Syntactic Argumentation And The Structure Of English:

Syntactic Argumentation and the Structure of English David M. Perlmutter, Scott Soames, 1979-07-25 Syntactic Argumentation and the Structure of English SASE presents the major theoretical developments in generative syntax and the empirical arguments motivating them Beautifully and lucidly written it is an invaluable resource for working linguists as well as a pedagogical tool of unequalled depth and breadth The chief focus of the book is syntactic argumentation Beginning with the fundamentals of generative syntax it proceeds by a series of gradually unfolding arguments to analyses of some of the most sophisticated proposals It includes a wide variety of problems that guide the reader in constructing arguments deciding between alternative analyses of syntactic constructions and alternative theoretical formulations Someone who has worked through the problems and arguments in this book will be able to apply the skills in argumentation it develops to novel issues in syntax While teaching syntactic argumentation SASE covers the major empirical results of generative syntax Its contents include 1 Transformations in single clause sentences 2 Complementation and multi clause transformations 3 Universal principles governing rule interaction the cycle and strict cyclicity 4 Movement rules 5 Ross's constraints 6 Pronominal reference and anaphora SASE is an important book for several different audiences 1 For students it is an introduction to syntax that teaches argumentation as well as a wide range of empirical results in the field 2 For linguists it is a sourcebook of classical analyses and arguments with some new arguments bearing on classical issues 3 For scholars teachers and students in related fields it is a comprehensive guide to the major empirical and theoretical developments in generative syntax SASE contains enough material for a two semester or three quarter sequence in syntax Because it assumes no previous background it can be used as the main text in an introduction to syntax Since it covers a wide range of material not available in other texts it is also suitable for intermediate and advanced syntax courses and as a supplementary source in more specialized courses and courses in other disciplines A storehouse of classical and original arguments SASE will prove to be of lasting value to the teacher the student and researchers in both linguistics and related fields

Syntactic Argumentation and the Structure of English Scott Soames, David M. Perlmutter, 2023-11-15 Syntactic Argumentation and the Structure of English SASE presents the major theoretical developments in generative syntax and the empirical arguments motivating them Beautifully and lucidly written it is an invaluable resource for working linguists as well as a pedagogical tool of unequalled depth and breadth The chief focus of the book is syntactic argumentation Beginning with the fundamentals of generative syntax it proceeds by a series of gradually unfolding arguments to analyses of some of the most sophisticated proposals It includes a wide variety of problems that guide the reader in constructing arguments deciding between alternative analyses of syntactic constructions and alternative theoretical formulations Someone who has worked through the problems and arguments in this book will be able to apply the skills in argumentation it develops to novel issues in syntax While teaching syntactic argumentation SASE covers the major empirical results of generative syntax Its contents include 1 Transformations

in single clause sentences 2 Complementation and multi clause transformations 3 Universal principles governing rule interaction the cycle and strict cyclicity 4 Movement rules 5 Ross's constraints 6 Pronominal reference and anaphora SASE is an important book for several different audiences 1 For students it is an introduction to syntax that teaches argumentation as well as a wide range of empirical results in the field 2 For linguists it is a sourcebook of classical analyses and arguments with some new arguments bearing on classical issues 3 For scholars teachers and students in related fields it is a comprehensive guide to the major empirical and theoretical developments in generative syntax SASE contains enough material for a two semester or three quarter sequence in syntax Because it assumes no previous background it can be used as the main text in an introduction to syntax Since it covers a wide range of material not available in other texts it is also suitable for intermediate and advanced syntax courses and as a supplementary source in more specialized courses and courses in other disciplines A storehouse of classical and original arguments SASE will prove to be of lasting value to the teacher the student and researchers in both linguistics and related fields Syntactic Argumentation and the Structure of English SASE presents the major theoretical developments in generative syntax and the empirical arguments motivating them Beautifully and lucidly written it is an invaluable resource for working linguists a **English Syntax and**

Argumentation Bas Aarts, 2018-01-10 This textbook on English syntax aims to give students a thorough grounding in the basics of sentence structure and at the same time strives to acquaint them with the essentials of syntactic argument The text is written in a user friendly style with many hands on in text and chapter final exercises At the end of each chapter there is a section with suggested further reading material and there is a bibliography and list of recommended reference works at the end of the book **Syntactic Constructions in English** Jong-Bok Kim, Laura A. Michaelis, 2020-05-21 With exercises based on real language data this volume gives a comprehensive introduction to construction grammar focusing on English

