrochronology archaeology Egyptology Ipuwer Papyrus Josephus Newtonian timeline Amarna Letters etc

Synchronized Chronology Roger Henry,2003 Imagine how distorted our understanding of ancient history would be if the chronological framework around which it was built had several extra centuries added What if the backbone of Egyptian dynasties contained duplicates The Synchronized Chronology resolves the structural problems of Egyptian chronology and then outlines the correct history of the Middle East and Mediterranean time of Abraham and his wandering into the Empire of Alexander the Great Recognizing some overlapping of dates and names in Manetho s List of Kings frees history to place pharaohs and dynasties where archaeology supports their existence This resolves a myriad of discrepancies and unlikely assumptions that historians have been forced to swallow and neatly opens the way to synchronizing Egyptian dynasties with Biblical chronology **The painful agony of the Evolutionist Myth** Marcel Toussaint,2016-03-31 The author of this e book is an engineer and physicist who specialized in space technologies After a few years at the European Space Agency he occupied for some 30 years the position of director of studies in a Paris based industrial think tank He is the father of ten children After his retirement he endeavored to obtain a degree in theology in an academic institution frequented by numerous seminarians and members of religious orders He was appalled by what he discovered there It has been said that in the Bible everything can be put in doubt with the exception of the footnotes This is exactly what he found out Where he had expected to receive an in depth intellectual introduction to theological matters he found himself subjected to a sort of brain

washing aiming at replacing all what he had learned in his childhood and in a lifetime as a practicing catholic by the most futile modern fantasies and in particular by the imaginations of the theory of evolution Evolution is for our time what Arianism was in the first centuries the major heresy It is even more than an heresy an anti theology which attributes to materialistic processes what used to be and should always be attributed to God s power and love Nevertheless a large crowd of theologians exegetes professors and bishops adhere to this theory with an enthusiasm that they justify by claiming that science has proven its adequation to reality without any doubt Evolution is more than a theory they claim this is the consensus of the scientists and it would be a sin against truth not to admit it Refusing to accept that the author decided to inquire about the scientific foundations of evolution He quickly discovered that not only were such foundations most unconvincing but that several of the most vocal defenders of the theory candidly admitted the patent absurdity of some of its constructs Richard Lewontin and that their aim was purely ideological or rather anti religious The results of his work were published in two books La terrible Responsabilit  de l  ex  g  se moderne dans la crise de l  glise Edilivre Paris 2015 and Modern Exegesis the Theory of Evolution and the Decline of Catholicism in the West 2016 Available on Amazon The present e book summarizes the scientific arguments opposing evolution with a special focus on the time line of the beginnings of mankind

The Queen of Sheba Deborah M. Coulter-Harris, 2013-01-24 Part I of this book begins with a scriptural study of all Sheba references particularly the origins and genealogy of the name and its connections with Hebrew patriarchs such as Abraham and kings Saul and David it later explores the literature and legends surrounding king Solomon and his trade negotiations with Sheba The text analyzes theories and links between the Queen of Sheba and Pharaoh Hatshepsut and concludes that Sheba may well be the Pharaoh based upon linguistic associations and the related stories from a multitude of regions and countries Part II travels into

ancient Arabian Yemeni Ethiopian and Eritrean tales of the Queen of Sheba and examines the mention of Sheba in an array of Jewish Christian and Muslim texts It scrutinizes associations between ancient gods and pharaohs particularly the similarity of their iconographic representations the meaning of their symbols and signs that connect with Sheba legends and Hatshepsut's history the real extent and location of her vast empire THE EVIL VERSES OF THE BIBLE AND WHY THE BIBLICAL GOD IS WORSE THAN HITLER Maximilien de Lafayette, 2018-11-04 THE EVIL VERSES OF THE BIBLE AND WHY THE BIBLICAL GOD IS WORSE THAN HITLER The evil nature of Yahweh 5th Edition Revised and Expanded Published by Times Square Press New York The Evil And Bloody Nature Of Our Biblical God This is exactly the delicate fragile and controversial topic we will be exploring discussing and explaining in this treatise Jewish Christians Rabbis priests bishops missionaries vicars pastors reverends theologians preachers imams televangelists and your honorable religion's teacher don't want you to read this book The Origins of Globalization Karl Moore, David Charles Lewis, 2009-06-02 The Origins of Globalization presents a startling look at the shape of known world globalization dating back to the Roman Empire and earlier including multicultural workforces tariff reduced zones interregional tax issues currency risks and other phenomena **Narrative in the Icelandic Family Saga** Heather O'Donoghue, 2021-01-28 Representative of a unique literary genre and composed in the 13th and 14th centuries the Icelandic Family Sagas rank among some of the world's greatest literature Here Heather O'Donoghue skilfully examines the notions of time and the singular textual voice of the Sagas offering a fresh perspective on the foundational texts of Old Norse and medieval Icelandic heritage With a conspicuous absence of giants dragons and fairy tale magic these sagas reflect a real world society in transition grappling with major new challenges of identity and development As this book reveals the stance of the narrator and the role of time from the representation of external time passing to the audience's experience of moving through a narrative are crucial to these stories As such Narrative in the Icelandic Family Saga draws on modern narratological theory to explore the ways in which saga authors maintain the urgency and complexity of their material handle the narrative and chronological line and offer perceptive insights into saga society In doing so O'Donoghue presents a new poetics of family sagas and redefines the literary rhetoric of saga narratives The Long Ascent, Volume 2 Robert Sheldon, 2019-09-23 The first eleven chapters of Genesis Adam Eve Noah are to the twenty-first century what the virgin birth was to the nineteenth century an impossibility A technical scientific exegesis of Genesis 1-11 however reveals not only the lost rivers of Eden and the garden's location but the date of the flood the length of the Genesis days and the importance of comets in the creation of the world These were hidden in the Hebrew text now illuminated by modern cosmology archaeology and biology The internet-friendly linguistic tools described in this book make it possible to resolve the location the extent and the destruction of Eden and Noah's flood Ancient Egyptian Greek Norse Sumerian and Sanskrit mythology are all found to support this new interpretation of Genesis Combining science myth and the Genesis accounts paints a vivid picture of the genetic causes and consequences of the greatest flood of the human race It

also draws attention to the acute peril our present civilization faces as it follows the same path as its long forgotten antediluvian ancestors Discover why Genesis has never been so possible so relevant as it is today The Biblical Saga of King David John Van Seters, 2009-06-30 The biblical story of King David has been interpreted in many different ways arising from the variety of methods used in and the intended objectives of the studies Does the narrative contain insight into and information about the early history of the Judean monarchy or is it merely a legendary tale about a distant past Can we identify the story's literary genre its sociohistorical setting and the intention of its author's Is an appreciation for the wonderful literary qualities of the story compatible with a literary critical investigation of the narrative's compositional and text critical history Van Seters reviews past scholarship on the David story and in the course of doing so unravels the history of these questions and then presents an extended appraisal of the debate about the social and historical context of the biblical story From this critical foundation Van Seters proceeds to offering a detailed literary analysis of the story of David from his rise to power under Saul to his ultimate succession by Solomon