Syntactic Issues in the English Imperative Eric Potsdam, 2019-07-12 First Published in 1998 This work is an unrevised version of my 1996 University of California Santa Cruz Ph D dissertation The only changes that have been made are corrections of typographical errors minor rewording updating of references and the inclusion of an index I would like to thank Rosemary Plapp and Kristi Long for help with proofreading and preparation of the manuscript **The Syntactic Phenomena of English, Volume 1** James D. McCawley, 1988 This second edition of James D McCawley's classic textbook offers in one volume a complete course in the syntactic structure of English New to this edition are sections on appositive constructions parasitic gaps contrastive negation and comparative conditional sentences as well as expanded coverage of cleft sentences and free relatives The presentation is coherent comprehensive and systematically organized beginning with an overview of McCawley's approach to syntactic analysis and progressing through the major constructions and processes of English grammar No prior special knowledge of syntax is presupposed and the number and variety of exercises after each chapter have been increased And now available from the author Answers to Selected Exercises Instructors using James D

McCawley's *The Syntactic Phenomena of English* Second Edition may request a complimentary copy of Answers to Selected Exercises in *The Syntactic Phenomena of English* by writing on their department's letterhead to the author James D. McCawley, Department of Linguistics, 1010 E 59th Street, Chicago, IL 60637. Note: This material is available only from the author and is not available from the University of Chicago Press.

The Syntax of Argument Structure Leonard H. Babby, 2009-03-26. This book proposes an intriguing theory of argument structure. Babby puts forward the theory that this set of arguments the verb's argument structure has a universal hierarchical composition which directly determines the sentence's case and grammatical relations.

The Syntactic Phenomena of English, Volume 2 James D. McCawley, 1988-10-15. This second edition of James D. McCawley's classic textbook offers in one volume a complete course in the syntactic structure of English. New to this edition are sections on appositive constructions, parasitic gaps, contrastive negation, and comparative conditional sentences, as well as expanded coverage of cleft sentences and free relatives. The presentation is coherent, comprehensive, and systematically organized, beginning with an overview of McCawley's approach to syntactic analysis and progressing through the major constructions and processes of English grammar. No prior special knowledge of syntax is presupposed, and the number and variety of exercises after each chapter have been increased. And now available from the author.

Answers to Selected Exercises. Instructors using James D. McCawley's *The Syntactic Phenomena of English* Second Edition may request a complimentary copy of Answers to Selected Exercises in *The Syntactic Phenomena of English* by writing on their department's letterhead to the author James D. McCawley, Department of Linguistics, 1010 E 59th Street, Chicago, IL 60637. Note: This material is available only from the author and is not available from the University of Chicago Press.

The Linguistic Structure of Modern English Laurel J. Brinton, Donna Brinton, 2010. This text is for advanced undergraduate and graduate students interested in contemporary English, especially those whose primary area of interest is English as a second language, primary or secondary school education, English stylistics, theoretical and applied linguistics, or speech pathology. The emphasis is on empirical facts of English rather than any particular theory of linguistics; the text does not assume any background in language or linguistics. In this newly revised edition, numerous example sentences are taken from the Corpus of Contemporary American English. A full glossary of key terms, an additional chapter on pedagogy, and new sections on cognitive semantics and politeness have been added. Other changes include completely updated print references, web links to sites of special interest and relevance, and a revised reader-friendly layout. A companion website that includes a complete workbook with self-testing exercises and a comprehensive list of web links accompanies the book. The website can be found at the following address: <http://dx.doi.org/10.1075/z.156.workbook>. Students completing the text and workbook will acquire a knowledge of the sound system of contemporary English, an understanding of the formation of English words, a comprehension of the structure of both simple and complex sentences in English, a recognition of complexities in the expression of meaning, an understanding of the context and function of use upon the structure of the language, and an

appreciation of the importance of linguistic knowledge to the teaching of English to first and second language learners
 Laurel J Brinton is Professor of English Language at the University of British Columbia Donna M Brinton is Senior Lecturer in TESOL at the University of Southern California's Rossier School of Education The Linguistic Structure of Modern English is a revised edition of The Structure of Modern English by Laurel J Brinton 2000 **Sentence Patterns in English and Hebrew** Ron Kuzar, 2012-10-30 Sentence Patterns in English and Hebrew offers an innovative perspective on sentential syntax in which sentence patterns are introduced as constructions within the general framework of Construction Grammar Drawing on naturally occurring data collected from the Internet the study challenges the prevailing view of predication as the sole mechanism of sentence formation and introduces the idea of patterning as a complementary sometimes even alternative mechanism Major sentence patterns of English and Hebrew are systematically presented targeting both their form and their function A contrastive analysis of the sentence patterns in these two languages results in postulating a typological group in which cognitive motivations are shown to account for both similarities and differences within the typology Sentence Patterns in English and Hebrew will appeal to scholars of constructional approaches cognitive linguistics typology syntax as well as anyone interested in English and Hebrew **Linguistics and Language Behavior Abstracts**, 2007 **Elements of Comparative Syntax** Enoch Aboh, Eric Haeberli, Genoveva Puskás, Manuela Schönenberger, 2017-09-11 This volume brings together a selection of articles illustrating the multifaceted nature of current research in generative syntax The authors including some of the leading figures in the field present analyses of typologically diverse languages with some studies drawing on dialectal acquisitional and diachronic evidence Set against this rich empirical background the contributions address an equally wide range of theoretical issues *The Oxford Handbook of English Grammar* Bas Aarts, Jill Bowie, Gergana Popova, 2020 This handbook provides an authoritative critical survey of current research and knowledge in the grammar of the English language The volume's expert contributors explore a range of core topics in English grammar covering a range of theoretical approaches and including the relationship between core grammar and other areas of language *A Semantic Approach to English Grammar* R. M. W. Dixon, 2005-07-01 This book shows how grammar helps people communicate and looks at the ways grammar and meaning interrelate The author starts from the notion that a speaker codes a meaning into grammatical forms which the listener is then able to recover each word he shows has its own meaning and each bit of grammar its own function their combinations creating and limiting the possibilities for different words He uncovers a rationale for the varying grammatical properties of different words and in the process explains many facts about English such as why we can say I wish to go I wish that he would go and I want to go but not I want that he would go The first part of the book reviews the main points of English syntax and discusses English verbs in terms of their semantic types including those of Motion Giving Speaking Liking and Trying In the second part Professor Dixon looks at eight grammatical topics including complement clauses transitivity and causatives passives and the promotion

of a non subject to subject as in Dictionaries sell well This is the updated and revised edition of A New Approach to English Grammar on Semantic Principles It includes new chapters on tense and aspect nominalizations and possession and adverbs and negation and contains a new discussion of comparative forms of adjectives It also explains recent changes in English grammar including how they have replaced the tabooed he as a pronoun referring to either gender as in When a student reads this book they will learn a lot about English grammar in a most enjoyable manner **The Syntactic Phenomena of**

English James D. McCawley, 1998-04-25 Comprises a thorough treatment of the syntactic structures of English beginning with an overview to syntactic analysis and progressing through the major constructions and processes of English grammar Updates from the 1988 edition include sections on appositive constructions parasitic gaps contrastive negation and comparative conditional sentences and expanded coverage of cleft sentences and free relatives Annotation copyrighted by Book News Inc Portland OR **An Introduction to Syntax** Robert D. Van Valin, 2001-04-26 This introduction to syntactic

theory and analysis presents syntactic phenomena from a wide range of languages and explains to students the major typological issues that syntactic theories must address It includes a number of exercises **Construction Grammar and its Application to English** Martin Hilpert, 2014-03-17 Construction Grammar explains how knowledge of language is organized in speakers' minds The central and radical claim of Construction Grammar is that linguistic knowledge can be fully described as knowledge of constructions which are defined as symbolic **Cognate Object Constructions in English**

Silke Höche, 2009 **Possessives in English** John R. Taylor, 2000 Taylor provides an in depth analysis of possessive constructions in English in terms of Cognitive Grammar as developed by Ronald Langacker and others He also provides a wide ranging critique of alternative analyses especially those derived from the Chomskyan school **Case, Referentiality, and Phrase Structure** Balk?z Öztürk, 2005-01-01 This book proposes that the two independent conditions on argumenthood namely case and referentiality are strongly correlated and have to be associated with each other in syntax as syntactic features It shows that languages exhibit variation in the way this association is implemented in their syntax which presents an explanation for the differences observed in their phrase structure in terms of non configurationality Thus this book not only presents an innovative overarching theory for case and referentiality but also aims to bring a new look at the issues of non configurationality It specifically argues for parameterization of functional categories associated with case and referentiality which has certain implications not only for the acquisition but also for the diachronic development of functional categories Providing rich comparative data from typologically different languages such as Turkish Chinese Hungarian English and Japanese this book is of particular interest to typologists as well

Syntactic Argumentation And The Structure Of English: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Syntactic Argumentation And The Structure Of English : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
